Soft Patriarchs New Men How Christianity Shapes Fathers And Husbands:

Soft Patriarchs, New Men W. Bradford Wilcox, 2004-05 In the wake of dramatic recent changes in American family life evangelical and mainline Protestant churches took markedly different positions on family change This work explains why these two traditions responded so differently to family change and then goes on to explore how the stances of evangelical and mainline Protestant churches toward marriage and parenting influenced the husbands and fathers that fill their pews According to W Bradford Wilcox the divergent family ideologies of evangelical and mainline churches do not translate into large differences in family behavior between evangelical and mainline Protestant men who are married with children Mainline Protestant men he contends are new men who take a more egalitarian approach to the division of household labor than their conservative peers and a more involved approach to parenting than men with no religious affiliation Evangelical Protestant men meanwhile are soft patriarchs not as authoritarian as some would expect and given to being more emotional and dedicated to their wives and children than both their mainline and secular counterparts Thus Wilcox argues that religion domesticates men in ways that make them more responsive to the aspirations and needs of their immediate families The Cambridge Companion to American Protestantism Jason E. Vickers, Jennifer Woodruff Tait, 2022-05-26 A comprehensive guide from both chronological and a topical perspective to a broad diverse deeply rooted and influential religious tradition

Unmasking the Male Soul Wilmer G. Villacorta, 2019-09-23 Unmasking the Male Soul is about freedom that confronts the innate and enslaving obsession for power and control in destructive ways At the core of this liberating process we must acknowledge that we cannot escape the sociocultural matrix in which every human being emerges In denying their fallen nature human beings set aside their dependency on God and become self centered and self reliant It is from their self centered hearts that human beings foster dynamics of coercion domination competition and distorted self realization at the expense of others This cycle of shame and guilt is well disguised behind a mask which enables them to enact these dynamics in subtle ways At times even in the name of religion men followed the illusion of their internal insecurities and became dependent on masks of power and control It is time to break away from the chains of exclusion and devaluation of women in Christian leadership Masculinities have only perpetrated a narrative of exceptionalism as the apex of humankind and often they have contrasted to subservient expectations of women in leading others Each chapter responds to the implicit male silence on the issue in a multidisciplinary way with historical sociocultural theological and scriptural implications In this book I will endeavor to challenge the masks of masculinities and dismantle several mental models that foment a gender divide in Christ like leadership in the twenty first century GirlTalk / GodTalk Joyce Mercer, 2008-04 In this refreshing account of the faith lives of adolescent girls and the roles parents play in shaping that faith 50 girls from 12 different denominations tell deeply personal stories about what it means to be young female and Christian **Christianity and American Democracy** Hugh Heclo, Mary Jo Bane, Michael Kazin, Alan Wolfe, 2009-03-31 Hugh Heclo proposes that Christianity not religion in

general has been important for American democracy Responding to his challenging argument Mary Jo Bane Michael Kazin and Alan Wolfe criticize qualify and amend it The result is a lively debate about a momentous tension in American public life

Seeking the Straight and Narrow Lynne Gerber, 2012-08-01 Losing weight and changing your sexual orientation are both notoriously difficult to do successfully Yet many faithful evangelical Christians believe that thinness and heterosexuality are godly ideals and that God will provide reliable paths toward them for those who fall short *Seeking the Straight and Narrow* is a fascinating account of the world of evangelical efforts to alter our strongest bodily desires Drawing on fieldwork at First Place a popular Christian weight loss program and Exodus International a network of ex gay ministries Lynne Gerber explores why some Christians feel that being fat or gay offends God what exactly they do to lose weight or go straight and how they make sense of the program's results or frequently their lack Gerber notes the differences and striking parallels between the two programs and more broadly she traces the ways that other social institutions have attempted to contain the excesses associated with fatness and homosexuality Challenging narratives that place evangelicals in constant opposition to dominant American values Gerber shows that these programs reflect the often overlooked connection between American cultural obsessions and Christian ones

American Religions and the Family Don S. Browning, David A. Clairmont, 2007 Religions respond to capitalism democracy industrialization feminism individualism and the phenomenon of globalization in a variety of ways Some religions conform to these challenges if not capitulate to them some critique or resist them and some work to transform the modern societies they inhabit In this unique collection of critical essays scholars of Judaism Christianity Islam Hinduism Buddhism Confucianism and Native American thought explore the tension between modernization and the family sexuality and marriage traditions of major religions in America Contributors examine how various belief systems have confronted changing attitudes regarding the meaning and purpose of sex the definition of marriage the responsibility of fathers and the status of children They also discuss how family law in America is beginning to acknowledge certain religious traditions and how comparative religious ethics can explain and evaluate diverse family customs Studies concerning the impact of religious thought and behavior on American society have never been more timely or important Recent global events cannot be fully understood without comprehending how belief systems function and the many ways they can be employed to the benefit and detriment of societies Responding to this critical need *American Religions and the Family* presents a comprehensive portrait of religious cultures in America and offers secular society a pathway for appreciating religious tradition

[Responding to Abuse in Christian Homes](#) Nancy Nason-Clark, Catherine Clark Kroeger, Barbara Fisher-Townsend, 2011-03-04 Domestic abuse is a horror It lurks beneath the surface of our collective existence sometimes raising its ugly head where least expected in the church or within families of faith Are we individually or collectively ready to respond What can or should congregations and their pastoral leaders do And as we survey the Christian landscape across the United States and Canada are we as the community of faith stepping up to the challenge presented by violence in the family There is no easy answer to the problems that surface when abuse impacts the Christian family But each of the authors contributing to this volume believes fervently that it is imperative that followers of Jesus and their spiritual shepherds respond to the cries for help To respond well necessitates both knowledge and a willingness to act This book is here to help It represents a collective effort to bring all of us a step farther in our journey of walking with Christ over a sea of troubled waters None of us know as much as we should but all of us can learn from one another Throughout the collection we provide an opportunity to examine a diversity of perspectives with the hope that each will in some way advance our understanding of the complexity of domestic violence issues in our midst within our churches and the communities where our churches minister
