## **Soft Gold A Tale Of The Fur Trade:**

**Soft Gold** Jim Reiley, 2004 A fifteen year old boy is taken from his Highlands home transported to Montreal in the late 1700 s given some training in the business end of fur trading and is injected into the reality of the trade in the North Country of Canada Author Jim Reiley uses this setting to bring his readers into an intimate relationship with Duncan Ross his adventures and misadventures his successes and his failures Ross meets falls in love with and marries in the fashion of the North a mixed blood native woman and becomes the father to a bright alert and independent daughter who generates change in the lives of both her father and her mother Savage Revenge Theresa Scott, 2010-09-23 1818 On the ocean off the west coast of Vancouver Island North America Proud and lovely Haina could not believe the arrogance of handsome Chance Gift from the Sea a mere commoner who dared to capture her a noblewoman and daughter of the most feared war chief on the coast Chance could not believe his good fortune when he and his men discover the beautiful daughter of his enemy has paddled far out to sea with only one elderly servant for protection But the hunter soon becomes the hunted As Chance faces treachery in his home village and certain death abroad at the hands of Haina s ferocious family only his love for the beautiful woman he captured can lead him to safety Ingressive and Egressive Verbs in English Daniele Franceschi, 2015-10-28 This book offers a fine grained analysis of the most common ingressive and egressive verbs in present day English in terms of the semantic pragmatic and cognitive factors responsible for their various structural representations It draws upon the fundamental assumptions of Cognitive Linguistics according to which grammar is symbolic and conceptually motivated and focuses in particular on the ability of these predicates to be integrated into constructions as a result of metonymic and metaphoric processes which impose a well defined set of constraints The book supports its analysis and findings with examples both taken from three of the major corpora of English namely BNC COCA and GloWbe and retrieved through ad hoc Internet searches Although the literature on English aspectual verbs is vast there are no studies of the language external factors responsible for their different configurations As such this book fills this gap by offering linguists and students of linguistics a detailed investigation of this topic It will also be of value to scholars with a more general interest in the linguistic evidence of cognitive activity in meaning construction American Archaeology Uncovers the Westward Movement Lois Miner Huey, 2010 Study American history through the artifacts of the Dutch colonies **Savage Betrayal** Theresa Scott, 2010-07-29 On a collision course of desire Ferocious warrior Fighting Wolf will destroy anyone who challenges his right to possess the beautiful woman he s captured Lovely Sarita will risk life and limb to free herself from slavery by the one man who has taken her captive and now threatens to steal her heart **The Heathen School** John Demos, 2014 Longlisted for the 2014 National Book Award The astonishing story of a unique missionary project and the America it embodied from award winning historian John Demos Near the start of the nineteenth century as the newly established United States looked outward toward the wider world a group of eminent Protestant ministers formed a grand scheme for gathering the rest of

mankind into the redemptive fold of Christianity and civilization Its core element was a special school for heathen youth drawn from all parts of the earth including the Pacific Islands China India and increasingly the native nations of North America If all went well graduates would return to join similar projects in their respective homelands For some years the school prospered indeed became quite famous However when two Cherokee students courted and married local women public resolve and fundamental ideals were put to a severe test The Heathen School follows the progress and the demise of this first true melting pot through the lives of individual students among them Henry Obookiah a young Hawaiian who ran away from home and worked as a seaman in the China Trade before ending up in New Engl John Ridge son of a powerful Cherokee chief and subsequently a leader in the process of Indian removal and Elias Boudinot editor of the first newspaper published by and for Native Americans From its birth as a beacon of hope for universal salvation the heathen school descends into bitter controversy as American racial attitudes harden and intensify Instead of encouraging reconciliation the school exposes the limits of tolerance and sets off a chain of events that will culminate tragically in the Trail of Tears In The Heathen School John Demos marshals his deep empathy and feel for the textures of history to tell a moving story of families and communities and to probe the very roots of American identity *London's River Tales for Children* Anne Johnson,Sef Townsend,2022-01-04 Did you know that there are more than twenty one rivers in London Many of them have been forced underground by the development of the city but they all have their own history and their own stories to tell from Roman times to the present day Anne and Sef have dredged these tales from the silt bringing them to the surface for you to enjoy Tales of mudlarks and refugees a pirate queen and Vikings a young boy running away from enslavement and many more all flow through the pages of this collection Seas and oceans have been crossed dangers overcome and these ancestors of ours come to life as they tell their stories once more **Fur Trade Review Weekly** ,1928 Great Lakes and Midwest Catalog Partners Book Distributing,2006 **Oregon and the Collapse of Illahee** Gray H. Whaley,2010 In this sound analysis of Indian white relations in Oregon the author clearly presents the significant regional issues and effectively integrates them into the broad national patterns Roger L Nichols University of Arizona author of *Natives and Strangers A History of Ethnic Americans* Captive Legacy Theresa Scott,2020-10-23 Heading west to the Oregon Territory and an arranged marriage Dorie Primfield never dreamed that a handsome stranger would kidnap her and claim her as his wife Part Indian part white Dorie s abductor was everything she d ever desired in a man yet she wasn t about to submit to his passionate embrace without a fight Then by a twist of fate she had her captor at gunpoint and at her mercy and she found herself torn between escaping into the wilderness and turning a captive legacy into endless love *The Merchants of Siberia* Erika L. Monahan,2016-04-01 In The Merchants of Siberia Erika Monahan reconsiders commerce in early modern Russia by reconstructing the trading world of Siberia and the careers of merchants who traded there She follows the histories of three merchant families from various social ranks who conducted trade in Siberia for well over a century These include the Filat

evs who were among Russia's most illustrious merchant elite the Shababins Muslim immigrants who mastered local and long distance trade while balancing private endeavors with service to the Russian state and the Noritsyns traders of more modest status who worked sometimes for themselves sometimes for bigger merchants and participated in the emerging Russia China trade Monahan demonstrates that trade was a key component of how the Muscovite state sought to assert its authority in the Siberian periphery The state's recognition of the benefits of commerce meant that Russian state and empire building in Siberia were characterized by accommodation in this diverse borderland instrumentality trumped ideology and the Orthodox state welcomed Central Asian merchants of Islamic faith This reconsideration of Siberian trade invites us to rethink Russia's place in the early modern world The burgeoning market at Lake Yamysh an inner Eurasian trading post along the Irtysh River illuminates a vibrant seventeenth century Eurasian caravan trade even as Europe Asia maritime trade increased By contextualizing merchants and places of Siberian trade in the increasingly connected economies of the early modern period Monahan argues that commercially speaking Russia was not the outlier that most twentieth century characterizations portrayed

**The Story of Work** Jan Lucassen, 2021-07-27 The first truly global history of work an upbeat assessment from the age of the hunter gatherer to the present day We work because we have to but also because we like it from hunting gathering over 700 000 years ago to the present era of zoom meetings humans have always worked to make the world around them serve their needs Jan Lucassen provides an inclusive history of humanity's busy labor throughout the ages Spanning China India Africa the Americas and Europe Lucassen looks at the ways in which humanity organizes work in the household the tribe the city and the state He examines how labor is split between men women and children the watershed moment of the invention of money the collective action of workers and at the impact of migration slavery and the idea of leisure From peasant farmers in the first agrarian societies to the precarious existence of today's gig workers this surprising account of both cooperation and subordination at work throws essential light on the opportunities we face today

**Ragged Coast, Rugged Coves** Diane J. Purvis, 2021-09 Ragged Coast Rugged Coves explores the untold story of cannery workers in Southeast Alaska from 1878 when the first cannery was erected on the Alexander Archipelago through the Cold War The cannery jobs brought waves of immigrants starting with Chinese followed by Japanese and then Filipino nationals Working alongside these men were Alaska Native women trained from childhood in processing salmon Because of their expertise these women remained the mainstay of employment in these fish factories for decades while their husbands or brothers fished often for the same company Canned salmon was territorial Alaska's most important industry The tax revenue though meager kept the local government running and as corporate wealth grew it did not take long for a mix of socioeconomic factors and politics to affect every aspect of the land's waters and population During this time the workers formed a bond and shared their experiences troubles and joys Alaska Natives and Chinese Japanese and Filipino immigrants brought elements from their ethnic heritage into the mix creating a cannery culture Although the labor was difficult and frequently unsafe the

cannery workers and fishermen were not victims When they saw injustice they acted on the threat In the process the Tlingits and Haidas clans of Southeast Alaska for more than ten thousand years aligned their interests with Filipino activists and the union movement Ragged Coast Rugged Coves tells the powerful story of diverse peoples uniting to triumph over adversity
