Laniak, 2015-02-05 Old Testament professor Timothy Laniak follows the figure of the shepherd through the pages of Scripture to help today's leaders find their place in the ancient pastoral tradition Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry *What We Love: Reflections on Ministry, Leadership, and Mission* Myk Habets, John Tucker, 2018-03-08 Leadership is a quality that often goes underappreciated or unrecognised in New Zealand church life But this is not how it should be Leadership is a godly and biblical quality and those with such gifts are to be celebrated and cherished This volume is a tribute to one such gifted leader Charles Hewlett eighth Principal of Carey Baptist College 2010-2017 Structured around the theme of What We Love a saying Charles would repeat often throughout his principalship faculty and students reflect on biblical theological and applied themes central to Christian thought and practice today More than an in-house tribute this volume will be of interest and use to pastors and practitioners looking for considered reflections on ministry leadership and mission today **Spiritual Leadership** David Spencer Huffstutler, 2016-12-14 How should we see the Spirit at work in spiritual leaders today How did the Spirit work through spiritual leaders in the Bible While many books on spiritual leadership look at the culture around us and offer sound advice from biblical principles this study asks Scripture first what the Spirit did through spiritual leaders in the Bible in order to figure out what the Spirit should be doing through spiritual leaders today **Rhythms of Reformation**

Garth Ball,2025-07-29 Rhythms of Reformation explores how the COVID 19 pandemic exposed the cracks in a Sunday centric consumer driven church culture and awakened a call to return to Christ s original heartbeat of discipleship It argues that the pandemic was not a disaster to lament or an interruption to endure but a catalyst for a profound reformation of the church Blending personal story with theological reflection this book follows the author s leadership journey through the pandemic engaging a broad range of literature to offer insight for navigating Spirit led seasons of change These seasons however need not be limited to times of crisis they can become intentional patterns that leaders cultivate shaping churches continually around the biblical priority of disciple making This book is especially helpful for current and emerging church leaders who sense the winds of change but lack a clear blueprint for navigating them A Treatise on Christian Banking Morten

Bosterud,2022-08-01 From a moral perspective all banking practice and theory can be seen as value driven Therefore there will be no such thing as value neutral banking activities and the application of Christian ethical and pastoral principles adds insights to the field of banking for all its involved stakeholders This book contributes to the specific scientific discourse of practical theology as this typically appears within the subfields of ethics and pastoral studies Christian ethics and pastoral principles as applied in banking make up a largely neglected area in the wider academic discourse found within practical theology and the research presented in this book contributes new knowledge to the field with particular emphasis on banking practice It is expected that the theories presented herein will be of interest for other scholars not only within the realm of practical theology but also in a cross domain perspective where scholars in a broad field of disciplines may find the research and academic positions of interest Such academic fields would include economics finance business administration sociology history anthropology and perhaps more This expectation may not least be derived from the increasing focus on Corporate Social Responsibility CSR as this has emerged over the last decades within the wider business realm in general whence the world of banking has followed suit Alongside this development an emergence of Islamic banking has been seen which has showed substantial growth and success **How to Become a Creative Church Leader** John Nelson,2008-02-28 A

companion to the popular Creative Church Leadership this co publication with MODEM focuses on the practical skills necessary for dynamic leadership in the local church A wide range of experienced church leaders and management gurus reflect on key components of successful contemporary church leadership including part one which discusses people leading a team choosing and mentoring assistants leading lay ministers and volunteers how to delegate how to resolve conflict part two which describes organisation leading churches of different sizes leading multiple congregations relating to the local community initiating and completing projects how to chair meetings and part three which discusses up close and personal what kind of a leader are you getting your work life balance right thinking strategically preaching with a purpose and much more
