Solomon Carter Fuller Where My Caravan Has Rested:

Solomon Carter Fuller Mary Kaplan, 2005-11-28 Solomon Carter Fuller Where My Caravan Has Rested is the documentation of the life and accomplishments of an African American who would not allow racism to quench resolve and commitment to a productive life in medicine and scientific research Dr Fuller was born in Africa in 1872 the grandson of American slaves He was America's first black psychiatrist and one of the first black physicians to hold faculty rank at an American medical school He was a widely published neuropathologist and a pioneer in Alzheimer's disease research To provide the reader with some insight into the life experiences that influenced and motivated Dr Fuller the book traces his family history from the days of slavery to the 1950s crossing the North American African and European continents Information obtained from his personal notes and interviews with his family provide a glimpse of the racial oppression that Fuller sought to overcome in both his personal and professional lives This classic Horatio Alger strive and succeed story has important implications for our understanding of American African and European culture Fuller's biography is an important addition to black history and to the history of medicine not only for its account of a man whose achievements were many but also for its portrait of what it was like to be black in the days of slavery during the colonization of Liberia and as a husband father and physician in early 20th century white America *Forgotten African American Firsts* Hans Ostrom, J. David Macey Jr., 2023-03-16 Winner of the 2024 RUSA Outstanding Reference Award This book introduces students to African American innovators and their contributions to art entertainment sports politics religion business and popular culture While the achievements of such individuals as Barack Obama Toni Morrison and Thurgood Marshall are well known many accomplished African Americans have been largely forgotten or deliberately erased from the historical record in America This volume introduces students to those African Americans whose successes in entertainment business sports politics and other fields remain poorly understood Dr Charles Drew whose pioneering research on blood transfusions saved thousands of lives during World War II Mae Jemison an engineer who in 1992 became the first African American woman to travel in outer space and Ethel Waters the first African American to star in her own television show are among those chronicled in *Forgotten African American Firsts* With nearly 150 entries across 17 categories this book has been carefully curated to showcase the inspiring stories of African Americans whose hard work courage and talent have led the course of history in the United States and around the world Mental Health, Racism, and Contemporary Challenges of Being Black in America Donna M. Norris, M.D., Annette B. Primm, M.D., M.P.H., 2023-06-15 *Mental Health Racism and Contemporary Challenges of Being Black in America* provides historical contemporary and future perspectives on mental health in Black communities as they intersect with areas of American life such as public health public policy health care racism economic well being and education *Ninety-Nine Lessons in Critical Thinking* Robert P. Friedland, 2025-04-09 *Ninety Nine Lessons in Critical Thinking* was designed to enhance the reader's awareness of how they think and how decisions involving patients and

scientific matters can be influenced by word choice preconceived ideas framing biases and inattentiveness Entertaining and informative stories from the author's 45 year clinical and scientific experience and from the history of medicine and science are presented to illustrate ways in which critical thinking skills can be developed Practical suggestions to improve doctor patient interactions are included with an emphasis on approaching care regarding the patient's life context and personhood

The Tuskegee Veterans Hospital and Its Black Physicians Mary Kaplan, 2016-05-16 When the Tuskegee Veteran's Hospital opened in 1923 many in the Veteran's Bureau believed that black physicians and nurses were not competent to staff the facility Except for nurses aides orderlies attendants and laborers hospital personnel would be white Recruiting and training black medical professionals was difficult given the obstacles facing blacks in obtaining education in medicine and gaining acceptance in the field The history of the hospital reflects the struggle for racial equality in the United States This book describes the effort to integrate the Tuskegee Veteran's Hospital and follows the careers of the small group of well trained dedicated black physicians who played significant roles in its development as a treatment center for black veterans The hospital's contributions to research and medicine are documented along with its involvement in one of the biggest scandals in medical research the Tuskegee syphilis study

Dementia Reimagined Tia Powell, 2020-09-01 Now in paperback the cultural and medical history of dementia and Alzheimer's disease by a leading psychiatrist and bioethicist who urges us to turn our focus from cure to care Despite being a physician and a bioethicist Tia Powell wasn't prepared to address the challenges she faced when her grandmother and then her mother were diagnosed with dementia not to mention confronting the hard truth that her own odds aren't great In the U S 10 000 baby boomers turn 65 every day by the time a person reaches 85 their chances of having dementia approach 50 percent And the truth is there is no cure and none coming soon despite the perpetual promises by pharmaceutical companies that they are just one more expensive study away from a pill Dr Powell's goal is to move the conversation away from an exclusive focus on cure to a genuine appreciation of care what we can do for those who have dementia and how to keep life meaningful and even joyful Reimagining Dementia is a moving combination of medicine and memoir peeling back the untold history of dementia from the story of Solomon Fuller a black doctor whose research at the turn of the twentieth century anticipated important aspects of what we know about dementia today to what has been gained and lost with the recent bonanza of funding for Alzheimer's at the expense of other forms of the disease In demystifying dementia Dr Powell helps us understand it with clearer eyes from the point of view of both physician and caregiver Ultimately she wants us all to know that dementia is not only about loss it's also about the preservation of dignity and hope

A Century of Homeopaths Jonathan Davidson, 2014-03-22 As the values of integrative medicine continues to grow alternative points of view and treatments are increasing in acceptance and prevalence Homeopathic medicine is considered an important root to this approach However contributions of homeopathically qualified doctors have long been overlooked A Century of Homeopaths is a detailed account of the many homeopaths who have

contributed to medical progress since 1840 The accomplishments of over 100 homeopaths form the organizing structure of the book many of whom have been lost to history The text describes the ways in which homeopaths have influenced medical practice research and public health as well as the seminal effect of homeopaths in the emergence of today s medical specialties and in social reform thus providing insights to healthcare professionals researchers students and medical historians

Boston's Banner Years: 1965-2015 Melvin B. Miller, 2018-07-20 Everyone with a sense of fair play is horrified by stories of racially inspired abuse As bad as such incidents can be however what is most damaging to the well being of blacks is the constant media assertions that blacks are inexorably inferior It can be difficult for people to feel motivated to achieve when they lack the confidence to believe in their own abilities Bostons Banner Years 1965-2015 seeks to refute the negative implications of alleged black incompetence by chronicling black success Over the years editor Melvin B Miller has developed an institutional memory of his communitys affairs He has used that unique resource to help produce this collection in which well qualified reporters share researched accounts of black achievement in Boston creating a record for future generations of black community success Stories of individual achievements of blacks can be inspiring but they sometimes seem like aberrations Providing numerous examples of blacks being assertive competent and successful these essays make it impossible to apply the negative racial stereotype to blacks in Boston a place that is to some extent an incubator of black success This collection of essays presents a series of biographical profiles highlighting black achievement and success in Boston over the course of fifty years

Pauline Hopkins and Advocacy Journalism Rhone Fraser, 2019-02-22 In the 1905 letter to William Monroe Trotter Pauline Hopkins wrote that she lost the editorship of the Colored American Magazine because she refused partisan lines and pursued an independent course This book focuses on how her editorship promoted an advocacy journalism that sought to abolish Jim Crow The work of the magazine under her editorship pursued an independent course because it included in depth biographical sketches of those whose lives she before many deemed important to know such as Toussaint L Overture and Harriet Tubman Hopkins pursued an independent course also as a novelist particularly in her first novel Contending Forces a work unique for a narrator that tried to in Hopkins s words raise the stigma of degradation from my race Her following three novels were serialized in the Colored American Magazine Her 1901 novel Hagar s Daughter is about the attempt of two generations to assimilate within the Washingtonian elite her 1902 novel Winona exposes the effect of Washington s 1850 Fugitive Slave Law on enslaved children and her 1903 novel Of One Blood explores what it means for an individual socialized in the West to in Hopkins s words curse the bond of the white race In Dr Rhone Fraser s close reading of her fiction he looks at how her protagonists in each novel pursue an independent course and in his final chapter he compares her essential work to Black journalists of the twenty first century who like her refused partisan lines and pursued an independent course Pauline Hopkins s work was not just the work of a typical journalist but the work of an advocate

Black Mental Health Ezra E. H. Griffith, M.D, Billy E. Jones, M.D., Altha J. Stewart,

M.D.,2018-09-24 The experiences of both black patients and the black mental health professionals who serve them are analyzed against the backdrop of the cultural societal and professional forces that have shaped their place in this specialized health care arena Mediating Alzheimer's Scott Selberg,2022-05-24 An exploration of the representational culture of Alzheimer s disease and how media technologies shape our ideas of cognition and aging With no known cause or cure despite a century of research Alzheimer s disease is a true medical mystery In Mediating Alzheimer s Scott Selberg examines the nature of this enduring national health crisis by looking at the disease s relationship to media and representation He shows how collective investments in different kinds of media have historically shaped how we understand treat and live with this disease Selberg demonstrates how the cognitive abilities that Alzheimer s threatens memory for example are integrated into the operations of representational technologies from Polaroid photographs to Post its to digital artificial intelligence Focusing on a wide variety of media technologies such as neuroimaging art therapy virtual reality and social media he shows how these cognitively oriented media ultimately help define personhood for people with Alzheimer s Media have changed the practices of successful aging in the United States and Selberg takes us deep into how technologies like digital brain training and online care networks shape ideas of cognition and healthy aging Packed with startlingly fresh insights Mediating Alzheimer s contributes to debates around bioethics the labor of caregiving and a national economy increasingly invested in communication and digital media Probing the very technologies that promise to save and understand our brains it gives us new ways of understanding Alzheimer s disease and aging in America **Achieving Mental Health Equity, An Issue of Psychiatric Clinics of North America EBook** Altha J. Stewart,Ruth S. Shim,2020-08-30 This issue of Psychiatric Clinics guest edited by Drs Altha J Stewart and Ruth Shim is entitled Achieving Mental Health Equity This issue is one of four each year selected by our series consulting editor Dr Harsh Trivedi of Sheppard Pratt Health System Topics in this issue include The Business Case for Mental Health Equity Shifting the Policy Paradigm to Achieve Equity Clinical Considerations in an Equitable Mental Health Care System Training Psychiatrists to Achieve Mental Health Equity The Role of Organized Psychiatry A Consumer and Family Perspective on mental health equity as well as mental health equity for Criminal Justice Child and Adolescents Addictions Collaborative Care and Community Psychiatry *The Trauma of Racism* Beverly J. Stoute,Michael Slevin,2022-10-31 The Trauma of Racism Lessons from the Therapeutic Encounter is a pioneering reflection on the psychology of racism and its impact on us all With the intimacy of personal experience and depth of analytic exposition the authors expose racism s searing effects on personal clinical and community interactions while providing pathways for change This book asserts that the insights and practice of psychoanalysis applied behind the couch and in the community create unique opportunities for change Essayists address racially derived mental health inequities including distortions projections stereotypes and historical tropes The Trauma of Racism invites personal and clinical exploration of how people learn confront and re learn views on race Narratives of the loss and grief and the burdens of slavery that crisscross the

African American community are present. They are complemented by those of the psychological burdens and inspired acts of personal responsibility that respond to unequal access to wealth and opportunity along racial lines. In moving accounts portraying experiences of racism and access to privilege, the authors grapple with the possibilities of mutual understanding. Readers concerned about racism will find themselves challenged and engaged. This book is intended for the general reader and for clinicians at any career stage. Likewise, scholars in the humanities, law, education, or public policy will find new opportunities to reflect and to act.

Black Religion in the Madhouse Judith Weisenfeld, 2025-04-29. *Black Religion in the Madhouse* traces the encounter between African Americans and American psychiatry in the decades after the end of slavery and into the twentieth century, showing how white psychiatrists pathologized African American religion and exploring the implications of these theories and practices for Black patients.

The African American Experience Salman Akhtar, 2012-06-21. *The African American Experience: Psychoanalytic Perspectives*, edited by Salman Akhtar, brings together the contributions of distinguished mental health professionals and scholars of humanities to offer a multifaceted perspective on the transgenerational trauma of slavery, the hardship of single-parent families, the ruthlessness of anti-Black racism, and the crushing burden of poverty and social disenfranchisement on the African American individual. The book also sheds light on the resilience of spirit, the dignity of perseverance, and the glow of talent that is widespread in this group. It contains penetrating and informative biographical essays on Martin Luther King Jr., Malcolm X, Muhammad Ali, Barack Obama, and Oprah Winfrey. Such discourse on human greatness is balanced by the considerations of daily joy and anguish on clinical and societal levels. This wide-ranging and nuanced volume on the history, culture, and psychosocial struggles of African American people fills an important gap in the literature on psychotherapy and psychoanalysis.

Do Less Harm Courtney E. Thompson, Kylie M. Smith, 2025-08-05. Offers reflections, provocative questions, and practical strategies for ethical, responsible approaches to health history. In *Do Less Harm*, editors Courtney E. Thompson and Kylie M. Smith bring together a group of leading historians and scholars to confront one of the most pressing questions in health history: How can we ethically approach stories of medicine and health without perpetuating harm? This thought-provoking collection invites readers into a crucial conversation about the responsibilities of historians when documenting the past. Through carefully curated essays, the contributors explore the ethical dilemmas that arise in researching, teaching, and writing about the history of health care. From patient privacy to the politics of archives, the essays cover how health histories have often overlooked, misunderstood, or misrepresented the people and communities most affected by medical practices. The contributors challenge the assumptions of the field, offering a more thoughtful approach to historical research, one that emphasizes empathy, accountability, and inclusivity. The book raises provocative questions and proposes practical strategies for historians and scholars to do less harm in their work and is organized around key themes such as research, teaching, writing, and public engagement, making it an indispensable resource for anyone working in the history of health care, ethics, or the health humanities. With its engaging

style and accessible insights *Do Less Harm* offers a fresh and timely perspective for academics students and readers interested in the ethical challenges of representing the past *Decolonizing Psychoanalytic Technique* Daniel José Gaztambide,2024-04-29 Both new and seasoned psychotherapists wrestle with the relationship between psychological distress and inequality across race class gender and sexuality How does one address this organically in psychotherapy What role does it play in therapeutic action Who brings it up the therapist or the patient Daniel Jos Gaztambide addresses these questions by offering a rigorous decolonial approach that rethinks theory and technique from the ground up providing an accessible evidence informed reintroduction to psychoanalytic practice He re examines foundational thinkers from three traditions Freudian relational interpersonal and Lacanian through the lens of revolutionary psychiatrist Frantz Fanon and offers a detailed analysis of Fanon s psychoanalytic practice Drawing on rich yet grounded discussions of theory and research Gaztambide presents a clinical model that facilitates exploration of the social in the clinical space in a manner intimately related to the patient s presenting problem In doing so this book demonstrates that clinicians no longer have to choose between attending to the personal interpersonal or sociopolitical It is a guide to therapeutic action on the couch which envisions political action off the couch and in the streets *Decolonizing Psychoanalytic Technique* provides a comprehensive practice oriented and compelling guide for students practitioners and scholars of critical multicultural and decolonial approaches to psychotherapy *Bulletin of the History of Medicine* ,2006 Includes the Transactions of the 15th annual meetings of the American Association of the History of Medicine 1939 *The British National Bibliography* Arthur James Wells,2009 **Book Review Index** ,2006 Every 3rd issue is a quarterly cumulation
