The Life and Poetry of Ted Kooser Mary K. Stillwell,2020-04-01 Like a flash of lightning it came to him the unathletic high school student Ted Kooser saw a future as a famous poet that promised everything glory immortality a bohemian lifestyle no more doing dishes no more cleaning his room and particularly important to the lonely teenager girls Unlike most kids with a sudden ambition Kooser winner of the Pulitzer Prize for Poetry and thirteenth poet laureate of the United States made good on his dream But glory was a long time coming and along the way Kooser lived the life that has made his poetry what it is as deeply grounded in family work and the natural world as it is attuned to the nuances of language Just as so much of Kooser's own writing weaves geography history and family stories into its measures so does this first critical biography consider the poet's work and life together his upbringing in Iowa his studies in Nebraska with poet Karl Shapiro as mentor his career in insurance his family life his bout with cancer and always his poetry Combining a fine appreciation of Kooser's work and life this book finally provides a fuller and more complex picture of a writer who perhaps more than any other has brought the Great Plains and the Midwest lived large and small into the poetry of our day

Narrative and Robert Schumann's Songs Andrew H. Weaver,2024 Featuring 28 music examples this book takes an innovative approach to analyzing and interpreting nineteenth century German song offering new perspectives on Robert Schumann's Lieder and song cycles Robert Schumann's Lieder are among the richest and most complex songs in the repertoire and have long raised questions and stimulated discussion among scholars performers and listeners Among the wide range of methodologies that have been used to understand and interpret his songs one that has been conspicuously absent is an approach based on narratology the theory and study of narrative texts Proceeding from the premise that the performance of a Lied is a narrative act in which the singer and pianist together function as a narrator Andrew Weaver's groundbreaking study proposes a comprehensive theory of narratology for the German Romantic Lied and song cycle using Schumann's complete song oeuvre as the test case The theory grounded in the work of narratologist Mieke Bal but also drawing upon recent work in literary theory and musicology illuminates how music can open up new meanings for the poem

as well as how a narratological analysis of the poem can help us understand the music Weaver's book offers new insights into Schumann's Lieder and the poetry he set while simultaneously proposing a methodology applicable to the analysis and interpretation of a wide range of works including not only the rich treasury of German Lieder but also potentially any genre of accompanied song in any language from the Middle Ages to the present day *Catalog of Copyright Entries, Third Series* Library of Congress.
