Soldier Of Fortune Adventuring In Latin America And Mexico With Emil Lewis:

Soldier of Fortune Douglas V. Meed, 2003 *Soldier of Fortune* traces the bold and adventurous career of Emil Holmdahl one of that swashbuckling breed of mercenaries growing out of the United States imperialistic years during the early twentieth century Following Holmdahl from the Philippine Insurrection through the banana wars in Central America onto the bloody stage of the Mexican Revolution and World War I Douglas Meed captures the drama and adventure not only of Holmdahl but of the United States quest to become a major world power Holmdahl's adventures in Mexico shed new light on revolutionary activities and the struggle for power including the death of revolutionary leader Francisco Pancho Villa Meed suggests that Holmdahl may have been the man who opened Villa's grave cut off his head and sold it to a Mexican general The author captures the excitement and spirit of adventure in those bloody years while Holmdahl's life mirrors the end of one era and the beginning of another from the twilight of the era of horse driven armies to the age of industrial warfare *Soldier of Fortune* is a fascinating account of a bygone age and forms a distinctive addition to the annals of the American Southwest

Book jacket Genocide, Ethnonationalism, and the United Nations Hannibal Travis, 2013 *Genocide Ethnonationalism and the United Nations* examines a series of related crises in human civilization growing out of conflicts between powerful states or empires and indigenous or stateless peoples This is the first book to attempt to explore the causes of genocide and other mass killing by a detailed exploration of UN archives covering the period spanning from 1945 through 2011 Hannibal Travis argues that large states and empires disproportionately committed or facilitated genocide and other mass killings between 1945 and 2011 His research incorporates data concerning factors linked to the scale of mass killing and recent findings in human rights political science and legal theory Turning to potential solutions he argues that the concept of genocide imagines a future system of global governance under which the nation state itself is made subject to law The United Nations however has deflected the possibility of such a cosmopolitical law It selectively condemns genocide and has established an institutional structure that denies most peoples subjected to genocide of a realistic possibility of global justice lacks a robust international criminal tribunal or UN army and even encourages security cooperation among states that have proven to be destructive of peoples in the past Questions raised include What have been the causes of mass killing during the period since the United Nations Charter entered into force in 1945 How does mass killing spread across international borders and what is the role of resource wealth the arms trade and external interference in this process Have the United Nations or the International Criminal Court faced up to the problem of genocide and other forms of mass killing as is their mandate

The Secret War in El Paso Charles H. Harris, Louis R. Sadler, 2016-04-25 Winner of the 2010 Spur Award for Best Contemporary Nonfiction from Western Writers of America The Mexican Revolution could not have succeeded without the use of American territory as a secret base of operations a source of munitions money and volunteers a refuge for personnel an arena for propaganda and a market for revolutionary loot El Paso the largest and most important American city on the Mexican border
