Sitting Bull The Collected Speeches

Norman E. Matteoni

Sitting Bull The Collected Speeches:

Sitting Bull Sitting Bull, 1998 Sitting Bull Speaks Brad Lookingbill, 2025-09-22 Sitting Bull is arguably one of the best known Native American leaders and his life has been extensively documented In *Sitting Bull Speaks* Brad Lookingbill doesn't aim to retell these familiar stories Instead he allows Sitting Bull to speak for himself Drawing from various archives and sources the book weaves a compelling and well researched narrative centered on Sitting Bull's own words and thoughts Lookingbill introduces each document with thoughtful commentary guiding the reader through the historical context Though the title *Sitting Bull Speaks* echoes that of Neihardt's classic *Black Elk Speaks* this work goes further by presenting an authentic account of Sitting Bull's voice It offers a deeper understanding not only of the man himself but also of the Lakota world in which he lived Rani Henrik Andersson University of Helsinki Tatanka-Iyotanka Michael Crummett, 2002 A biography of the Sioux leader who became a symbol of American Indian resistance to European American culture **Prairie Man** Norman E. Matteoni, 2015-06-16 One week after the infamous June 1876 Battle of the Little Big Horn when news of the defeat of General George Armstrong Custer and his 7th Cavalry troops reached the American public Sitting Bull became the most wanted hostile Indian in America He had resisted the United States intrusions into Lakota prairie land for years refused to sign treaties and called for a gathering of tribes at Little Big Horn He epitomized resistance Sitting Bull's role at Little Big Horn has been the subject of hundreds of historical works but while Sitting Bull was in fact present he did not engage in the battle The conflict with Custer was a benchmark to the subsequent events There are other battles than those of war and the conflict between Sitting Bull and Indian Agent James McLaughlin was one of those battles Theirs was a fight over the hearts and minds of the Lakota U S Government policy toward Native Americans after Little Big Horn was to give them a makeover as Americans after finally and firmly displacing them from their lands They were to be reconstituted as Christian civilized and made farmers Sitting Bull when forced to accept reservation life understood who was in control but his view of reservation life was very different from that of the Indian Bureau and its agents His people's birth right was their native heritage and culture Although redrawn by the Government he believed that the prairie land still held a special meaning of place for the Lakota Those in power dictated a contrary view with the closing of the frontier the Indian was challenged to accept the white road or vanish in the case of the Lakota that position was given personification in the form of Agent James McLaughlin This book explores the story within their conflict and offers new perspectives and insights **Wetiko** Paul Levy, 2021-11-23 Explores how wetiko covertly operates both out in the world and within our minds and how it underlies every form of self destruction both individual and collective Reveals how wetiko's power lies in our blindness to it and examines how people across the ages have symbolized wetiko to help see it and heal it Examines the concept of wetiko as it appears in the teachings of the Kabbalah Hawaiian Kahuna shamanism mystical Christianity and the work of C G Jung In its Native American meaning wetiko is an evil cannibalistic spirit that can take over people's minds leading to selfishness insatiable

greed and consumption as an end in itself destructively turning our intrinsic creative genius against our own humanity Revealing the presence of wetiko in our modern world behind every form of destruction our species is carrying out both individual and collective Paul Levy shows how this mind virus is so embedded in our psyches that it is almost undetectable and it is our blindness to it that gives wetiko its power Yet as Levy reveals in striking detail by recognizing this highly contagious mind parasite by seeing wetiko we can break free from its hold and realize the vast creative powers of the human mind Levy explores how artists philosophers and spiritual traditions across the ages have been creatively symbolizing this deadly pathogen of the psyche so as to help us see it and heal it He examines the concept of wetiko as it appears in the teachings of the Kabbalah Hawaiian kahuna shamanism Buddhism and mystical Christianity and through esoteric concepts like egregores demons counterfeiting spirits and psychic vampires He reveals how visionary thinkers such as C G Jung Sri Aurobindo Philip K Dick Colin Wilson Nicolas Berdyaev and Rene Girard each point to wetiko in their own unique and creative way He explores how the projection of the shadow self scapegoating is the underlying psychological mechanism fueling wetiko and examines wetiko in the context of the Covid 19 pandemic showing that we can reframe the pandemic so as to receive the lessons and opportunities embedded in it Revealing how the power of imagination can cure the wetiko mind virus Levy underscores how important it is for each of us to bring forth the creative spirit within us which helps shed the light of consciousness on wetiko taking away its power over us while simultaneously empowering ourselves Blood Brothers Deanne Stillman, 2017-10-24 Winner of the 2018 Ohioana Book Award for Nonfiction The little known but uniquely American story of the unlikely friendship of two famous figures of the American West Buffalo Bill Cody and Sitting Bull told through the prism of their collaboration in Cody's Wild West show in 1885 Splendid Blood Brothers eloquently explores the clash of cultures on the Great Plains that initially united the two legends and how this shared experience contributed to the creation of their ironic political alliance Bobby Bridger Austin Chronicle It was in Brooklyn New York in 1883 that William F Cody known across the land as Buffalo Bill conceived of his Wild West show an equestrian extravaganza featuring cowboys and Indians It was a great success and for four months in 1885 the Lakota chief Sitting Bull appeared in the show Blood Brothers tells the story of these two iconic figures through their brief but important collaboration in a compelling narrative that reads like a novel Orange County Register Thoroughly researched Deanne Stillman's account of this period in American history is elucidating as well as entertaining Booklist complete with little told details about the two men whose alliance was eased by none other than Annie Oakley When Sitting Bull joined the Wild West the event spawned one of the earliest advertising slogans Foes in 76 Friends in 85 Cody paid his performers well and he treated the Indians no differently from white performers During this time the Native American rights movement began to flourish But with their way of life in tatters the Lakota and others availed themselves of the chance to perform in the Wild West show When Cody died in 1917 a large contingent of Native Americans attended his public funeral An iconic friendship tale like no other Blood Brothers is a timeless

story of people from different cultures who crossed barriers to engage each other as human beings Here Stillman provides an account of the tragic murder of Sitting Bull that s as good as any in the literature Thoughtful and thoroughly well told just the right treatment for a subject about which many books have been written before few so successfully Kirkus Reviews starred review

Crazy Horse Kingsley M. Bray,2014-10-30 Crazy Horse was as much feared by tribal foes as he was honored by allies His war record was unmatched by any of his peers and his rout of Custer at the Little Bighorn reverberates through history Yet so much about him is unknown or steeped in legend Crazy Horse A Lakota Life corrects older idealized accounts and draws on a greater variety of sources than other recent biographies to expose the real Crazy Horse not the brash Sioux warrior we have come to expect but a modest reflective man whose courage was anchored in Lakota piety Kingsley M Bray has plumbed interviews of Crazy Horse s contemporaries and consulted modern Lakotas to fill in vital details of Crazy Horse s inner and public life Bray places Crazy Horse within the rich context of the nineteenth century Lakota world He reassesses the war chief s achievements in numerous battles and retraces the tragic sequence of misunderstandings betrayals and misjudgments that led to his death Bray also explores the private tragedies that marred Crazy Horse s childhood and the network of relationships that shaped his adult life To this day Crazy Horse remains a compelling symbol of resistance for modern Lakotas Crazy Horse A Lakota Life is a singular achievement scholarly and authoritative offering a complete portrait of the man and a fuller understanding of his place in American Indian and United States history

Custer, the Seventh Cavalry, and the Little Big Horn Mike O'Keefe,2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry s disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer s tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer s experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876 77 and the Seventh Cavalry s pursuit of the Nez Perces in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts

Days of Destruction, Days of Revolt Chris Hedges,Joe Sacco,2014-04-08 Two years ago Pulitzer Prize winner Chris Hedges and award winning cartoonist and journalist Joe Sacco set out to take a look at the sacrifice zones those areas in America that have been offered up for exploitation in the name of profit progress and technological advancement They

wanted to show in words and drawings what life looks like in places where the marketplace rules without constraints where human beings and the natural world are used and then discarded to maximize profit Days of Destruction Days of Revolt is the searing account of their travels The book starts in the western plains where Native Americans were sacrificed in the giddy race for land and empire It moves to the old manufacturing centers and coal fields that fueled the industrial revolution but now lie depleted and in decay It follows the steady downward spiral of American labor into the nation s produce fields and ends in Zuccotti Park where a new generation revolts against a corporate state that has handed to the young an economic political cultural and environmental catastrophe

Indian Resilience and Rebuilding Donald L. Fixico, 2013-10-10 Indian Resilience and Rebuilding provides an Indigenous view of the last one hundred years of Native history and guides readers through a century of achievements It examines the progress that Indians have accomplished in rebuilding their nations in the 20th century revealing how Native communities adapted to the cultural and economic pressures in modern America Donald Fixico examines issues like land allotment the Indian New Deal termination and relocation Red Power and self determination casino gaming and repatriation He applies ethnohistorical analysis and political economic theory to provide a multi layered approach that ultimately shows how Native people reinvented themselves in order to rebuild their nations Fixico identifies the tools to this empowerment such as education navigation within cultural systems modern Indian leadership and indigenized political economy He explains how these tools helped Indian communities to rebuild their nations Fixico constructs an Indigenous paradigm of Native ethos and reality that drives Indian modern political economies heading into the twenty first century This illuminating and comprehensive analysis of Native nation s resilience in the twentieth century demonstrates how Native Americans reinvented themselves rebuilt their nations and ultimately became major forces in the United States Indian Resilience and Rebuilding redefines how modern American history can and should be told
