Doing Conversation Analysis Paul ten Have, 2007-09-25 This is the book for introducing and getting to grips with conversation analysis Accessible comprehensive and very applied Steven Wright Lancaster University A clearly written book It puts CA into perspective by presenting exemplary studies and differentiating CA from other approaches to discourse It is full of advice concerning the technicalities of recording transcription and analysis It will be most useful to my students Spiros Moschonas University of Athens The Second Edition of Paul ten Have's classic text *Doing Conversation Analysis* has been substantially revised to bring the book up to date with the many changes that have occurred in conversation analysis over recent years The book has a dual purpose to introduce the reader to conversation analysis CA as a specific research approach in the human sciences and to provide students and novice researchers with methodological and practical suggestions for actually doing CA research The first part of the book sets out the core theoretical concepts that underpin CA and relates these to other approaches to qualitative analysis The second and third parts detail the specifics of CA in its production of data recordings and transcripts and its analytic strategies The final part discusses ways in which CA can be applied in the study of specific institutional settings and for practical or critical purposes

Understanding Qualitative Research and Ethnomethodology Paul ten Have, 2004-02-28 *Understanding Qualitative Research and Ethnomethodology* provides a discussion of qualitative research methods from an ethnomethodological perspective Detailed yet concise Paul ten Have's text explores the complex relation between the more traditional methods of qualitative social research and the discipline of ethnomethodology It draws on examples from both ethnomethodological studies and the wider field of qualitative research to discuss critically an array of methods for qualitative data collection and analysis With a student friendly structure this engaging book will be an invaluable resource for both students and researchers across the social sciences

Studies of Laughter in Interaction Phillip Glenn, Phillip J. Glenn, Elizabeth Holt, 2013-07-25 Explores the nature occurrence and uses of laughter in a range of different kinds of interactions across a variety of languages

Interaction and the Standardized Survey Interview Hanneke Houtkoop-Steenstra, 2000-08-03 This study investigates in detail the interaction between interviewers and respondents in standardised social survey interviews Applying the techniques of conversation analysis Hanneke Houtkoop Steenstra reveals how certain rules of normal conversation fail to apply in interviews based on a standard questionnaire and offers original empirical evidence to show what really happens Her book demonstrates that interview results can only be understood as

products of the contingencies of the interview situation and not as is usually assumed the unmediated expressions of respondents real opinions Her conclusions have important implications for anyone interested in effective survey compilation and interpretation The book is highly accessible setting out the basic tools of conversation analysis simply and clearly and suggesting ways of improving questionnaire design wherever possible Its approach will be of great interest to students and researchers of survey methodology

Qualitative Research Practice Clive Seale, 2007 Aimed at the student reader this book demonstrates the benefits of using particular methods from the viewpoint of real life experience It contains chapters written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others
