s a pony called Monica **A Stranger in the Kingdom** Howard Frank Mosher, 2014-05-27 This novel of murder and its aftermath in a small Vermont town in the 1950s is reminiscent of *To Kill a Mockingbird*. Absorbing. The New York Times In Kingdom County Vermont the town's new Presbyterian minister is a black man an unsettling fact for some of the locals. When a French Canadian woman takes refuge in his parsonage and is subsequently murdered suspicion immediately falls on the clergyman. While his thirteen year old son struggles in the shadow of the town's accusations and his older son a lawyer fights to defend him a father finds himself on trial more for who he is than for what he might have done. Set in northern Vermont in 1952 Mosher's tale of racism and murder is powerful viscerally affecting and totally contemporary in its exposure of deep seated prejudice and intolerance. A big old fashioned novel. Publishers Weekly A real mystery in the best and truest sense.
