Michael Kennedy, 2006-11-02 This book re-evaluates a figure whom the author considers to be the greatest composer of the twentieth century. Kennedy deals fully with Strauss's life as leading composer and national figure in the Third Reich during which he was both fettered and cold-shouldered by the authorities. In putting this period into perspective, he draws heavily on hitherto ignored material including Strauss's own letters and diaries. In addition, he reveals much about Strauss's long, happy but tempestuous marriage to the soprano Pauline de Ahna, as well as tracing the important relationships to his librettists Hugo von Hofmannsthal, Stefan Zweig, Joseph Gregor, and Clemens Krauss. Kennedy reassesses the man and the music, revealing a picture of a level-headed, practical and extremely versatile musician, a great conductor as well as a great composer. *Memoirs of Ardeshir Zahedi, Volume One* Ardeshir Zahedi, 2012-03-21

For three decades Ardeshir Zahedi played one of the most significant roles in the political history of modern Iran. As a trusted adviser, confidant, son-in-law and friend, he played an influential role in the life of the last Shah from 1953 until the king's death in Egypt in 1980. As a diplomat, he twice served as ambassador to the United States, ambassador to the Court of St James, and for seven years as foreign minister of Iran. He has known and worked with seven U.S. presidents. In the early fifties, he was witness and principal aide to his father in the tumultuous rise and fall of Mohammad Mossadegh and the appointment of his father as prime minister. This volume reveals with honesty and detail the intimate life of Iranian political society and the imperial court. It recounts in detail the background and events of the summer of 1953 that led to the fall of Mossadegh and the coming to power of Fazlollah Zahedi, the author's father. Also included in the book are previously unpublished documents that shine a new light on the events. Ardeshir was born in 1928. He is a descendant of two families that have shaped the history of Iran. His father, Fazlollah Zahedi (1897-1963), served as prime minister and was an important political and military figure of the Pahlavi period. His mother's father, Hossein Pirnia Motamen ol Molk, served as the first prime minister of Iran after the establishment of the constitution in the early twentieth century. During World War II, when Ardeshir was twelve, his father, who was the commander of the Isfahan military division, was arrested by the British and imprisoned in Palestine. After the war, Ardeshir ventured abroad to study in Beirut and the United States. He returned to Iran to play an important role in the political life of his country alongside his father and the Shah, Mohammad Reza Pahlavi. A few years later, he and Princess Shahnaz, the Shah's first child, fell in love and were married. The narrative of the courtship and marriage, which sadly lasted only seven years, is recounted in the next volume of his memoirs. In 1968, as foreign minister on behalf of Iran, he signed the Nuclear Non-Proliferation Treaty. In 1977, while ambassador to the United States, he helped negotiate and free 149 hostages held by Hanafi Muslims at the Banj Barih headquarters. He presently lives in Montreux, Switzerland, and is considered one of the most prominent personalities of the Iranian Diaspora. He has been condemned to death by the courts of the revolutionary government of Iran. **Begins with the Oboe** Richard S. Warren, Richard Warren, Andrew Davis, 2002-01-01 The result of

*The Oxford Handbook of the Operatic Canon* Cormac Newark, William Weber, 2020 Opera has always been controversial not only because of how vastly expensive it is to produce. It has historically been a vital and complex mixture of high art and commerce, socially elite and popular, or middle class the new and the increasingly old. When a city wants a new landmark building, an opera house is very often the solution. Why should this still be the case? *The Oxford Handbook of the Operatic Canon* examines how opera has become the concrete edifice it was never meant to be by looking at how it evolved from a market entirely driven by novelty to one of the most artistically canonic art forms still in existence. This new collection addresses questions that are key to opera's past, present and future. Why is the art form apparently so artistically canonical with the top ten titles all more than a century old, accounting for nearly a quarter of all performances world wide? Why is this top heavy system of production becoming still more restrictive even while the repertory is seemingly expanding notably to include early music? Why did the operatic canon evolve so differently from that of concert music? And why has that evolution attracted so comparatively little attention from scholars? Why finally if opera houses all over the world are dutifully honoring their audiences' loyalty to these favorite works, are they having to struggle so hard financially? Answers to these and other problems are offered here by 26 musicologists, historians and industry professionals working in a wide range of contexts. Topics range from the seventeenth century to the present day and from Russia to England and continental Europe to the Americas. In an effort to reflect the contested nature of most of the issues facing opera, each topic is addressed by two essays introduced jointly by the respective authors and followed by a jointly compiled list of further reading. These paired essays complement each other in different ways: for example by treating the same geographical location in different periods, by providing different national or regional perspectives on the same period, or by thinking through similar conceptual issues in contrasting or changing contexts. Posing its questions in fresh provocative terms, *The Oxford Handbook of the Operatic Canon* challenges scholarly assumptions and expectations and breathes fresh air into the fields of music and cultural history.

*Louder Than Bombs* Ed Vulliamy, 2020-04-08 Part memoir, part reportage *Louder Than Bombs* is a story of music from the front lines. Ed Vulliamy, a decorated war correspondent and journalist, offers a testimony of his lifelong passion for music. Vulliamy's reporting has taken him around the world to cover the Bosnian war, the fall of the Berlin Wall and collapse of Communism, the Iraq wars of 1991 and 2003, onward narco violence in Mexico and more places where he confronted stories of violence, suffering and injustice. Through it all, Vulliamy has turned to music not only as a reprieve but also as a means to understand and express the complicated emotions that follow. Describing the artists, songs and concerts that most influenced him, Vulliamy brings together the two largest threads of his life: music and war. *Louder Than Bombs* covers some of the most important musical milestones of the past fifty years, from Jimi Hendrix playing Machine Gun at the Isle of Wight Festival in 1970 to the Bataclan in Paris under siege in 2015. Vulliamy was present for many of these historic moments and with him as

our guide we see them afresh along the way meeting musicians like B B King Graham Nash Patti Smith Daniel Barenboim Gustavo Dudamel and Bob Dylan Vulliamy peppers the book with short vignettes which he dubs 7 singles recounting some of his happiest memories from a lifetime with music Whether he s working as an extra in the Vienna State Opera s production of Aida buying blues records in Chicago or drinking coffee with Joan Baez music is never far from his mind As Vulliamy discovers when horror is unspeakable when words seem to fail us we can turn to music for expression and comfort or for rage and pain Poignant and sensitively told Louder Than Bombs is an unforgettable record of a life bursting with music

Istvan Anhalt Robin Elliott, Gordon Ernest Smith, 2001 Istvan Anhalt born into a Jewish family in Budapest in 1919 studied with Zoltan Kodaly before being conscripted into a forced labour camp during World War II In the late 1940s he studied under Nadia Boulanger and Soulima Stravinsky before emigrating to Canada in 1949 where he has been an important figure in the Canadian music scene for the last 50 years Based on a wealth of experience and first hand knowledge this text provides biographical information on Anhalt s life in Europe and Canada as well as critical articles on his music and writings Previously unpublished writings by Anhalt as well as a commentary on his most recent opera are also included *Memoirs of a Russianist, Volume II* Gilbert Doctorow, 2021-02-12 My email to cousin Danny Gasman professor of history in New York 8 July 1999 I left IREX 15 months ago Maybe I m slow in these matters but by the time I signed out there I had come to the conclusion that my colleagues in the Washington headquarters were likely enjoying second incomes from The Agency And so I moved back to the relatively cleaner business of strong drinks As managing director of United Distillers in Russia I am Mr Smirnoff Mr Johnnie Walker etc Very congenial company Also very politicized business During my lunchtime speech at the Davis Russian Research Center in Harvard a month ago I was trying to make the point to the handful of economists who had not yet left for vacation that the alcoholic beverages industry is as valid a barometer of the Russian political scene as oil and gas Fred Bergson who must be well into his 80s and was once upon a time the dean of American economists specializing in the Soviet Union seemed not to be buying into my message However he maintains a droll sense of humor and asked me at our introductory handshake whether I had learned anything during my stay at Harvard 25 years ago I told him I had learned to tend bar at Harvard Student Agencies and that this serves me well in my new business functions He seemed satisfied Email from Danny Gasman 14 July 1999 I meant to tell you that I laughed a lot when you told me about your lecture at Harvard They deserve even heavier doses of the truth You should keep a diary and publish it It could be a new edition of Radischev s Journey *Music after Hitler, 1945-1955* Toby Thacker, 2017-07-05 The political control of music in the Third Reich has been analysed from several perspectives and with ever increasing sophistication However music in Germany after 1945 has not received anything like the same treatment Rather there is an assumption that two separate musical cultures emerged in East and West alongside the division of Germany into two states with differing economic and political systems There is a widely accepted view of music in West Germany as free and in the East subject to party control Toby Thacker

challenges these assumptions asking how and why music was controlled in Germany under Allied Occupation from 1945 1949 and in the early years of semi sovereignty between 1949 and 1955 The re education of Germany after the Hitler years was a unique historical experiment and the place of music within this is explored here for the first time While emphasizing political economic and broader social structures that influenced the production and reception of different musical forms the book is informed by a sense of human agency and explores the role of salient individuals in the reconstruction of music in post war Germany The focus is not restricted to any one kind of music but concentrates on those aspects of music professional and amateur live and recorded which appeared to be the mostly highly charged politically to contemporaries Particular attention is given to denazification and to the introduction of international music Thacker traces the development of a divide between Communist and liberal democratic understandings of the place of music in society The contested celebrations of the Bach Year in 1950 are used to highlight the role of music in the broader cultural confrontation between East and West Thacker examines the ways in which central governments in East and West Germany sought to control and influence music through mechanisms of censorship and positive support The book will therefore be of interest not only **Growing with Canada**
