Soete Minne En Helsche Boosheit:

Soete minne en helsche boosheit Gert Hekma, Herman Roodenburg, 1988 Geschiedenis van de seksualiteit in Nederland van 1300 tot 1850 **Strategic Affection?** Irma Thoen, 2007 Since the early days of humanity gifts as varied as valued objects hospitality and works of art have been an essential means of establishing and maintaining social ties Strategic Affection studies the exchange of gifts in order to explore the nature of seventeenth century Dutch social relations Looking at such widely divergent figures as schoolmasters artisans poets and nobles Irma Thoen compares seventeenth century Dutch gifts with contemporary gift exchanges to show that both strategy and affection are necessary elements of any social relations and that what changes most is not the system but the discourse of exchange The Colony of New Netherland Jaap Jacobs, 2009 The Dutch involvement in North America started after Henry Hudson sailing under a Dutch flag in 1609 traveled up the river that would later bear his name The Dutch control of the region was short lived but had profound effects on the Hudson Valley region In *The Colony of New Netherland* Jaap Jacobs offers a comprehensive history of the Dutch colony on the Hudson from the first trading voyages in the 1610s to 1674 when the Dutch ceded the colony to the English As Jacobs shows New Netherland offers a distinctive example of economic colonization and in its social and religious profile represents a noteworthy divergence from the English colonization in North America Centered around New Amsterdam on the island of Manhattan the colony extended north to present day Schenectady New York east to central Connecticut and south to the border shared by Delaware New Jersey and Pennsylvania leaving an indelible imprint on the culture political geography and language of the early modern mid Atlantic region Dutch colonists vivid accounts of the land and people of the area shaped European perceptions of this bountiful land their own activities had a lasting effect on land use and the flora and fauna of New York State in particular as well as on relations with the Native people with whom they traded Sure to become readers first reference to this crucial phase of American early colonial history *The Colony of New Netherland* is a multifaceted and detailed depiction of life in the colony from exploration and settlement through governance trade and agriculture Jacobs gives a keen sense of the built environment and social relations of the Dutch colonists and closely examines the influence of the church and the social system adapted from that of the Dutch Republic Although Jacobs focuses his narrative on the realities of quotidian existence in the colony he considers that way of life in the broader context of the Dutch Atlantic and in comparison to other European settlements in North America **The Prison Experience** Pieter Spierenburg, 2007-01-01 Though the prison is central to the penal system of most modern nations many believe that imprisonment did not become a major judicial sanction until the nineteenth century In this readable history Pieter Spierenburg traces the evolution of the prison during the early modern period and illustrates the important role it has played as both disciplinary institution and penal option from the late sixteenth century onward Placing particular emphasis on the prisons of the Netherlands Germany and France *The Prison Experience* examines not only the long term nature of prisons

and the historical conceptions of their prisoners but also looks at the daily lives of inmates supplementing our understanding of social change and day to day life in early modern Europe **From Sappho to De Sade (Routledge Revivals)** Jan N. Bremmer, 2014-06-27 The history of sexuality has been the subject of increased interest in recent years and more widely acknowledged importance in the interpretation of past mentalities Yet historians have only recently begun to study sexual practices in any depth establishing that sexuality is not a biological constant but an ever changing phenomenon continuously shaped by people themselves The contributors to this interdisciplinary collection bring their expertise in ancient as well as medieval history anthropology modern history and psychology to bear upon the history of sexuality They explore various aspects of sexuality in successive periods pederasty and lesbian love in antiquity incest in the Middle Ages sexual education during the Dutch Republic voyeurism in the rococo prostitution in Vienna around 1900 and the invention of sexology From Sappho to De Sade first published in 1989 offers an informative and entertaining collection of essays for students of cultural anthropology social history and gender studies **Third Sex, Third Gender** Gilbert Herdt, 2020-10-27 Most modern discussions of the relationship of biological sex to gender presuppose that there are two genders male and female founded on the two biological sexes But not all cultures share this essentialist assumption and even Western societies have not always embraced it Bringing together historical and anthropological studies Third Sex Third Gender challenges the usual emphasis on sexual dimorphism and reproduction providing a unique perspective on the various forms of socialization of people who are neither male nor female The existence of a third sex or gender enables us to understand how Byzantine palace eunuchs and Indian hijras met the criteria of special social roles that necessitated practices such as self castration and how intimate and forbidden desires were expressed among the Dutch Sodomites in the early modern period the Sapphists of eighteenth century England or the so called hermaphrodite homosexuals of nineteenth century Europe and America By contextualizing these practices and by allowing these bodies meanings and desires to emerge Third Sex Third Gender provides a new way to think about sex and gender systems that is crucial to contemporary debates within the social sciences *Dutch Jews as Perceived by Themselves and by Others* Chaya Brasz, Yosef Kaplan, 2021-11-22 How did Jews in the Netherlands view themselves and how were they viewed by others This is the single theme around which the twenty five essays in this volume written by scholars from the Netherlands Israel and other countries revolve The studies encompass a variety of topics and periods from the beginning of the Jewish settlement in the Dutch Republic through the Shoah and its aftermath They include examinations of the Sephardi Jews in the seventeenth and eighteenth centuries the Jews in the periods of Emancipation and Enlightenment social and cultural encounters between Jews and non Jews throughout the ages the image of the Jew in Dutch literature in the nineteenth and twentieth centuries and the churches attitudes toward Jews Also highlighted are the second World War and its consequences Dutch Jews in Israel and Israelis in the contemporary Netherlands *Selling Sex in the City: A Global History of Prostitution, 1600s-2000s*, 2017-08-28 Selling Sex in the City offers a worldwide analysis of

prostitution since 1600 It analyses more than 20 cities with an important sex industry and compares policies and social trends coercion and agency but also prostitutes working and living conditions *The Burgher and the Whore* Lotte van de Pol, 2011-03-31 Amsterdam was after London and Paris the third largest city in early modern Europe and was renowned throughout Europe for its widespread and visible prostitution Delving deep into a wide range of sources but making particular use of the transcripts of thousands of trials *The Burgher and the Whore* reconstructs Amsterdam's whoredom in detail The colourful and fascinating descriptions of the prostitutes their bawds their clients and the police shed new light on the cultural social and economic conditions of the lives of poor women in a seafaring society Lotte van de Pol explores how the vice trade was embedded in Amsterdam's society economy and judicial system and how legislation and policing were shaped by misogynist attitudes towards women and fear of God's wrath and venereal diseases towards sex The story concentrates on the people living at the margins of a rich metropolis in which there was a large surplus of women many of them poor immigrants with little prospect of marriage Many changes are visible in the 150 years under scrutiny including the view of prostitution from immorality to trade and of prostitutes from whores and criminals to paupers The result is a book that can be read as the history of the Dutch Golden Age from below **Picturing Men and Women in the Dutch Golden Age**

Muizelaar Klaske, Klaske Muizelaar, Derek L. Phillips, 2003-01-01 Taking as their premiss the subjective experience of art the authors look at how paintings by Rembrandt Vermeer other masters were displayed comprehended in the 17th century

Childhood, Memory and Autobiography in Holland R. Dekker, 2019-06-12 Between the 17th and 19th centuries autobiographers and diarists invented new ways to write about childhood and children At the same time pedagogical ideas about child rearing changed This book looks at the connection between these developments Egodocuments can bring the past alive and allow us to sketch six intimate portraits The second part of the book concentrates on the changes Childhood became more highly valued as a phase of life Children were taken more seriously This is shown in chapters on child's play punishment wet nursing and independence Around 1800 in diaries parents more openly grieved about the loss of a child which indicates both a change of literary conventions and changes in the way emotions were felt and expressed Finally autobiographers wrote more and differently about their early years and developed new memory strategies Autobiographical texts are discussed within a wider cultural setting using paintings poetry pedagogical tracts and novels This book makes clear how changes in autobiographical style the concept of childhood and the working of human memory are connected
