**Democratic Decline in Hungary** András L. Pap, 2017-08-03 This book shows the rise and morphology of a self identified illiberal democracy the first 21st century illiberal political regime arising in the European Union Since 2010 Viktor Orbán's governments in Hungary have convincingly offered an anti modernist and anti cosmopolitan anti European Unionist rhetoric discourse and constitutional identity to challenge neo liberal democracy The Hungarian case provides unique observation points for students of transitology especially those who are interested in states which are to abandon pathways of liberal democracy The author demonstrates how illiberalism is present both in how and what is being done the style format and procedure of legislation as well as the substance the dismantling of institutional rule of law guarantees and the weakening of checks and balances The book also discusses the ideological commitments and constitutionally framed and cemented value preferences and a reconstituted and re conceptualized relationship between the state and its citizens which is not evidently supported by Hungarians value system and life style choices **The Publisher** ,1909 **Why Trust Science?** Naomi

Oreskes, 2021-04-06 Why the social character of scientific knowledge makes it trustworthy Are doctors right when they tell us vaccines are safe Should we take climate experts at their word when they warn us about the perils of global warming Why should we trust science when so many of our political leaders don't Naomi Oreskes offers a bold and compelling defense of science revealing why the social character of scientific knowledge is its greatest strength and the greatest reason we can trust it Tracing the history and philosophy of science from the late nineteenth century to today this timely and provocative book features a new preface by Oreskes and critical responses by climate experts Ottmar Edenhofer and Martin Kowarsch political scientist Jon Krosnick philosopher of science Marc Lange and science historian Susan Lindee as well as a foreword by political theorist Stephen Macedo **Paradiso 1st. Dalkey Archive Ed** José Lezama Lima, 2000 A classic of modern

literature Paradiso was first published in Cuba in 1966 Written by Cuba's most important poet it tells the story of Jose Cemi who in the wake of his father's death comes of age in turn of the century Cuba Weaving the exhilarations and defeats of love into extraordinarily erotic verbal tapestries Lezama Lima narrates Cemi's search for his dead father and for an understanding of love and the powers of the mind **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **Internationalization Strategies of German Universities** Ulrich Bremer, 2018-05-08 Ulrich

Bremer examines the internationalization process of German public research universities extracts multiple expected factors of impact from existing theory tests them against data and thus delivers implications for research and practice Strategy based international partnerships specialization and university size represent most relevant factors The complex interplay of strategy and leadership are shown a framework for their assessment is provided and conclusions in the fields of digitalization uncontrolled migration and growing nationalism are drawn **Teaching IFRS** Richard M.S. Wilson, Ralph Adler, 2013-09-13

The increasing pace of global conformance towards the adoption of International Financial Reporting Standards IFRS

highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to support those courses This book was originally published as a special issue of Accounting Education An international journal Urban Ills Carol Camp Yeakey, Vetta L. Sanders

Thompson, Anjanette Wells, 2013-12-13 Urban Ills Twenty First Century Complexities of Urban Living in Global Contexts is a collection of original research focused on critical challenges and dilemmas to living in cities Volume 2 is devoted to the myriad issues involving urban health and the dynamics of urban communities and their neighborhoods The editors define the ecology of urban living as the relationship and adjustment of humans to a highly dense diverse and complex environment This approach examines the nexus between the distribution of human groups with reference to material resources and the consequential social political economic and cultural patterns which evolve as a result of the sufficiency or insufficiency of those material resources They emphasize the most vulnerable populations suffering during and after the recession in the United States and around the world and the chapters examine traditional issues of housing and employment with respect to these communities Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1895 **Global**

united by the fact that they all converse with global and transnational dynamics shaped by post war modernity that define our world today The book crafts narratives on contemporary global literatures and the modern conditions they represent and does so from the vantage point of postmillennial Indian literary scholarship      **Summer Reading** Richard L. Allington, Anne McGill-Franzen, 2018      The Bigger Picture Alexander Beiner, 2023-06-13 Can psychedelic drugs help us tackle the biggest problems we face globally Can they heal the cultural spiritual and political wounds we re wrestling with Psychedelics have hit the mainstream as powerful new mental health treatments But as clinicians explore what these molecules can do for our individual minds The Bigger Picture goes further to illuminate how psychedelics can help us find new ways to make sense of and come through the crises we face around the world Drawing on the latest research as well as his unique experience as a participant in a ground breaking clinical trial investigating the potent psychedelic DMT Alexander Beiner reveals the role of psychedelics in addressing global issues such as global warming geopolitical instability and political polarization the dark side of the psychedelic renaissance and psychedelic capitalism what it takes to elicit huge personal and cultural transformation through psychedelics Embark on a journey into The Bigger Picture a new era of science and spirituality with the potential to radically transform our perceptions of ourselves one another and our life on this planet

**Microfoundations of Institutions** Patrick Haack, Jost Sieweke, Lauri Wessel, 2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics      **iMedia** Sarah Kember, 2016-04-05 What can queer feminist writing strategies such as parody and irony do to outsmart the sexism of smart objects environments and materials and open out the new dialecticism of structure and scale critique and creativity Drawing on science and technology studies and feminist theory this book examines the gendering of current and future media technologies such as smart phones Google glass robot nurses tablets and face recognition Kember argues that there is a tendency to affirm and celebrate the existence of smart and often sexist objects environments and materials in themselves to elide writing and other forms of mediation and to engage in disembodied knowledge practices Disembodied knowledge practices tend towards a scientism that currently includes physics envy and are also masculinist Where there is some degree of convergence between masculinist and feminist thinking about objects environments and materials there is also divergence conflict and the possible opening towards a politics of imedia Presenting a lively manifesto for refiguring imedia this book forms an often neglected gender critique of developments in smart technologies and will be essential reading for scholars in Communication Studies Cultural and Media Science and Technology and Feminism      **American Book Publishing Record Cumulative, 1950-1977: Fiction. Juvenile fiction** R.R. Bowker Company. Department of Bibliography, 1978      **Migrants Before the Law** Tobias G. Eule, Lisa Marie Borrelli, Annika Lindberg, Anna Wyss, 2018-11-19 This book traces the practices of migration control and its contestation in the European migration regime in times of intense politicization The collaboratively written work brings together the

perspectives of state agents NGOs migrants with precarious legal status and their support networks collected through multi sited fieldwork in eight European states Austria Denmark Germany Italy Latvia Lithuania Sweden and Switzerland The book provides knowledge of how European migration law is implemented used and challenged by different actors and of how it lends and constrains power over migrants journeys and prospects An ethnography of law in action the book contributes to socio legal scholarship on migration control at the margins of the state This book is a major achievement A remarkable and insightful study that through close analysis of the practices of migration control in 8 European countries Austria Denmark Germany Italy Latvia Lithuania Sweden and Switzerland provides powerful new insight into the power of the state at its margins and over those that are marginalised Andrew Geddes Director Migration Policy Centre European University Institute Migrants Before the Law provides a much needed account of the dizzying legal labyrinth that migrants navigate as they seek to survive in Europe Based on multi sited ethnography in detention centres migration offices police stations and non governmental organizations as well as on interviews with key government actors advocates and migrants themselves this book explores the systems of control and forms of migrant precarity that operate along Europe s internal borders in multiple national and transnational contexts Readers will come away with a deepened understanding of the perverse workings of power the ways that the uncertainty and unpredictability of law foster both despair and hope the degree to which the immigration crisis is both manufactured and experienced as real and the ingenuity of migrants themselves in the face of Kafkaesque state practices Susan Bibler Coutin Professor of Criminology Law and Society and Anthropology University of California Irvine USA Migrants Before the Law is an excellent exposition of the dispersed sites of the law and the hinges and junctions through which this apparatus is actualized in the lives of migrants facing deportation contesting their status as illegal migrants or seeking to regularize their precarious position Written with great sensitivity and an eye to minute details this book is also an achievement in furthering the method of collaborative ethnography and new ways of staging comparisons Veena Das Krieger Eisenhower Professor of Anthropology Johns Hopkins University USA

**How the Drug War Ruins American Lives** Arthur Benavie Professor Emeritus,2016-03-21 This book reveals the disturbing truth about how the escalation of the War on Drugs over the past 30 years has eroded the human and property rights of Americans while doing little to stop drug trafficking or use Unique in its perspective this eye opening book looks at the drug war as a rights issue and concludes that Americans civil liberties are clearly being violated The volume proceeds from two premises that over the past 30 years America s War on Drugs has done more harm than good and that if the United States is going to reform the criminal justice system the public must understand that this war is empowered by the profits it provides to law enforcement and other groups A central factor causing the upsurge in the drug war the author explains is the fact that laws were passed in the 1980s that allowed law enforcement to profit from seizing property based on scanty evidence and without criminal charges His meticulous research has revealed that this policing for profit is responsible for a variety of assaults on civil

liberties including mass incarceration SWAT teams and random drug sweeps A second factor that infects every aspect of the War on Drugs is racism the widespread stereotyping of drug traffickers as African Americans and Latinos These issues and more are explored in this book that lays bare what the media largely ignores
