Tribes: An International Hockey History Darril Fosty, George Robert Fosty, 2020-07-30 For much of the nineteenth century European militarists had channeled their spirit and energy into sports in hopes of creating a training ground for warriors This new concept and logic fed upon the ideas of racial purity and warrior cults It was a belief system well in keeping with the imperialism of the times In the 1890s this form of ideology and practice reached new levels as athletes began to compete under the banners of nations Following WWI and as a result of the worldwide growth and popularity of the Olympics the game of ice hockey took on a more complex form as teams representing countries began to compete in international play Cultural differences political ideologies and blind nationalism supplanted sportsmanship Pride and emotion replaced reason From North America to Nazi Germany and on to the gates of Moscow what were designed to be hockey games of goodwill became battles The Great War was over the longest undeclared war of nations was about to begin The follow up to the best selling book Black Ice The Lost History of the Colored Hockey League of the Maritimes 1895 1925

fire apparatus and their response personnel are rarely captured on film in any theater of war much less noted at all The return of a welcome home for many Vietnam veterans was disgraceful Finally America is thankful for their service and sacrifices Fortunately many are now sharing their stories about their contribution This book will tell a new chapter about the Vietnam War and its soldiers One has to feel proud that these Vietnam War veterans never forgot their patriotism 2 2
