**Solo plus** Music Sales Corporation,2000      *Experiencing Leonard Bernstein* Kenneth LaFave,2014-10-30 Leonard Bernstein is a household name Most know him for his classic musical reworking of Shakespeare s Romeo and Juliet as Broadway s West Side Story But Bernstein accomplished so much more as a composer and his body of work is both broad and varied He composed ballets Fancy Free Facsimile Dybbuk operas Trouble in Tahiti Candide A Quiet Place musicals On the Town Wonderful Town film scores On the Waterfront symphonies choral works chamber music pieces art songs and piano works In *Experiencing Leonard Bernstein A Listener s Companion* Kenneth LaFave guides readers past Bernstein s famously tortured personal problems and into the clarity and balance of his Serenade after Plato s Symposium for Violin and Orchestra the intense drama of his music for On the Waterfront the existential cosmography of his three symphonies and his vibrant works for the musical stage Perhaps the most famous American classical musician born in the twentieth century Bernstein divided his time between composing conducting writing and teaching a busy schedule especially his conducting of major orchestras that set his work as composer at a disadvantage Often generated in short spurts his work carries an urgency and even an element of improvisational genius that he flavored with his eclectic embrace of jazz folk song Jewish cantorial music and innovations in contemporary classical theory The result is a body of work that is beguilingly melodic incomparably rhythmic and irrepressibly individual *Experiencing Leonard Bernstein A Listener s Companion* is the ideal work for any reader seeking to learn how to listen across the spectrum of Bernstein s musical output      *Activities in Musical Composition* Carole M. Swope,1983      **TREASURES OF Mechanical Music** ARTHUR A. REBLITZ,2022-07-11      [IB Music Revision Guide 2nd Edition](#) Roger Paul,2016-09-20 *IB Music Revision Guide 2nd Edition* analyses the prescribed works for IB Diploma Programme music through to 2019 broken down into individual segments on the elements of music This guide provides a comprehensive overview of musical styles and cultures and contains revision tips and advice on examination techniques that will help readers prepare for the IB Listening Paper This edition contains methods for writing answers to practice questions and a comprehensive glossary of key terms      **Books Out Loud** ,2007      *IB Music Revision Guide, 3rd Edition* Roger Paul,2018-11-30 *The IB Music Revision Guide 3rd Edition* includes analyses of all the prescribed works of the International Baccalaureate Diploma Programme music course through to 2021 It also includes a comprehensive overview of all the musical styles and cultures that are examined during the course practice questions and answers that allow students to check their knowledge as well as a glossary to help ensure key terms are understood There are also revision tips and advice on exam technique that will help students prepare for the IB listening exam with confidence Suitable for Standard and Higher Level      **Classical Music** Alexander J. Morin,2002 Encompassing more than five hundred classical composers past and present this listener s guide to classical music discusses the best recordings of symphonies operas choral pieces chamber music and more by the world s leading composers as performed by a variety of outstanding musicians and conductors and

includes essays on the classical repertory composers instruments and more Original Analytical Essays on Music by Women Composers: Concert Music, 1960-2000 Laurel Parsons, Brenda Ravenscroft, 2016-03-18 Over the past 30 years musicologists have produced a remarkable new body of research literature focusing on the lives and careers of women composers in their socio historical contexts But detailed analysis and discussion of the works created by these composers are still extremely rare This is particularly true in the domain of music theory where scholarly work continues to focus almost exclusively on male composers Moreover while the number of performances broadcasts and recordings of music by women has unquestionably grown these works remain significantly underrepresented in comparison to music by male composers Addressing these deficits is not simply a matter of rectifying a scholarly gender imbalance the lack of knowledge surrounding the music of female composers means that scholars performers and the general public remain unfamiliar with a large body of exciting repertoire Analytical Essays on Music by Women Composers Concert Music 1960 2000 is the first to appear in a groundbreaking four volume series devoted to compositions by women across Western art music history Each chapter opens with a brief biographical sketch of the composer before presenting an in depth critical analytic exploration of a single representative composition linking analytical observations with questions of meaning and sociohistorical context Chapters are grouped thematically by analytical approach into three sections each of which places the analytical methods used in the essays that follow into the context of late twentieth century ideas and trends Featuring rich analyses and critical discussions many by leading music theorists in the field this collection brings to the fore repertoire from a range of important composers thereby enabling further exploration by scholars teachers performers and listeners

**Historical Dictionary of Romantic Music** John Michael Cooper, 2024-02-12 Library Journal praises the book as an excellent one volume ready reference resource for students researchers and others interested in music history Historical Dictionary of Romantic Music Second Edition covers the persons ideas practices and works that made up the worlds of Western music during the long 19th century ca 1780 1918 It's the first book to recognize that Romantic music was very nearly a global phenomenon It includes more women more Black musicians and other musicians of color and more exponents of musical Romanticism from Central and South America as well as Central and Eastern Europe than any other single volume study of Romantic music thus challenging the conventional hegemony of musical Romanticisms by men and by Western European nations This book includes entries on topics including anti-Semitism sexism and racism that were pervasive and

defining to the worlds of musical Romanticism but are rarely addressed in general studies of that subject It includes Romantic musicians who were not primarily composers as well as topics such as the Haitian Revolution spirituals and ragtime that were more important for music in the long 19th century than is generally acknowledged The result is an expansive inclusive diverse and more richly textured portrayal of Romantic music than is elsewhere available Historical Dictionary of Romantic Music Second Edition contains a chronology an introduction an extensive bibliography and a dictionary section with more than 600 cross referenced entries on traditions famous pieces persons places technical terms and institutions of Romantic music This book is an excellent resource for students researchers and anyone wanting to know more about Romantic music Chamber Music for Solo Voice and Instruments, 1960-1989 Kenneth Sheldon Klaus,1994 Lists some 700 published pieces of music for solo voice with small instrumental ensemble written by more than 600 composers between 1960 and 1989 The main section of the book is arranged by voice type and alphabetized by composer Entries include information on difficulty vocal range language From Renaissance to Baroque Jonathan Wainwright, Peter Holman,2017-07-05 Historians of instruments and instrumental music have long recognised that there was a period of profound change in the seventeenth century when the consorts or families of instruments developed during the Renaissance were replaced by the new models of the Baroque period Yet the process is still poorly understood in part because each instrument has traditionally been considered in isolation and changes in design have rarely been related to changes in the way instruments were used or what they played The essays in this book are by distinguished international authors that include specialists in particular instruments together with those interested in such topics as the early history of the orchestra iconography pitch and continuo practice The book will appeal to instrument makers and academics who have an interest in achieving a better understanding of the process of change in the seventeenth century but the book also raises questions that any historically aware performer ought to be asking about the performance of Baroque music What sorts of instruments should be used At what pitch In which temperament In what numbers and or combinations For this reason the book will be invaluable to performers academics instrument makers and anyone interested in the fascinating period of change from the Renaissance to the Baroque **The American Organist** ,2000 Hi Fi/stereo Review ,1961 **Listen to Classic Rock!** Melissa Ursula Dawn Goldsmith,2019-11-22 Listen to Classic Rock Exploring a Musical Genre provides an overview of this diverse and complex musical genre for scholars of classic rock and curious novices alike with a focus on 50 must hear musicians songwriters bands and albums Listen to Classic Rock Exploring a Musical Genre explores in detail the genesis evolution and proliferation of classic rock It begins with a background on the development of classic rock and its subgenres Next an A to Z listing of artists musicians songwriters and bands albums important concerts and songs a chapter on classic rock s impact on popular culture a chapter on classic rock s legacy and a bibliography This organization gives readers the choice of starting from the beginning to learn how classic rock and each of its subgenres emerged after rock and roll or skip

ahead to a specific artist recording or song in the Must Hear Music section This volume stands out from other resources on classic rock for its listening centered approach Most books on classic rock focus on trivia history terminology or criticism It also explores the sound of the music of important artists and offers musical analyses that are accessible to upper level high school and lower level undergraduates while at the same time maintaining the interest of classic rock aficionados and scholars
