Chiara Giuliani, Kate Hodgson, 2022-11-18 With a focus on the object and where it is situated in time memory and space mobility Memory Mobility and Material Culture embodies a multidisciplinary and cross disciplinary approach The chapters track the movement of the objects and their owner's within and between continents countries cities and families Objects have always been considered with an eye to their worth economic aesthetic and or functional If that worth is diminished their meaning and value disappear they are just things Yet things can still fulfil functions in our daily lives they hold symbolic potential from personal memory triggers to focal points of public ritual and religion from collectors obsession to symbols of loss displacement and violence By bringing into dialogue the work of specialists in ethnology art history architecture and design literature languages cultures and heritage studies this volume considers how displaced memory the memory of refugees migrants and their descendants of those who have moved from the countryside to the city of those who have faced

personal upheaval and profound social change those who have been forced into exile or experienced major personal or collective loss can become embodied in material culture This book is important reading to those interested in cultural and social history and cultural studies *Trauma-Responsive Strategies for Early Childhood* Katie Statman-Weil,Rashelle Hibbard,2020-09-01 Trauma Responsive Strategies for Early Childhood offers an overview of trauma and its impact on young children as well as specific strategies and techniques educators and administrators can use to create classroom and school communities that improve the quality of care for this vulnerable population The authors have synthesized research based information in an accessible way Focusing on the four different domains of cognitive language physical and social emotional the authors use vignettes to explore how trauma can be expressed in the classroom and what teachers can do about it

Pennsylvania Game News ,2007 *Empires of the Senses* Andrew J. Rotter,2019-06-21 When encountering unfamiliar environments in India and the Philippines the British and the Americans wrote extensively about the first taste of mango and meat spiced with cumin the smell of excrement and coconut oil the feel of humidity and rough cloth against skin the sound of bells and insects and the appearance of dark skinned natives and lepers So too did the colonial subjects they encountered perceive the agents of empire through their senses and their skins Empire of course involved economics geopolitics violence a desire for order and greatness a craving for excitement and adventure It also involved an encounter between authorities and subjects an everyday process of social interaction political negotiation policing schooling and healing While these all concerned what people thought about each other perceptions of others as Andrew Rotter shows were also formed through seeing hearing touching smelling and tasting In this book Rotter offers a sensory history of the British in India from the formal imposition of their rule to its end 1857 1947 and the Americans in the Philippines from annexation to independence 1898 1946 The British and the Americans saw themselves as the civilizers of what they judged backward societies and they believed that a vital part of the civilizing process was to properly prioritize the senses and to ensure them against offense or affront Societies that looked shabby were noisy and smelly felt wrong and consumed unwholesome food in unmannerly ways were unfit for self government It was the duty of allegedly more sensorily advanced Anglo Americans to educate them before formally withdrawing their power Indians and Filipinos had different ideas of what constituted sensory civilization and to some extent resisted imperial efforts to impose their own versions What eventually emerged were compromises between these nations sensory regimes A fascinating and original comparative work *Empires of the Senses* offers new perspectives on imperial history **Understanding Aesthetics for the Merchandising and Design Professional** Ann Marie

Fiore,2010-04-08 Bridging the gap between the study of aesthetics and its application in the merchandising and design environments the 2nd Edition of *Understanding Aesthetics* presents a research based focus on the concepts of aesthetics and their effect on product value and consumer behavior The multisensory approach to studying the elements and principles of design helps students master the underlying factors of successful design and learn how products and their promotional

surroundings can establish brand identity and create a pleasing environment for the consumer **Beyond Fetch D.**
