Slr Australias Fn Fal:

Slr Ian D. Skennerton, David Balmer, 1989 The FN FAL Battle Rifle Bob Cashner, 2013-08-20 Of all the infantry small arms developed during World War II one that generated the most interest was the German assault rifle the StG 44 Sturmgewehr This innovative weapon inspired the Soviet AK 47 in 7.62x39mm calibre In the West the NATO countries looked hard at new weapons to upgrade their own infantry arsenals and counter the AK 47 resulting in the design of the Fusil Automatique Leger or FAL It proved to be a successful battle rifle and was soon adopted by the military and police forces of no fewer than 93 nations The FAL dominated the militaries of the West to such a degree that its nickname became the Right Arm of the Free World The FAL fulfilled every role it was asked to perform and remains a viable and well respected weapon to this day **One Shot Kills** Glenn Wahlert, Russell Linwood, 2014-05-05 A sniper is not just a good shot While marksmanship is crucial it is not this alone that defines the sniper Snipers must also be superb bushmen possess limitless patience iron discipline rat cunning extraordinary stamina and attract more than their share of luck The well trained sniper will stalk his enemy or lie in wait for his target to appear He will eliminate his target with just one shot and escape to repeat his mission time and again The history of the Australian Army is replete with untold tales of brave men who built reputations as daring and skilful snipers From the training grounds of the Boer War and First World War Australian snipers honed their deadly skills and earned a fearsome reputation In the Second World War they duelled with their German counterparts in the Western Desert and the hardy Japanese snipers of the Pacific War The valuable lessons of two major wars had to be relearned for the Korean War where naive young men who knew nothing of combat sniping learned quickly or didn't survive The snipers of today's Australian Army have learned the lessons of history and are held in the same high regard by friend and foe as their Gallipoli forebears Snipers have become an essential force multiplier and have deployed on every operation since Somalia One Shot Kills is the story of the sniper's journey from the South African veldt to the recent battlegrounds of Iraq and Afghanistan It is also the story of the development of the modern sniper's combat weapon system in which technology has been harnessed to produce extraordinary results on the battlefield Australian Army snipers are justifiably regarded as among the best in the world *Under the Gun* David H. Capie, 2003 This study examines challenges presented by small arms and light weapons in the Pacific It focuses primarily on the Solomon Islands Fiji Papua New Guinea and Vanuatu although it also considers other members of the Pacific Islands Forum *Australia's Armed Forces of the Eighties* Ross Gillett, 1986 *Vietnam Infantry Tactics* Gordon L. Rottman, 2013-05-20 This book reveals the evolving US Viet Cong and NVA tactics at battalion level and below throughout the Vietnam War Beginning with a description of the terrain climate and the unique nature of operations in this theatre of war the author a Vietnam veteran himself goes on to explain how unit organisation was broken down by combatant forces and the impact this had on the kind of tactics they employed In particular the author highlights how units were organised in reality on the battlefield as opposed to their theoretical tables of

organisation US tactics included the standard US tactical doctrine as prescribed by several field manuals and in which leaders and troops were rigorously trained But it also reveals how many American units developed innovative small unit tactics specifically tailored to the terrain and enemy practices In contrast this book also reveals the tactics employed by Viet Cong and NVA units including their own Offensive Operations Reconnaissance Movement Formations and Security and Ambushes

Australian Military Operations In Vietnam Albert Palazzo,2010-08-30 From 1962 to 1972 Australia joined the United States in fighting a communist inspired insurgency war in the jungles of South Vietnam against infiltrators who sought to overthrow the local government Over 50 000 Australians served in Vietnam 519 lost their lives and the conflict ended ignominiously in the insurgents victory Over 30 years later Australia again finds itself joined with the United States in a struggle against an insurgency this time in the deserts of Iraq and the mountains of Afghanistan Although now in the past the Vietnam War resonates with lessons for the Australian Army as it strives to defeat not Communism but Terrorism Australian Military Operations in Vietnam highlights some of the successes and failures of an earlier generation of officers for the benefit of today s leaders

Australia's Armed Forces Ross Gillett,1981 The Politics of Destroying Surplus Small Arms Aaron Karp,2014-06-11 Although it receives much less attention than better known disarmament processes the destruction of small arms is reshaping the military arsenals of the world Out of roughly 200 modern military small arms world wide about 500 000 are destroyed every year The commitment of major governments and international organizations makes small arms destruction a permanent addition to the global disarmament repertoire But the prospects for greater military small arms disarmament may be declining as war in Afghanistan and Iraq create unprecedented demand for second hand weaponry Inconspicuous disarmament of small arms and ammunition is reshaping the global picture of firearms light weapons and ammunition The process is far from comprehensive but much more than cosmetic Small arms destruction is here to stay but its contributions may be fleeting This book is the first full length examination of the issue The case studies in this volume examine the politics of military small arms disarmament When they ask is surplus destruction most likely And what can be done to make destruction more likely and more effective Case studies examine small arms destruction by NATO and the OSCE and in Bulgaria Cambodia Germany Kazakhstan Papua New Guinea Romania Serbia Ukraine and others This book was published as a special issue of Contemporary Security Policy
