## **Sociology In The Soviet Union And Beyond Social Enquiry And Social Change:**

**Sociology in the Soviet Union and Beyond** Elizabeth A. Weinberg, 2017-11-28 This fascinating and comprehensive volume traces the development scope and character of sociological research in Russia and subsequently the Soviet Union from the turn of the 20th century to the 1990s Opening with the lively social debates of pre Revolution Russia Elizabeth Weinberg discusses the intellectual factions of the post Revolutionary period and the eventual replacement of idealism with materialism leading to the emergence of Soviet sociology in 1956 The book examines the methods of research that were accepted as valid for Marxist research offering a profile of key Soviet sociologists and the research climate in which they operated It also discusses the main areas of research that predominated in Soviet sociology with separate chapters on two of the most significant public opinion research and time budget studies This fully revised newly updated edition of The Development of Sociology in the Soviet Union concludes with a discussion of the involvement of Soviet sociologists in the processes of perestroika and glasnost and the changing position of sociology from the late 1980s onwards

**Sociology in the Soviet Union and Beyond** Elizabeth Ann Weinberg, 2004 This fascinating and comprehensive volume traces the development scope and character of sociological research in Russia and subsequently the Soviet Union from the turn of the 20th century to the 1990s

**News from Moscow** Simon Huxtable, 2022 News from Moscow Journalism and the Fate of the Thaw Project is a history of the post war Soviet press that takes readers from the tense ideological climate of the late Stalin era to the comparative freedom of the Thaw Through a case study of one of the country s most innovative and popular titles the youth daily Komsomol skaia pravda the book shows how journalists attempted to remake the Soviet newspaper after Stalin s death but details the many obstacles they faced along the way The book argues that Thaw journalism was characterised by an unresolvable tension between innovation and conservatism the more journalists tried to devise new forms to attract readers the more officials grew anxious about the potentially disruptive consequences of reform Taking readers from the gloomy climate of late Stalinism to the invasion of Czechoslovakia in 1968 the book s six chapters offer examples of journalists attempts to innovate from its advocacy for person centred pedagogy in the late Stalin and Thaw periods to the creation of the country s first polling institute and its support for Brezhnev s technocratic reforms in the 1960s Drawing on a range of unseen internal documents including transcripts of private editorial meetings the book takes readers into the Soviet newsroom for the first time and details the conversations with colleagues functionaries and readers that characterised journalists daily work and the conflicts with officials that came to characterise the Thaw project

*The Politics of Knowledge in Central Asia* Sarah Amsler, 2007-04-24 Through careful historical and ethnographic research and extensive use of local scholarly works this book provides a persuasive and careful analysis of the production of knowledge in Central Asia The author demonstrates that classical theories of science and society are inadequate for understanding the science project in Central Asia Instead a critical understanding of local science is more appropriate In the region the

professional and political ethos of Marxism Leninism was incorporated into the logic of science on the periphery of the Soviet empire This book reveals that science organizes and constructed by Soviet rule was also defined by individual efforts of local scientists Their work to establish themselves between Marx and the market is therefore creating new political economies of knowledge at the edge of the scientific world system

**Lost to the Collective** Kenneth M. Pinnow, 2011-03-15 As an act of unbridled individualism suicide confronted the Bolshevik regime with a dilemma that challenged both its theory and its practice and helped give rise to a social science state whose primary purpose was the comprehensive and rational care of the population Labeled a social illness and represented as a vestige of prerevolutionary culture suicide in the 1920s raised troubling questions about individual health and agency in a socialist society provided a catalyst for the development of new social bonds and subjective outlooks and became a marker of the country's incomplete move toward a collectivist society Determined to eradicate the scourge of self destruction the regime created a number of institutions and commissions to identify pockets of disease and foster an integrated social order The Soviet confrontation with suicide reveals with particular force the regime's anxieties about the relationship between the state and the individual In *Lost to the Collective* Kenneth M Pinnow suggests the compatibility of the social sciences with Bolshevik dictatorship and highlights their illusory promises of control over the everyday life of groups and individuals The book traces the creation of national statistical studies the course of medical debates about causation and expert knowledge and the formation of a distinct set of practices in the Bolshevik Party and Red Army that aimed to identify the suicidal individual and establish his or her significance for the rest of society Arguing that the Soviet regime represents a particular response to the pressures and challenges of modernity the book examines Soviet socialism from its intense concern with the individual to its quest to build an integrated society as one response to the larger question of human unity

*The Will to Predict* Eglė Rindzevičiūtė, 2023-05-15 In *The Will to Predict* Egl Rindzevičiūtė demonstrates how the logic of scientific expertise cannot be properly understood without knowing the conceptual and institutional history of scientific prediction She notes that predictions of future population economic growth environmental change and scientific and technological innovation have shaped much of twentieth and twenty first century politics and social life as well as government policies Today such predictions are more necessary than ever as the world undergoes dramatic environmental political and technological change But she asks what does it mean to predict scientifically What are the limits of scientific prediction and what are its effects on governance institutions and society Her intellectual and political history of scientific prediction takes as its example twentieth century USSR By outlining the role of prediction in a range of governmental contexts from economic and social planning to military strategy she shows that the history of scientific prediction is a transnational one part of the history of modern science and technology as well as governance Going beyond the Soviet case Rindzevičiūtė argues that scientific predictions are central for organizing uncertainty through the orchestration of knowledge and action Bridging the fields of political sociology organization studies and history *The Will to*

Predict considers what makes knowledge scientific and how such knowledge has impacted late modern governance

**Sociology at the London School of Economics and Political Science, 1904-2015** Christopher T.

Husbands, 2019-03-14 This book provides an original overall account of the history of sociology at the London School of Economics and Political Science where the first sociology course as part of a conventional university degree programme in the UK was taught Thus the book is unique in its contribution to an important part of the history and development of sociology in the UK The chapters discuss the names that at least until the post war period are identified as central to the early phase of British sociology Husbands documents the impact and influence of these leading figures through material in numerous previously little used archives Also explored are the culture of LSE Sociology students their attitudes political orientations and academic attainments The reputation and influence of LSE Sociology on the general development of the subject in the UK are also assessed The book will be of interest to sociology students and scholars wanting to know about the discipline's history as well as to those with a broader interest in higher education policy

**Sociology in Russia** Larissa Titarenko, Elena Zdravomyslova, 2017-08-17 This book represents the first comprehensive historical treatment of sociology in Russia from the mid nineteenth century through the pre revolutionary and Soviet eras to the present day It sheds new light on the dramatic history of sociology in the Russian context dramatic both in its relationship with state power and in the large scale societal transformations it has had to grapple with The authors highlight several particularities including the late institutionalization of sociology in the Soviet period the breaks in continuity between its main historical periods and the relationship between sociology and power throughout its history This valuable work will appeal to social science and history scholars as well as readers interested in the history of contemporary Russia

**The ISA Handbook of Diverse Sociological Traditions** Sujata Patel, 2010 This latest edition to the ISA handbook series actively engages with the many traditions of sociology in the world Twenty nine chapters from prominent international contributors discuss challenge and re conceptualize the global discipline of sociology evaluating the diversities within and between sociological traditions of many regions and nation states They assess all aspects of the discipline ideas and theories scholars and scholarship practices and traditions ruptures and continuities through an international perspective Its goal is to become a text for debating the contours of international sociology

*Cold War Books in the 'Other' Europe and What Came After* Jiřina Šmejkalová, 2010-11-19 Drawing on analyses of the socio cultural context of East and Central Europe with a special focus on the Czech cultural dynamics of the Cold War and its aftermath this book offers a study of the making and breaking of the centrally controlled system of book production and reception It explores the social material and symbolic reproduction of the printed text in both official and alternative spheres and patterns of dissemination and reading Building on archival research statistical data media analyses and in depth interviews with the participants of the post 1989 de centralization and privatization of the book world it revisits the established notions of censorship and revolution in order to uncover people's

performances that contributed to both the reproduction and erosion of the old regime

**Lydia Ginzburg's Prose** Emily Van Buskirk, 2016-01-05 The Russian writer Lydia Ginzburg 1902-90 is best known for her *Notes from the Leningrad Blockade* and for influential critical studies such as *On Psychological Prose* investigating the problem of literary character in French and Russian novels and memoirs Yet she viewed her most vital work to be the extensive prose fragments composed for the desk drawer in which she analyzed herself and other members of the Russian intelligentsia through seven traumatic decades of Soviet history In this book the first full length English language study of the writer Emily Van Buskirk presents Ginzburg as a figure of previously unrecognized innovation and importance in the literary landscape of the twentieth century Based on a decade's work in Ginzburg's archives the book discusses previously unknown manuscripts and uncovers a wealth of new information about the author's life focusing on Ginzburg's quest for a new kind of writing adequate to her times She writes of universal experiences frustrated love professional failures remorse aging and explores the modern fragmentation of identity in the context of war terror and an oppressive state Searching for a new concept of the self and deeming the psychological novel a beloved academic specialty inadequate to express this concept Ginzburg turned to fragmentary narratives that blur the lines between history autobiography and fiction This full account of Ginzburg's writing career in many genres and emotional registers enables us not only to rethink the experience of Soviet intellectuals but to arrive at a new understanding of writing and witnessing during a horrific century

*Laboratory of Socialist Development* Artemy M. Kalinovsky, 2018-05-15 Focusing on the Tajik Soviet Socialist Republic this book places the Soviet development of Central Asia and the Soviet hope for communism's bringing prosperity to a supposedly backward area in global context

**The Decisionist Imagination** Daniel Bessner, Nicolas Guilhot, 2018-10-19 In the decades following World War II the science of decision making moved from the periphery to the center of transatlantic thought *The Decisionist Imagination* explores how decisionism emerged from its origins in prewar political theory to become an object of intense social scientific inquiry in the new intellectual and institutional landscapes of the postwar era By bringing together scholars from a wide variety of disciplines this volume illuminates how theories of decision shaped numerous techno-scientific aspects of modern governance helping to explain in short how we arrived at where we are today

*Men Out of Focus* Marko Dumančić, 2021 *Men Out of Focus* charts conversations and polemics about masculinity in Soviet cinema and popular media during the liberal period often described as The Thaw between the death of Stalin in 1953 and the invasion of Czechoslovakia in 1968 The book shows how the filmmakers of the long 1960s built stories around male protagonists who felt disoriented by a world that was becoming increasingly suburbanized rebellious consumerist household oriented and scientifically complex The dramatic tension of 1960s cinema revolved around the male protagonists inability to navigate the challenges of postwar life Selling over three billion tickets annually the Soviet film industry became a fault line of postwar cultural contestation By examining both the discussions surrounding the period's most controversial movies as well as the cultural context in which these

debates happened the book captures the official and popular reactions to the dizzying transformations of Soviet society after Stalin

**Nationalism** Eric Storm, 2024-10-29 A new global history of nationalism Today almost all countries are considered nation states but only a handful conform to the original nationalist ideal of a unitary state which governs an ethnically homogenous nation an ideal which has rarely been realized in the past Given this disjunction between the ideal and reality what explains the extraordinary success of the nation state model a form of statehood based on popular sovereignty and the seductive power of the myth of national homogeneity Most existing studies focus on the activities of nationalist movements their views on the nation's identity and the wars and revolutions that produced nation states This has served to overemphasize the singularity of each case producing a very fragmented picture overall In this book author Eric Storm takes a global approach by examining the structural changes that were engendered by the advance of the nation state model and the nationalization of culture Emphasizing how conceptions of the nation changed profoundly over time the book details how the rise of nationalism fundamentally affected the everyday life of ordinary people across the globe Storm explores four interrelated topics chronologically the rise dissemination and evolution of the nation state model which was first developed during the Atlantic Revolutions the implications of national citizenship for citizens and the attempt by nation states to expand the ambit of citizenship even while more strictly excluding outsiders the allure of nationalism as the existence of differentiated nations was increasingly taken for granted in the humanities social sciences and high culture and finally the process whereby nationalism became ingrained in daily life and the physical environment In making use of a global comparative approach Storm makes clear that no nation has been unique rather they have all conformed to the nation state model

**Pragmatism and Democracy** Dmitri N. Shalin, 2017-09-08 This volume examines the roots of pragmatist imagination and traces the influence of American pragmatism in diverse areas of politics law sociology political science and transitional studies The work explores the interfaces between the Progressive movement in politics and American pragmatism Shalin shows how early 20th century progressivism influenced pragmatism's philosophical agenda and how pragmatists helped articulate a theory of progressive reform The work addresses pragmatism and interactionist sociology and illuminates the cross fertilization between these two fields of studies Special emphasis is placed on the interactionists search for a logic of inquiry sensitive to the objective indeterminacy of the situation The challenge that contemporary interactionist studies face is to illuminate the issues of power and inequality central to the political commitments of pragmatist philosophers Shalin explores the vital link between democracy civility and affect His central thesis is that democracy is an embodied process that binds affectively as well as rhetorically and that flourishes in places where civic discourse is an end in itself a source of vitality and social creativity sustaining a democratic community The author shows why civic discourse is hobbled by the civic body that has been misshapen by past abuses Drawing on the studies of the civilizing process Shalin speculates about the emotion demeanor and body language of democracy and explores from this

angle the prospects for democratic transformation in countries struggling to shake their totalitarian past View Table of Contents

**Understanding Russian Politics** Stephen White, 2011-03-31 A fresh and compelling interpretation of Russian politics by a leading authority this textbook focuses on political developments in the world's largest country under Putin and Medvedev Using a wealth of primary sources it covers economic social and foreign policy and the system of politics that has developed in recent years Opposing arguments are presented and students are encouraged to reach their own judgements on key events and issues such as privatisation and corruption This textbook tackles timely topics such as gender and inequality issues organised religion the economic crisis and Russia's place in the international community It uses numerous examples to place this powerful and richly endowed country in context with a focus on the place of ordinary people which shows how policy is translated to Russians everyday lives

**American Book Publishing Record**, 2004

**Forthcoming Books** Rose Arny, 2004
