Pargas, Juliane Schiel, 2023-06-14 This open access handbook takes a comparative and global approach to analyse the practice of slavery throughout history. To understand slavery, why it developed and how it functioned in various societies is to understand an important and widespread practice in world civilisations. With research traditionally being dominated by the Atlantic world, this collection aims to illuminate slavery that existed in not only the Americas but also ancient, medieval, North and sub-Saharan African, Near Eastern and Asian societies. Connecting civilisations through migration, warfare, trade routes and economic expansion, the practice of slavery integrated countries and regions through power based relationships whilst simultaneously dividing societies by class, race, ethnicity and cultural group. Uncovering slavery as a globalising phenomenon, the authors highlight the slave trading routes that crisscrossed Africa, helped integrate the Mediterranean world, connected Indian Ocean societies and fused the Atlantic world. Split into five parts, the handbook portrays the evolution of slavery from antiquity to the contemporary era and encourages readers to realise similarities and differences between various manifestations of slavery throughout history. Providing a truly global coverage of slavery and including thematic injections within each chronological part, this handbook is a comprehensive and transnational resource for all researchers interested in slavery, the history of labour and anthropology. *A History of Borno* Vincent Hiribarren, 2017-02-17 A history of an ancient Sahelian kingdom whose hinterland is now being laid waste by the Boko Haram insurgency. **The ^AOxford World History of Empire** Peter Fibiger Bang, C. A. Bayly, Walter Scheidel, 2020-12-02 Volume Two tracks the protean history of political domination from the very beginnings of state formation in the Bronze Age up to the present. *West African Warfare in Bahia and Cuba* Manuel Barcia Paz, 2014 West African Warfare in Bahia and Cuba seeks to explain how a series of historical events that occurred in West Africa from the mid 1790s including Afonja's rebellion, the Owu wars, the Fulani led jihad and the migrations to Egbaland had an impact upon life in cities and plantations in western Cuba and Bahia. Manuel

Barcia examines the extent to which a series of African led plots and armed movements that took place in western Cuba and Bahia between 1807 and 1844 were the result or a continuation of events that had occurred in and around the Yoruba and Hausa kingdoms in the same period Why did these two geographical areas serve as the theatre for the uprising of the Nagos the Lucumis and other West African men and women The answer Barcia argues relates to the fact that plantation economies supported by unusually large numbers of African born slaves from the same or close geographical and ethnic heritage which transformed the rural and urban landscape in western Cuba and Bahia To understand why these two areas followed such similar social patterns it is essential to look across the Atlantic it is not enough to repeat the significance of the African background of Bahian and Cuban slaves By establishing connections between people and events with a special emphasis on their warfare experiences Barcia presents a coherent narrative which spans more than three decades and opens a wealth of archival research for future study
