Books Liz Knowles, Martha Smith, 2007-05-30 *Understanding Diversity Through Novels and Picture Books* goes beyond the usual multicultural lists and looks at the wide expanse of the diversity of cultures and lifestyles impacting children's lives in America today and identifies good books to have in library collections for them to read. Included are annotated titles with discussion questions from all of the identified cultures and subcultures and annotated teacher/librarian resources print and Web based as well as an excellent list of topical annotated journal articles. Grades 4-8. Knowles and Smith examine current research on diversity and multiculturalism. They move away from the traditional aspects of multicultural education: food, fashion, folktales, festivals, and famous people to a focus on novels and picture books and realistic fiction to show children with diversity issues that there are others in similar positions. The issue of authenticity: whether the author of the book should be of that culture or merely familiar with the culture is discussed. Topics include Ethnicities: Asian, Latino, Hispanic, African, Black, Native American, White, European, Bi-Multiracial. Exceptionalities: Ageism, Socioeconomic Status, Sexual Orientation, Gender, and Religion. The authors provide this valuable resource for libraries, schools, and communities that wish to utilize literature to help diverse students walk in the shoes of others and to match books to children and young adults to heighten understanding and acceptance. Grades 4-8.

The Read-Aloud Scaffold Judy Bradbury, 2011-09-16 This compendium of outstanding read-aloud choices for grades pre-K-3 will enrich and extend content area instruction, helping busy teachers to meet curriculum requirements within the confines of their busy schedules. It's a familiar and unfortunate story: educators everywhere are being asked to do more teaching with less money, less staff, and less time. One easy way to provide more content area instruction to very young readers is by scaffolding beneficial learning subjects within memorable read-aloud activities. This augments the instructional curriculum and keeps learning fun without adding to the educator's already full plate. *Read-Aloud Scaffold: Best Books to Enhance Content Area Curriculum*, Grades Pre-K-3 offers teachers and librarians over 700 content area connections through carefully selected, recently published children's trade books. These selections include fiction and non-fiction titles that represent outstanding read-aloud choices that will augment the instructional curriculum, covering subjects ranging from history to holidays to special events and from biographies and memoirs to poetry and character education. A Closer Look suggests outstanding read-aloud choices related to key units in the curriculum and features discussion points, cross-curricular activities, writing prompts, and related online and print materials.
