Smith And Thomas A Casebook On Contract:

Smith and Thomas John Cyril Smith, Joseph Anthony Charles Thomas, 2000 The 11th edition of this casebook on the law of contract has been fully revised and updated to embrace the most significant recent legal decisions and other developments including the Contracts Rights of Third Parties Act 1999 As in previous editions the updated book features substantial extracts from leading cases as well as the relevant statutes with notes questions and problems **Smith and Thomas** Roger Brownsword, 2021 This book uses substantial case extracts combined with authoritative explanation to provide readers with an understanding of the principles of contract law As in previous editions both historical and contemporary cases are discussed to illustrate the key elements of contract law Smith & Thomas : a Casebook on Contract , **Smith and Thomas** J. C. Smith (Cbe Qc Lld Fba (Professor Of Common L. Law, University Of Nottingham And Honorary Fellow), J.C. Smith, Joseph Anthony Charles Thomas, 1992 Casebook on Contract Smith and Thomas J. C. Smith, 1987 Anson's Law of Contract J. Beatson, Andrew Burrows, John Cartwright, 2020 Anson's Law of Contract offers exceptional detail precision and clarity on contract law It is a classic text in the field providing a stimulating account of the law With comprehensive coverage of all topics covered on contract law courses this definitive work is essential reading for anyone interested in the law of contract whether as a student practitioner or academic Comparative Contract Law, Second Edition Thomas Kadner Graziano, 2019 Promoting a learning by doing approach to comparative contract law and comparative methodology this updated second edition of Comparative Contract Law updates the first true student reader on the subject Bringing together extracts from legislation and court practice this textbook lets students experience comparative law in action and presents a unique guide to European and International contract law Anson's Law of Contract Sir William Reynell Anson, J. Beatson, Andrew S. Burrows, John Cartwright, 2010-08-19 This edition provides an authoritative and detailed account of contract law It is essential reading for any student of contract law and a valuable source of reference for practitioners and academics Contract as Assumption Brian Coote, 2010-04-02 It has many times been said that contracts involve assumptions of obligation or liability but what that means and what it is that is assumed have not often been discussed It is to further such discussion that some of the author's previously published writings around this subject have been brought together in this book His basic premises are that contractual obligation and liability in this context are two sides to the same coin and that an assumption of one is an assumption of both Parties are bound not because liability has been imposed upon them by law as a result of their having entered into a contract but because in the act of assuming they have imposed it upon themselves Contract provides a facility the purpose of which is to enable this to be done within the limits prescribed by law The implication of these premises are much more significant than might be supposed when applied to such areas of contract as formation consideration intention to contract exception clauses privity and damages The book concludes with a treatment of the role of assumption in tort Because of the importance of its subject matter and its wide ranging treatment this book

should appeal not only to teachers and postgraduate students of contract but also to practitioners in the field and to anyone else with an interest in contract theory Contract Law Neil Andrews, 2015-05-14 Significantly streamlined and updated the second edition of Andrews Contract Law now provides a clear and succinct examination of all of the topics in the contract law curriculum Chapters direct students to the most important decisions in case law and employ a two level structure to integrate short judicial excerpts into detailed discussion and analysis Exploration of the law s loose ends strengthens students ability to effectively analyse case law and new end of chapter questions which focus on both core aspects of the law and interesting legal loopholes assist students in preparing for exams Students are guided through chapter material by concise chapter overviews and a two colour text design that highlights important chapter elements Suggestions for further reading and a rich bibliography which point readers to important pieces of contemporary literature and provide a springboard for deeper investigation of particular topics lend further support for student learning
