Socorro Saucer:

Socorro Saucer: the Closest Encounter of Them All Ray Stanford, 1978-05-29 On April 24th 1964 a UFO landing was reported at Socorro New Mexico which was witnessed by policeman Lonnie Zamora and an unidentified tourist That much has long been known for the Socorro landing is one of the most famous in UFO history What this book reveals for the first time is that the intelligence community censored information pertaining to the case The public never found out that at least three pieces of physical UFO evidence from the Socorro landing were obtained that Zamora was ordered not to divulge the red insignia he saw on the UFO and that an FBI agent told him to deny having seen two humanoids beside the UFO The soil at the site was highly radioactive after the UFO took off but the U S Air Force tried to hide the fact Why was the intelligence community so anxious to cover up the truth What really happened in Socorro What are the secrets those in power have tried to suppress Ray Stanford s answers to these questions will startle even the most seasoned UFO researcher One of the classics in UFO history Dr J Allen Hynek **Socorro Saucer** Ray Stanford, 1978-01 [The UFO Hotspot Compendium](#) Craig Campobasso, 2022 This book details the latest facts behind legendary UFO cases and provides a guided tour of 35 of the most remarkable most visited UFO hotspots areas where aliens and cryptids have been spotted forbidden locations and terrifying places only the brave dare to visit The book also elucidates when and where events happened the story behind the occurrence and the succeeding investigations and things to do when visiting the site **Spin Wave Technology** George J. Bugh, 2002 This is a book of informal research papers written by George J Bugh while investigating claims by many inventors and researchers who have built unusual electromagnetic devices said to produce anomalous energy output and even electrogravity effects Mr Bugh is a senior staff aerospace electronics engineer with over 20 years experience He spent the last 7 years studying these claims to determine if any could be valid and if so then to determine the source of the anomalous energy and the electrogravity effects According to classical electrodynamics all electrically charged particles like quarks and electrons should radiate away energy from gyroscopic precessional motions and orbital motions Bugh has come to the conclusion that they really do However all particles are also absorbing just as much energy from all other radiating particles The continuously absorbed energy equals the radiated energy and applies forces that move similar type particles into harmonious precessional motions with each other This results in a sea of electromagnetic standing waves among all matter in the universe It is this sea of standing waves rather than quantum probability waves that best account for the wave like nature of matter Particles move to quantized states because of electromagnetic forces that keep particle motions synchronized with this sea of standing waves This is an interaction among all matter that Ernst Mach alluded to as necessary to cause matter s characteristic of inertia Einstein called this Mach s Principle Einstein studied Mach s ideas while developing his theory of General Relativity Using common sense and classical electrodynamics Bugh explains how these particle spin interactions are possible even among compensating spins Technology advancements are possible based on these

particle spin interactions **Swamp Gas Times** Patrick Huyghe,2001-06-01 *Encounter in the Desert* Kevin Randle,2017-10-23 From a former army officer and author of *UFOS and the Deep State* a new examination of a UFO sighting in a New Mexican arroyo The UFO landing at Socorro has been wrapped in controversy almost from the moment that police officer Lonnie Zamora watched a craft descend and land Zamora saw alien beings near the craft and a symbol on its side but was told that he shouldn't mention either *Encounter in the Desert* reveals for the first time exactly what he saw in that arroyo in 1964 and what an examination of the landing revealed to investigators Socorro wasn't a stand alone case Other sightings some of them nearly as spectacular as Zamora's were reported at the time A study of the Air Force investigation of this case reveals an effort at first to learn the truth that mutated into a clever attempt to hide the information from the public *Encounter in the Desert* reveals all this and much more including The first new in depth look at the Zamora UFO landing in more than three decades Other reports of alien creatures sighted around the country at the same time An examination of the physical evidence found on the landing site The revelation that there were other witnesses to the craft and the landing

Ancient Alien Ancestors Will Hart,2017-07-18 Explores evidence for the theory of directed panspermia that life on Earth and the landscape of Earth itself was engineered by extraterrestrials Details how the Earth was terraformed through a sophisticated geo engineering program providing clear examples such as the precise mathematical longitude configurations of the Great Pyramid of Giza with the major rivers on Earth Shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory of evolution Examines the strongest modern UFO accounts including the Russian Roswell case as well as the suppressed UFO sightings of NASA astronauts In the early 1970s Nobel Prize winning DNA co discoverer Sir Francis Crick and his colleague Leslie Orgel proposed that in the distant past an extraterrestrial race sent a spacecraft loaded with microorganisms to seed the Earth with life Now more than 40 years later the fields of space research and biotechnology have advanced to the point where they can back up Crick and Orgel's claims about our ancient alien ancestors Sharing scientific evidence of alien involvement with life on our planet and with the very landscape of Earth itself Will Hart refines the theory of directed panspermia that life was intentionally seeded on Earth by extraterrestrials to reveal that the same ET agency also created humans and generated civilization He shows how the Earth was terraformed through an engineering program so sophisticated and vast that it has escaped our attention so far for example the major rivers on Earth are precisely aligned through geo engineering with the Great Pyramid of Giza Revealing the Great Pyramid as an alien message in stone the author explains how the Giza pyramids could not have been built by the ancient Egyptians and examines the extraterrestrial energy technologies used to move the pyramids massive stone blocks methods later rediscovered by Nikola Tesla and the builder of Coral Castle Edward Leedskalnin He details how an advanced race implanted the basic genome on Earth as well as genetically engineered the human race and shows how our spectrum of blood types supports the theory of panspermia while directly contradicting the conventional out of Africa theory

of evolution Investigating how the extraterrestrial agency behind the origin of civilization is still working behind the scenes today the author examines the strongest modern UFO accounts including the Russian Roswell case and the suppressed UFO sightings of NASA astronauts He shows that this advanced ET civilization is not an alien race in the way we normally think of aliens they are our ancestors and as human as we are
