Sociology Of British Communism:

The Sociology of British Communism Kenneth Newton,1969 **The Sociology of British Communism** Kenneth Newton (Politologe),1969 British Communism and the Politics of Race Evan Smith,2017-10-02 British Communism and the Politics of Race explores the role that the Communist Party of Great Britain played within the anti racism movement in Britain from the 1940s to the 1980s As one of the first organisations to undertake serious anti colonial and anti racist activism within the British labour movement the CPGB was a pioneering force that campaigned against racial discrimination popular imperialism and fascist violence in British society The book examines the balancing act that the Communist Party negotiated in its anti racist work between making appeals to the labour movement to get involved in the fight against racism and working with Britain s ethnic minority communities who often felt let down by the trade unions and the Labour Party Transitioning from a class based outlook to an embrace of the new social movements of the 1960s 70s the CPGB played an important role in the anti racist struggle but by the 1980s it was eclipsed by more radical and diverse activist organisations

Communism in Britain, 1920-39 Thomas Linehan,2017-10-03 Based on extensive use of primary evidence this is the first study of interwar British communism to set the communist experience within the framework of the life cycle Communism offered a complete identity that could reach into virtually all aspects of life the Party sought influence even over members personal conduct moral codes health and diet personal hygiene and aesthetic judgements The British Communist Party CPGB sought to address the communist experience through all of the principal phases of the life cycle and its reach therefore extended to take in children youth and the various aspects of the adult experience including marital and kinship relations The book also considers the contention that the Communist Party functioned as a political religion for some joiners who opted to enter the congregation of the communist devoted The British Communist Party and Moscow, 1920-43 Andrew

Thorpe,2000 The relationship between the British Communist Party and Soviet Communism is one of perennial fascination In this text Thorpe makes extensive use of available sources to offer a new view of this most controversial of topics **The**

Communist Party of Great Britain Since 1920 J. Eaden,D. Renton,2002-05-10 A new single volume history of the Communist Party of Great Britain examining the party from its foundations in 1920 to its demise in the early 1990s Drawing on original research and a reading of specialist texts the authors analyze the rise and fall of the party and evaluate its role on the left of British politics Whilst sympathetic to the ideals and commitment of many British communist activists the book is sharply critical of much of the actual practice of the party **The Communist Party of Great Britain and the National**

Question in Wales, 1920-1991 Douglas Jones,2017-10-15 While electorally weak the Communist Party of Great Britain and its Welsh Committee was a constant feature of twentieth century Welsh politics in particular through its influence in the trade union movement Based on original archival research the present volume offers the first in depth study of the Communist Party s attitude to devolution in Wales to Welsh nationhood and Welsh identity as well as examining the party s

relationship with the Labour Party Plaid Cymru and the labour and nationalist movements in relation to these issues Placing the party's engagement of these issues within the context of the rapid changes in twentieth century Welsh society debates on devolution and identity on the British left the role of nationalism within the communist movement and the interplay of international and domestic factors the volume provides new insight into the development of ideas by the political left on devolution and identity in Wales during the twentieth century It also offers a broad outline of the party's policy in relation to Wales during the twentieth century and an assessment of the role played by leading figures in the Welsh party in developing its policy on Wales and devolution

Social Inequality and Class Radicalism in France and Britain Duncan Gallie, 1984-01-26 This book first published in 1983 examines in depth the nature and sources of class radicalism in France and Britain and takes issue with some of the major theories of class consciousness and class action Drawing on data both from detailed case studies and from wider national surveys it shows that the conflict of class interests within capitalist societies can lead to sharply diverging attitudes to class inequality It argues that the explanation of such differences cannot be found in some general law of the evolution of social conflict in capitalist society It must be sought in the profound institutional differences that exist between the two societies In particular the study argues for a reassessment of the importance of the experience of war and of the way in which the business and political elite handled the social crises generated by war in accounting for the long term structural divergence of capitalist societies

Growing Up Communist in the Netherlands and Britain Elke Weesjes, 2025-10-01 Growing Up Communist in the Netherlands and Britain Childhood Political Activism and Identity Formation documents communists' attempts successful and otherwise to overcome their isolation and to connect with the major social and political movements of the twentieth century Communist parties in Britain and the Netherlands emerged from the Second World War expecting to play a significant role in post war society due to their domestic anti fascist activities and to the part played by the Soviet Union in defeating fascism The Cold War shattered these hopes and isolated communist parties and their members By analysing the accounts of communist children Weesjes highlights their struggle to establish communities and define their identities within the specific cultural social and political frameworks of their countries

The Revolutionary Movement in Britain 1900-21 Walter Kendall, 2025-07-24 Kendall's classic work has been widely appreciated for its rich contextualisation of the events and forensic examination of both the national and international factors influencing the nativity of the British Communist Party It imaginatively recuperates and

critically evaluates the politics of the party's predecessors notably the British Socialist Party and the Socialist Labour Party the radical upsurge of 1910-14 the wartime shop stewards movement the resonance of the Russian Revolution and the role of the Comintern in moulding the form that British Communism took Vivid portraits of the human actors H M Hyndman John Maclean Arthur MacManus and Theodore Rothstein illuminate the text First published in 1969 *The Revolutionary Movement in Britain* has stood the test of time It remains indispensable reading for everyone interested in understanding socialist history John McIlroy has provided a detailed Introduction to this republication *Leninism, Stalinism, and the Women's Movement in Britain, 1920-1939* Sue Bruley, 2013-04-02 This book offers a detailed examination of the interaction between socialism and feminism through the lens of one particular socialist organisation the Communist Party of Great Britain from its foundation in 1920 until the outbreak of the Second World War The study of socialism and feminism in the CPGB can be divided into four major areas the party's concept of socialism and the role of women in a future society the party's relationship to the feminist movement the work of the party in relation to specific women's issues and how the sexual division of labour operated within the party The author here defines and explains the socialist and feminist traditions in Britain and describes the ways in which they interacted both at the level of theory and of practice Sources from party press and reports to interviews with party members and non party written and oral evidence and accounts feed into this thorough chronological treatment which outlays the changes within the CPGB during the 1920s and 30s in relation to feminism *British Sociologists and French 'Sociologues' in the Interwar Years* Baudry Rocquin, 2019-01-04 This book is a comparative study of the development of sociology in Britain and France between 1920 and 1940 taking a broad definition of the discipline to examine divergence across the channel in the interwar years Rocquin charts the tension between differing schools of thought presenting an alternative history of Europe based on cultural and intellectual struggle and variation in theoretical visions of society a divide that is still crucial in understanding the present situation between Continental Europe and the United Kingdom This is a compelling addition to the history of sociology and will be of interest to students and scholars across history historical sociology politics European studies and the sociology of knowledge **British Sources of Information** P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual **The Radical Left in Britain** James Jupp, 2005-07-27 The past ten years have seen a revival of interest in the recent history of the British labour movement and particularly in the alleged lost opportunity for a British revolution at some stage between 1900 and 1926 What is attempted here is a reassessment of the

radical politics of the 1930s a decade also mythologized in the recent past as one in which British intellectuals were either fellow travelling with Stalin or moving towards Marxism depending on your point of view My concern is not centrally with those poets writers and scientists whose memoirs of the RedThirties are readily available *London Jews and British Communism, 1935-1945* Henry Felix Srebrnik, 1995 In 1935-45 the Communist Party of Great Britain succeeded in gaining the mass support of East London Jewry using ethnic rather than class appeal Many of the communists goals in this period coincided with those of the Jews as a group e.g. opposition to the British Union of Fascists led by Mosley and to other antisemitic right wing groups support for the opening of a second front during the war which could help the USSR liberate Eastern European Jews The Communist Party fought against antisemitism in Britain supported Jewish defense organizations in the 1930s such as the Jewish People's Council against Fascism and Anti-Semitism and defended German Jewish refugees who were interned by the authorities The National Jewish Committee was established within the CPGB to deal with specifically Jewish problems The communists played on the belief of many Jews that the USSR had solved its Jewish problem After the war the popularity of the CPGB among London Jews declined mainly because of the growth of Soviet antisemitism
