Solitude A Philosophical Encounter

Robert J. Wicks

Solitude A Philosophical Encounter:

Solitude Philip Koch, 2015-12-15 In Koch's *Solitude* both solitude and engagement emerge as primary modes of human experience equally essential for human completion. This work draws upon the vast corpus of literary reflections on solitude especially Lao Tze, Sappho, Plotinus, Augustine, Petrarch, Montaigne, Goethe, Shelley, Emerson, Thoreau, Whitman, and Proust. Koch uses the work of philosophers, historians, and writers as well as texts such as the Bible to show what solitude is and isn't and what being alone can do to and for the individual. Interesting for its literary scope and its conclusions about all the good true solitude can bring us. Booklist: Reading this book is like dipping into many minds, fierce and gentle. The author reveals his long study of great philosophers and interprets their thoughts through the lens of his own experience with solitude. He traces our early brushes with solitude and the fear it can engender, then the craving for solitude that comes with full adult lives. NAPRA Review

Solitude Michael Harris, 2017-04-04 The author of *The End of Absence* shares a gorgeously written and fascinating inquiry into the transformative power of being alone. Michael Finkel, New York Times best selling author of *True Story*: The capacity to be alone properly alone is one of life's subtlest skills. Real solitude is a crucial ingredient for a rich interior life. It inspires reflection, allows creativity to flourish, and improves our relationships with ourselves and unexpectedly with others. Yet in our modern world of mobile devices and social media, we have forgotten the joys of silence and undervalued how profoundly it can revolutionize our lives. This book is about discovering stillness inside the city, inside the crowd, inside our busy lives. With wit and energy, award-winning author Michael Harris weaves captivating true stories with reporting from the world's foremost brain researchers, psychologists, and tech entrepreneurs to guide us toward a state of measured connectivity that balances quiet and companionship. Foreword by Nicholas Carr, author of the Pulitzer Prize finalist *The Shallows*.

Solitude Robert Kull, 2010-10-05 Years after losing his lower right leg in a motorcycle crash, Robert Kull traveled to a remote island in Patagonia's coastal wilderness with equipment and supplies to live alone for a year. He sought to explore the effects of deep solitude on the body and mind and to find the spiritual answers he'd been seeking all his life. With only a cat and his thoughts as companions, he wrestled with inner storms while the wild forces of nature raged around him. The physical challenges were immense, but the struggles of mind and spirit pushed him even further. *Solitude Seeking Wisdom in Extremes* is the diary of Kull's tumultuous year. Chronicling a life distilled to its essence, *Solitude* is also a philosophical meditation on the tensions between nature and technology, isolation and society. With humor and brutal honesty, Kull explores the pain and longing we typically avoid in our frantically busy lives, as well as the peace and wonder that arise once we strip away our distractions. He describes the enormous Patagonia wilderness with poetic attention, transporting the reader directly into both his inner and outer experiences.

A History of Solitude David Vincent, 2020-05-06 Solitude has always had an ambivalent status: the capacity to enjoy being alone can make sociability bearable, but those predisposed to solitude are often viewed with suspicion or pity. Drawing on a wide array of literary and historical sources, David Vincent

explores how people have conducted themselves in the absence of company over the last three centuries He argues that the ambivalent nature of solitude became a prominent concern in the modern era For intellectuals in the romantic age solitude gave respite to citizens living in ever more complex modern societies But while the search for solitude was seen as a symptom of modern life it was also viewed as a dangerous pathology a perceived renunciation of the world which could lead to psychological disorder and anti social behaviour Vincent explores the successive attempts of religious authorities and political institutions to manage solitude taking readers from the monastery to the prisoner's cell and explains how western society's increasing secularism urbanization and prosperity led to the development of new solitary pastimes at the same time as it made traditional forms of solitary communion with God and with a pristine nature impossible At the dawn of the digital age solitude has taken on new meanings as physical isolation and intense sociability have become possible as never before With the advent of a so called loneliness epidemic a proper historical understanding of the natural human desire to disengage from the world is more important than ever The first full length account of its subject *A History of Solitude* will appeal to a wide general readership

The Handbook of Solitude Robert J. Coplan, Julie C. Bowker, 2014-02-03 This reference work offers a comprehensive compilation of current psychological research related to the construct of solitude Explores numerous psychological perspectives on solitude including those from developmental neuropsychological social personality and clinical psychology Examines different developmental periods across the lifespan and across a broad range of contexts including natural environments college campuses relationships meditation and cyberspace Includes contributions from the leading international experts in the field Covers concepts and theoretical approaches empirical research as well as clinical applications

The Bloomsbury Handbook of Solitude, Silence and Loneliness Julian Stern, Christopher A. Sink, Wong Ping Ho, Malgorzata Walejko, 2021-11-18 The Bloomsbury Handbook of Solitude Silence and Loneliness is the first major account integrating research on solitude silence and loneliness from across academic disciplines and across the lifespan The editors explore how being alone in its different forms positive and negative as solitude silence and loneliness is learned and developed and how it is experienced in childhood and youth adulthood and old age Philosophical psychological historical cultural and religious issues are addressed by distinguished scholars from Europe North and Latin America and Asia

Looking at the Sun: New Writings in Modern Personalism Simon Smith, Anna Castriota, 2018-01-15 Every kind of exploration is touched in some way by a philosophy of persons touched and often vitally enhanced This collection sets out to mine this rich seam of influence bringing together authors keen to strike new developments and applications Together they have put their philosophy of persons to work in fields as wide ranging as the moral and the metaphysical the practical and the political the cultural and the cosmological In doing so they have drawn on and illustrated the depth and breadth of modern Personalist thought demonstrating its crucial relevance to debates across the entire philosophical spectrum Whether they are familiar with the Personalist tradition or no readers from every corner of the philosophical world will find much here

to challenge and stimulate them Most importantly they will find a new and badly needed philosophical perspective *The Philosophy of the Western* Jennifer L. McMahon,B. Steve Csaki,2010-05-28 Essays about how stories of the Old West reflect and affect our beliefs and values The solitude of the lone rider the loyalty of his horse and the unspoken code of the West for many Western movies embody America and its values though the view of the country s history they present isn t always accurate In recent years scholars had declared the genre dead but a steady resurgence of western themes in literature film and television has reestablished its importance and influence In *The Philosophy of the Western* editors Jennifer L McMahon and B Steve Csaki examine philosophical themes in the western genre Investigating subjects of nature ethics identity gender environmentalism and animal rights the essays in this volume draw from a wide range of westerns including the more recent popular and critical successes *Unforgiven* *All the Pretty Horses* *3 10 to Yuma* and *No Country for Old Men* as well as literature and television serials such as *Deadwood* *The Philosophy of the Western* reveals the powerful role of the western in the American psyche *The Art, Literature and Music of Solitude* Julian Stern,2023-12-14 This book presents a thematic analysis of various aspects of solitude silence and loneliness from the ancient world to the present day explored thematically with consideration to the links between aloneness to other social and political issues The themes include exile expulsion from a community ecstasy getting out of oneself and enstasy being comfortable within oneself to the Romantic idea of the artist as solitary There is work on aloneness in and through nature especially the importance of natural settings for positive experiences of solitude A central theme is alienation and its emotions with the idea of loneliness and the rejected self being a more modern experience The book explores modernism and postmodernism as presenting new forms of solitude in the twentieth century and how more recently there have been attempts to recover the self through therapeutic uses of the arts All of these types and experiences of aloneness are described through the lenses of artistic literary and musical forms of expression as aloneness is not only explored and articulated through these art forms but is in many ways created through these art forms **Japanese Psychotherapies** Velizara Chervenkova,2017-12-26 The book presents three Japanese psychotherapeutic approaches Morita Naikan and Dohsa hou in the chronological order of their development giving a thorough account of both their underlying concepts and practical applications In addition to describing their idiosyncrasies a major focus of the book is also to elucidate as to how the deeply imprinted cultural specificities of these approaches emanating from their common cultural ground converge to two focal points silence and body mind interconnectedness that vest the approaches with their therapeutic power In so doing the book gives an insight into the intrinsic dynamics of the methods and emphasizes on their potential for universal applicability notwithstanding their indisputable cultural peculiarities This self contained and well structured book fills the gap in the yet scarce English language literature on Japanese psychotherapies *The Inner Life of the Counselor* Robert J. Wicks,2012-07-26 One of the greatest gifts helping professionals can share with others is a sense of their own peace However retaining and renewing a sense of a healthy

perspective requires not only self care strategies but also an awareness of basic profound yet simple wisdom themes The Inner Life of the Counselor presents classic and contemporary wisdom that examines and explores each of these themes in a way that both professional and non professional helpers will find revealing and meaningful in understanding their own journey Informed by the author s over thirty years of experience as a therapist mentor and clinical supervisor of professional helpers as well as by his expertise in resiliency and prevention of secondary stress The Inner Life of the Counselor thoughtfully looks at those elements that encourage sustained personal growth and professional development such as self care stress management and mindfulness Lively practical and marked by an elegant sense of simplicity this nurturing book demonstrates how exploring the inner life can lead counselors to new wisdom and inner peace not only for themselves but also for those who come to them for relief and insight It is an invitation to pause reflect renew and navigate one of contemporary society s most challenging yet rewarding professions

Thinking with Rousseau Helena Rosenblatt, Paul Schweigert, 2017-06-16 Although indisputably one of the most important thinkers in the Western intellectual tradition Rousseau s actual place within that tradition and the legacy of his thought remains hotly disputed Thinking with Rousseau reconsiders his contribution to this tradition through a series of essays exploring the relationship between Rousseau and other great thinkers Ranging from Rousseau and Machiavelli to Rousseau and Schmitt this volume focuses on the kind of intricate work that intellectuals do when they read each other and grapple with one another s ideas This approach is very helpful in explaining how old ideas are transformed and or transmitted and new ones are generated Rousseau himself was a master at appropriating the ideas of others while simultaneously subverting them and as the essays in this volume vividly demonstrate the resulting ambivalences and paradoxes in his thought were creatively mined by others

Mothers and Other Fictional Characters Nicole Graev Lipson, 2025-03-04 USA Today Bestseller Sensitive searingly intelligent and beautifully written Claire Dederer author of Monsters A Fan s Dilemma This is for real a masterwork one I will return to over and over Joanna Rakoff author of My Salinger Year In this intimate and riveting memoir Best American Essayist Nicole Graev Lipson breaks through the ready made stories of womanhood rescuing truth from the fiction that infiltrates our lives What does it take to escape the plotlines mapped onto us Searching for clues in the work of her literary foremothers Lipson untangles what it means to be a girl a woman a lover a partner a daughter and a mother in a world all too ready to reduce us to stock characters Whether she s testing the fragile borders of fidelity embracing the taboo power of female friendship escaping her family for the solitude of the mountains grappling with what to do with her frozen embryos or letting go of the children she imagined for the ones she s raising Lipson pushes beyond the easy surface stories we tell about ourselves to brave less certain territory As Lipson journeys through this thorny terrain literature becomes her lodestar Kate Chopin s erotic story The Storm helps her reckon with the longings stirring below the surface of her marriage Watching her son absorb the stifling codes of manhood she finds unlikely parenting inspiration in Philip Roth s most cartoonish overbearing

mother Summoning Gwendolyn Brooks she asks Can destroying one s frozen embryos be understood as a maternal act And accompanied by Shakespeare s gender bending heroine Rosalind she seizes on the truest meaning of loving her oldest child Risky and revealing nourishing and affirming rigorous and sexy Mothers and Other Fictional Characters is a shimmering love letter to our forgotten selves and the ones we re still becoming Environment, Space, Place: Volume 1 / Issue 1 (Spring 2009) Gary Backhaus,2009 **In Praise of Retreat** Kirsteen MacLeod,2021-03-30 For readers of Walden Wild Pilgrim at Tinker s Creek A Book of Silence A Gift from the Sea and other celebrations of the inner adventure An utterly engaging dive into our modern ways of retreat where we go why we re drawn and how it s urgent From pilgrim paths to forest cabins and from rented hermitages to arts temples and quiet havens for yoga and meditation In Praise of Retreat explores the pleasures and powers of this ancient practice for modern people Kirsteen MacLeod draws on the history of retreat and personal experiences to reveal the many ways readers can step back from society to reconnect with their deepest selves and to their loftiest aspirations in life In the 21st century disengaging even briefly is seen by many as self indulgent unproductive and antisocial Yet to retreat is as basic a human need as being social and everyone can benefit whether it s for a weekend a month or a lifetime Retreat is an uncertain adventure with as many peaks and valleys as any mountain expedition except we head inward to recharge and find fresh energy and brave new ideas to bring back into our everyday lives

Transcendentalism and the Cultivation of the Soul Barry M. Andrews,2018-07-20 A study of the spiritual practices developed by the nineteenth century American Transcendentalist movement and a case for their necessity today The stern old faiths have all pulverized Ralph Waldo Emerson wrote in 1860 Tis a whole population of gentlemen and ladies out in search of religions Often seen as a mainspring of the nineteenth century literary tradition and the preserve of New England intellectuals in retreat from society American Transcendentalism is more accurately described as a religious movement In Transcendentalism and the Cultivation of the Soul Barry M Andrews shows how Transcendentalists developed rich spiritual practices nurtured their souls and discovered the divine The practices they adopted are common and simple among them keeping journals contemplation walking reading simple living and conversation As Emerson Thoreau Fuller and others pursued meaningful and rewarding spiritual lives they were inspired to fight for abolition women s rights and education reform In approachable and accessible prose Andrews uncovers a wealth of spiritual practices that are of particular value for today s spiritual seekers and religious liberals **Going Against the Flow** Alan M. Laibelman,2004 Most contemporary efforts in philosophy treat metaphysics and ethics as isolated arenas of thought Critical analytical exploration of a multitude of ethical theories emanating from historically diverse philosophical and theological traditions demonstrates that a consistent and comprehensive ethic depends upon a solid metaphysical foundation Building upon a metaphysical scheme first explicated in The Other Perennial Philosophy A Metaphysical Dialectic Alan M Laibelman elaborates on a syncretistic ethical system incorporating elements from many cross cultural sources and also develops an extensive theory of consciousness inclusive of

both transcendental and existential components **A Marriage of Philosophy and Music** Erich Welling, 2014-04 How to use philosophy and music to open your horizons and enjoy being yourself put theory to work and help you experience personal growth is discussed in A Marriage of Philosophy and Music It is all about after After having a liberal education you are comfortable in modern culture and after further education and becoming a specialist in some field you enjoy using your skills We learn the ideas and methods of many social cultures and our own chosen specialty but we often neglect the liberal art of disciplining and enjoying the ideas and methods of our own individuality This book offers a path toward the education of privacy with the key words being selection design and beauty The book relates five areas of general human interest spirituality philosophy science art and body awareness The interrelation is accomplished by using personal patterns of experience that are available from philosophy and music Because of the plurality of subject matters and methods used in philosophy and music their patterns of discipline are comparable to self discipline A Marriage of Philosophy and Music attempts to create a path in this direction because besides the enjoyment of social culture and personal skills there is enjoyment in being yourself which is a neglected liberal art **Religious and Cultural Implications of**

Technology-Mediated Relationships in a Post-Pandemic World Ilia Delio, Noreen Herzfeld, Robert Nicastro, 2023-06-07 Technology is an integral part our world But how does inter human technology affect our ability to be present to one another to God to ourselves and to the world around us Modern technologies are reshaping human relationships While they offer new possibilities for presence across time and space they also function as either a substitute for human relationships or as a filter that mediates relationships between ourselves and others In our technologically saturated world it is vital that we become aware of how these technologies alter our perceptions our actions and our relationships Religious and Cultural Implications of Technology Mediated Relationships in a Post Pandemic World offers a variety of positions on how technology is influencing religious communal and cultural life There is no doubt that our interaction with technology will shape the human community up ahead These essays provide a basis for thoughtful choice and action *Visitor Use Density and Wilderness Experience* Wayne A. Freimund, 2001
