Nash,2003 A fearless experimenter and one of the most important contemporary American writers Charles Johnson challenges separatist politics and tries to get beyond race as a literary category In *Charles Johnson's Fiction* William R Nash emphasizes and explores the tensions in Johnson's work between his ideal of race as illusion and his methods of articulating racial grievance Nash examines Johnson's short stories novels *Faith and the Good Thing* *Oxherding Tale* *Middle Passage* and *Dreamer* and the nonfiction work *Being and Race* Tracing the themes of Johnson's political and artistic concerns as they evolved in his work Nash locates his fascination with the aesthetics of the Black Arts Movement and his dismissal of separatist black politics and racialist thought He also

considers Johnson's adoption of Western and Eastern philosophies and belief that race is a blinding limiting category that impedes the exploration of individual and collective identity. In formulating a mode of expression that balances the conflicting demands of race and aesthetics, Johnson crafts a new vision of history and African American identity that signifies on a range of black and white literary predecessors including Zora Neale Hurston, Theodore Dreiser, Ralph Waldo Emerson, Ralph Ellison, James Baldwin, and Herman Melville. Nash argues that Johnson's hybrid philosophy of Buddhism and phenomenology defies the basic premises of identity formation and leads to the perception of a different self. Juxtaposed with jarring storylines of racial injustice, Johnson's notion that race is an illusion informs his aesthetic, promotes his strategies for battling oppression, and reminds readers what African Americans have already overcome in the quest to cultivate new visions of identity. Charles Johnson's *Fiction* also includes eight of Johnson's cartoons published in *Black Humor* and *Half Past Nation*. Time in the early 1970s.

The Companion to Southern Literature Joseph M. Flora, Lucinda Hardwick MacKethan, 2001-11-01 Selected as an Outstanding Academic Title by Choice. Selected as an Outstanding Reference Source by the Reference and User Services Association of the American Library Association. There are many anthologies of southern literature, but this is the first companion. Neither a survey of masterpieces nor a biographical sourcebook, *The Companion to Southern Literature* treats every conceivable topic found in southern writing from the pre-Columbian era to the present, referencing specific works of all periods and genres. Top scholars in their fields offer original definitions and examples of the concepts they know best, identifying the themes, burning issues, historical personalities, beloved icons, and common or uncommon stereotypes that have shaped the most significant regional literature in memory. Read the copious offerings straight through in alphabetical order: Ancestor Worship, Blue Collar Literature, Caves, or skip randomly at whim. Guilt, The Grotesque, William Jefferson Clinton. Whatever approach you take, *The Companion's* authority, scope, and variety in tone and interpretation will prove a boon and a delight. Explored here are literary embodiments of the Old South, New South, Solid South, Savage South, Lazy South, and Sahara of the Bozart. As up-to-date as grit lit, K-Mart fiction, and postmodernism, and as old-fashioned as Puritanism, mules, and the tall tale, these five hundred entries span a reach from Lady to Lesbian Literature. The volume includes an overview of every southern state's belletristic heritage while making it clear that the southern mind extends beyond geographical boundaries to form an essential component of the American psyche. The South's lavishly rich literature provides the best means of understanding the region's deepest nature, and *The Companion to Southern Literature* will be an invaluable tool for those who take on that exciting
