Skiping A Beat:

Discourse, Consciousness, and Time Wallace Chafe,1994-10-15 Wallace Chafe demonstrates how the study of language and consciousness together can provide an unexpectedly broad understanding of the way the mind works Relying on analyses of conversational speech written fiction and nonfiction the North American Indian language Seneca and the music of Mozart and of the Seneca people he investigates both the flow of ideas through consciousness and the displacement of consciousness by way of memory and imagination Chafe draws on several decades of research to demonstrate that understanding the nature of consciousness is essential to understanding many topics of linguistic importance such as anaphora tense clause structure and intonation as well as stylistic usages such as the historical present and free indirect style This book offers a comprehensive picture of the dynamic natures of language and consciousness for linguists psychologists literary scholars computer scientists anthropologists and philosophers **Praiseworthy** Alexis

Memories of the Apollo and Space Shuttle Programs Lawrence Korb, 2017-07-14 I have had the privilege of being an engineer who worked on both the Apollo and Space Shuttle Orbiter Programs for more than 45 years It has been a fascinating and rewarding experience along with its share of pressures and disappointments Come take this exciting journey with me In this book I present the contributions of 30 key scientists who over a period of 2500 years made the Moon visit possible in my lifetime I review the birth of the Space Age early Russian dominance in the sixties and the successful landing on the Moon The details of the failure analyses of the Apollo Fire which cost the lives of three Apollo astronauts are presented along with the corrective actions taken I cover the contribution of the Mercury and Gemini programs the details of the design of the Apollo and the greatest material challenges we faced The book also describes the Lunar Module without its concept we may have never made the Moon landings The book also details how we beat the Russians to the Moon covers all Apollo missions and how we saved the Apollo 13 astronauts Finally I present what I consider to be the Apollo legacy This book presents the details of the building of the Space Shuttle Orbiter and the crucial development of its heat shield It also points out key failures that had to be resolved Included is a Chapter on the Russian Space Shuttle the Buran comparing it to the Space Shuttle Orbiter The book covers the failure of the Challenger Spacecraft and what went wrong as well as how we determined the cause of the Columbia Spacecraft failure It also discusses the science of reentry of the Space Shuttle Orbiter the future of manned space and the legacy of the Space Shuttle This book is a detailed documentary of the American's manned space programs Read on and enjoy **The John Coltrane Reference**

Lewis Porter, Chris DeVito, David Wild, Yasuhiro Fujioka, Wolf Schmalzer, 2013-04-26 The BBC's Jazz Book of the Year for 2008 Few jazz musicians have had the lasting influence or attracted as much scholarly study as John Coltrane Yet despite dozens

of books hundreds of articles and his own recorded legacy the facts about Coltrane s life and work have never been definitely established Well known Coltrane biographer and jazz educator Lewis Porter has assembled an international team of scholars to write The John Coltrane Reference an indispensable guide to the life and music of John Coltrane The John Coltrane Reference features a a day by day chronology which extends from 1926 1967 detailing Coltrane s early years and every live performance given by Coltrane as either a sideman or leader and a discography offering full session information from the first year of recordings 1946 to the last 1967 The appendices list every film and television appearance as well as every recorded interview Richly illustrated with over 250 album covers and photos from the collection of Yasuhiro Fujioka The John Coltrane Reference will find a place in every major library supporting a jazz studies program as well as John Coltrane enthusiasts

The Gospel Truth: How We Can Know What Christ Taught Gary Michuta,2023-03-17 Hundreds of books have been written to vindicate the Gospels by noting that they were written closer to the events they record than any other ancient history But how do we know that they accurately recorded what Jesus said and did How do we know they didn t fabricate their contents That Jesus really did work the miracles reported in the Gospels Most important of all how do we know what is the authentic interpretation of his words and deeds Christian apologists have largely neglected to answer these significant questions because they have focused instead on vindicating the Gospels apart from the community that wrote them The Gospel Truth fills in this gap by demonstrating that a concerted and sophisticated effort was made to ensure that what Jesus taught and did was accurately retained recorded verified and passed on to future believers It also shows how we can know whether our copies of Scripture reflect the original whether the books in our Bible really belong there and ways to know how to correctly understand them
