**Edward Abbey** James M. Cahalan, 2022-08-09 The best biography ever about Ed Cahalan's meticulous research and thoughtful interviews have made this book the authoritative source for Abbey scholars and fans alike Doug Peacock author environmentalist activist and explorer and the inspiration for Hayduke in The Monkey Wrench Gang He was a hero to environmentalists and the patron saint of monkeywrenchers a man in love with desert solitude A supposed misogynist ornery and contentious he nevertheless counted women among his closest friends and admirers He attracted a cult following but he was often uncomfortable with it He was a writer who wandered far from Home without really starting out there James Cahalan has written a definitive biography of a contemporary literary icon whose life was a web of contradictions Edward Abbey A Life sets the record straight on Cactus Ed giving readers a fuller more human Abbey than most have ever known It separates fact from fiction showing that much of the myth surrounding Abbey such as his birth in Home Pennsylvania and later residence in Oracle Arizona was self created and self perpetuated It also shows that Abbey cultivated a persona both in his books and as a public speaker that contradicted his true nature publicly racy and sardonic he was privately reserved and somber Cahalan studied all of Abbey's works and private papers and interviewed many people who knew him including the models for characters in The Brave Cowboy and The Monkey Wrench Gang to create the most complete picture to date of the writer's life He examines Abbey's childhood roots in the East and his love affair with the West his personal relationships and tempestuous marriages and his myriad jobs in continually shifting

locations including sixteen national parks and forests He also explores Abbey's writing process his broad intellectual interests and the philosophical roots of his politics For Abbey fans who assume that his honest novel *The Fool's Progress* was factual or that his public statements were entirely off the cuff Cahalan's evenhanded treatment will be an eye opener More than a biography Edward Abbey *A Life* is a corrective that shows that he was neither simply a countercultural cowboy hero nor an unprincipled troublemaker but instead a complex and multifaceted person whose legacy has only begun to be appreciated The book contains 30 photographs capturing scenes ranging from Abbey's childhood to his burial site

*The American Soldier, 1866-1916* John A. Haymond, 2018-03-19 In the years following the Civil War, the U.S. Army underwent a professional decline. Soldiers served their enlistments at remote, nameless posts from Arizona to Alaska. Harsh weather, bad food, and poor conditions were adversaries as dangerous as Indian raiders. Yet under these circumstances, men continued to enlist for 13 months. Drawing on soldiers' narratives, personal letters, and official records, the author explores the common soldier's experience during the Reconstruction Era, the Indian Wars, the Spanish-American War, the Philippine-American War, and the Punitive Expedition into Mexico.

**Abbreviations Dictionary** Dean A. Stahl, Karen Landen, 2018-10-08 Published in 2001, Abbreviations: nicknames, jargon, and other short forms save time, space, and effort provided they are understood. Thousands of new and potentially confusing terms become part of the international vocabulary each year while our communications are relayed to one another with increasing speed. PDAs link to PCs. The Net has grown into a data central shopping mall and grocery store all rolled into one. E-mail is faster than snail mail; cell phones are faster yet, and it is all done 24/7. Longtime and widespread use of certain abbreviations such as RSVP has made them better understood, standing alone than spelled out. Certainly we are more comfortable saying DNA than deoxyribonucleic acid, but how many people today really remember what the initials stand for? The Abbreviations Dictionary, Tenth Edition, gives you this and other information from Airlines of the World to the Zodiacal Signs.

Thunder on Bataan Donald L Caldwell, 2023-06-14 An incisive readable account of a group of National Guard tankers who fought in the Philippines in the opening phase of America's war in the Pacific Robert S Cameron Ph D military historian and author of *Mobility Shock and Firepower: The Emergence of the U S Army's Armor Branch 1917-1945* The American Provisional Tank Group had been in the Philippines only three weeks when the Japanese attacked the islands hours after the raid on Pearl Harbor Sent north to meet the Japanese landings in Lingayen Gulf the men of the PTG found themselves thrust into a critical role when the Philippine Army could not hold back the Japanese When General MacArthur ordered the retreat to Bataan the PTG proved itself indispensable During early months of 1942 the light tanks of the PTG patrolled Bataan's beaches encircling and destroying Japanese penetrations and small amphibious landings By April 1942 the situation had become untenable and 15 000 Americans along with 60 000 Filipinos surrendered in one of the worst defeats in U S military history The Provisional Tank Group ceased to exist and its men endured the Bataan Death March the torture and starvation of POW camps the hell ships that took them to Japan and Manchuria for slave labor and the Palawan massacre In an evocatively written book Donald L Caldwell reveals the largely ignored role of tanks in the Philippine campaign Conducting impressive primary research to bring to life the combat history of the PTG Caldwell has dug deeper to tell the stories of soldiers from each of the group's six companies recounting their service from enlistment training and combat to imprisonment liberation and return home Remarkable A well told history highly recommended Jay A Stout LtCol Ret USMC author of *Air Apaches*      We Band of Angels Elizabeth Norman, 2013-10-29 In the fall of 1941 the Philippines was a gardenia-scented paradise for the American Army and Navy nurses stationed there War was a distant rumor life a routine of easy shifts and dinners under the stars On December 8 all that changed as Japanese bombs began raining down on American bases in Luzon and this paradise became a fiery hell Caught in the raging battle the nurses set up field hospitals in the jungles of Bataan and the tunnels of Corregidor where they tended to the most devastating injuries of war and suffered the terrors of shells and shrapnel But the worst was yet to come After Bataan and Corregidor fell the nurses were herded into internment camps where they would endure three years of fear brutality and starvation Once liberated they returned to an America that at first celebrated them but later refused to honor their leaders with the medals they clearly deserved Here in letters diaries and riveting firsthand accounts is the story of what really happened during those dark days woven together in a deeply affecting saga of women in war Praise for *We Band of Angels* Gripping a war story in which the main characters never kill

one of the enemy or even shoot at him but are nevertheless heroes Americans today should thank God we had such women Stephen E Ambrose Remarkable and uplifting USA Today Elizabeth M Norman brings a quiet scholarly voice to this narrative In just a little over six months these women had turned from plucky young girls on a mild adventure to authentic heroes Every page of this history is fascinating Carolyn See The Washington Post Riveting poignant and powerful The Dallas Morning News Winner of the Lavinia Dock Award for historical scholarship the American Academy of Nursing National Media Award and the Agnes Dillon Randolph Award

**Homeland Security Scams** James T. Bennett, 2017-07-28 A direct consequence of the War on Terror launched after the attacks of September 11 2001 is an awareness of the need for homeland security This war is being used to justify a huge expansion of government powers and spending but funds allocated for homeland security are often for programs far removed from anything that might be termed defense or security In Homeland Security Scams James T Bennett shows that this government spending is doing very little to make us safer but a great deal to make us poorer less free and more dependent on the federal government Regardless of the color of the security alert issued by the Homeland Security czar the spending light is always green as pork barrel dollars are showered on programs of dubious worth Lobbyists lobby for homeland security grants and contracts corporations and state and local governments are becoming ever more dependent on federal subsidies the vested interest in prolonging and intensifying the concern about homeland security increases and lobbyists press for ever more money As Bennett makes clear with government money comes government control Law enforcement and emergency response agencies at all levels of government are being effectively nationalized Police power is being concentrated and the Department of Homeland Security DHS envisions a surveillance state that the East German State Police under Communism would have envied In this hard hitting critique Bennett argues that all the spending and surveillance will not win the War on Terror or preserve us from natural disasters The foe cannot be beaten we re having trouble even finding the enemy cannot surrender and still has awesome powers to lay waste to American cities and citizens He argues that we should view terrorism as just one of many other serious threats to individuals and to nations More sternly he warns that the War on Terror is also a War on Privacy and a War on Liberty
