Spon's Architects' and Builders' Price AECOM, 2014-09-09. Recovery in construction is still on track. Business confidence is increasing but still not yet secure. Following the 18% fall in tender prices between 2008 and 2013, price levels are beginning to recover some lost ground, particularly in the residential sector and with London based projects. Spon's Architects and Builders Price Book, compiled by AECOM, still provides the most accurate, detailed and professionally relevant construction price information for the UK. Its unique Tender Index, updated through the year, gives an ongoing reality check and allows you to adjust for changing market conditions.
