sociology in an affordable paperback format With research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach

Instead of presenting every possible theory for each issue Stockard's streamlined approach pulls in theories only when they appropriately relate to the issue at hand. This integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts. **Aging, the Individual, and Society** Susan Hillier, Georgia M. Barrow, 1999. This accessible text brings a social problems approach to the interdisciplinary study of gerontology. Academic research is combined with an empathetic view of the lives of older people to involve students emotionally and intellectually.
