The Small Details of Life Kathryn Carter, 2002-01-01 The diaries of twenty different women from various points in Canadian history covering 160 years from 1830 to 1996 Each diary is a snapshot into a different time period Includes short biographies on each woman 2002 *Getting Into the Nitty-Gritty of Fiscal Multipliers: Small Details, Big Impacts* José Federico Geli, Afonso S. Moura, 2023-02-10 The lack of a standardized framework to report fiscal multipliers limits comparisons across studies budgetary items or countries Within a unified analytical framework using a panel of 177 countries we study how key methodological details affect the size and persistence of fiscal multipliers estimates Our baseline results are in line with the existing literature with average cumulative medium term multipliers of 2.125 for taxes on personal income 0.317 for investment and 0.519 for consumption for advanced emerging market economies However we show that slight changes in the identification of shocks based on forecast errors or in the definition of the fiscal multiplier can artificially increase both the size and decrease the precision of estimates We also emphasize the importance of accounting for the endogenous dynamic responses of fiscal variables to fiscal innovations by showing that multipliers calculated simply as the output response to fiscal shocks as it is common in the literature can potentially bias the results

Working well, working for love Javier López Díaz, Millions of people go to work each day, some unhappily if they don't like what they're doing or it doesn't interest them; others only concerned about the pay they will receive and the financial rewards; while others are an example of what Hannah Arendt calls the animal laborans, workers who have no other objective or aim than the very work that life has placed before them and which they carry out by natural inclination or by inertia. At a higher level is the figure of the homo faber, the person who works with a wider view, with the aim of making a business or a project a success, sometimes seeking personal affirmation but often with the noble aspiration of serving others and serving society as a whole. Christians ought to be in this last category and even higher. If they really are Christians, they will not see themselves as slaves or as paid workers but as children of God for whom work is a vocation and a divine mission to be carried out for love and with love. Work is man's vocation, the place for his development as a child of God. Further, it is the matter of his sanctification and the fulfillment of his apostolic mission. Hence the Christian should not be afraid of effort or tiredness but should embrace them with joy, a joy that has its roots in the shape of the cross. The last sentence comes from St. Josemaría Escrivá, the saint who taught us to sanctify our work, turning it into nothing less than the work of God. The pages of this book are inspired by his message or rather they are inspired by the message of the Gospel.

since St Josemar a did nothing other than to teach us the words and life of Jesus above all in his years spent in Nazareth working with St Joseph from whom he learnt to work as an artisan and with Our Lady who served him with her work in the home
