Sociology For The Twenty First Century Continuities And Cutting Edges:

Sociology for the Twenty-first Century Janet L. Abu-Lughod, 1999 These original essays by eminent sociologists probe issues of central importance to North American societies in the twenty first century The chapters in part 1 revise theory and methods to comprehend the economic and political institutions that increasingly dominate the lives of individuals and groups arguing that these giants must be made more democratically accountable Part 2 explores the social effects that growing globalization transnationalization and information technologies are having on politics economics and the environment The final chapters compare how new immigrants from increasingly diversified backgrounds are being absorbed in Canada and the United States exploring the impact that immigrants are having on preexisting ethnic minorities and on the dominant political culture While it is a major attempt to refocus the discipline of sociology the book s clear nontechnical style and its attention to issues of central concern to all citizens make it also highly accessible to nonspecialists Contributors are Janet L. instructor a researcher or just someone interested in understanding the roots of sociology and our social world The Cambridge Handbook of Sociology Volume 1 is for you This first volume of the Handbook focuses on core areas of sociology such as theory methods culture socialization social structure inequality diversity social institutions social problems deviant behavior locality geography the environment and social change It also explains how sociology developed in different parts of the world providing readers with a perspective on how sociology became the global discipline it is today Each essay includes

a discussion of how the respective subfield contributes to the overall discipline and to society Written by some of the most respected scholars teachers and public sociologists in the world the essays are highly readable and authoritative

The Moralization of the Markets Christoph Henning, 2017-07-12 Nothing affects the modern economy and society more than decisions made in the market place especially but not only decisions made by consumers Although it is not startling to suggest that decisions made in production are affected by choices consumers make consumers have long been viewed not only by academic economists as individual isolated rational actors that make or refrain from purchases purely on the basis of narrow financial considerations Markets are not and never were morally neutral Market relations have always had an often taken for granted moral underpinning The moralization of the markets refers to the dissolution and replacement of the conventional moral underpinnings of market conduct for example in the music market financial markets and corporate governance It further implies not only the heightened importance of new ethical precepts but the significant change in the role of moral ideals in market behavior These profound transformations of economic conduct are accompanied and co determined by societal conflicts The moralization of markets represents thus a new stage in the social evolution of markets The book is divided into four parts in which the twelve chapters written by contributors from different social science disciplines deal with the context of the moralization of the markets the major social institutions and present case studies that examine European and American attitudes and behavior towards tobacco and GMO expansion of the private and ethics in business and how workers respond to the new corporate norms This volume will be of interest to sociologists economists social scientists and the general consumer alike

Foundations of Sociology Richard Jenkins, 2018-02-08 This book argues that the foundations of sociology key concepts which are necessary to all sociology from whatever perspective have become taken for granted and require re assessment Focusing on society culture the individual and collectivity the author builds a powerful case for an overhaul of these basic concepts offering a unified model of the subject matter of sociology as the human world understood as individual interactional and institutional orders which is part of the natural world Written in a straightforward and accessible style this is a powerful restatement of the value of sociological sense as a necessary critique of common sense and its relevance to an audience far beyond academia

An Age of Limits R. Schroeder, 2013-06-11 An Age of Limits outlines a new social theory for understanding contemporary society Providing an analysis of why political economic and cultural powers face constraints across the global North and beyond this bold book argues that forces which address current challenges must confront the limits of the interplay between dominant institutions

Remaking New York William Sites, 2003

The New Laws of Love Marie Bergström, 2021-12-21 Online dating has become a widespread feature of modern social life In less than two decades seeking partners through commercial intermediaries went from being a marginal and stigmatized practice to being a common activity How can we explain this rapid change and what does it tell us about the changing nature of love and sexuality In contrast to those who praise online dating as a democratization of love and those who condemn it as a commodification of intimacy this book tells a different story about how and why online dating became big The key to understanding the growing prevalence of digital dating lies in what Marie Bergström calls the privatization of intimacy Online dating takes courtship from the public to the private sphere and makes it a domestic and individual practice Unlike courtship in traditional settings such as school work and gatherings of family and friends online dating makes a clear distinction between social and sexual sociability and renders dating much more discrete Apparently banal this privatizing feature is fundamental for understanding both the success and the nature of digital matchmaking Bergström also sheds light on the persisting inequalities of intimate life showing that online dating is neither free nor fair it has its winners and losers and it differs significantly according to gender age and social class Drawing on a wide range of empirical material this book challenges what we think we know about online dating and gives us a new understanding of who why and how people go online to seek sex and love

Puritan Conquistadors Jorge Cañizares-Esguerra, 2006 The book demonstrates that a wider Pan American perspective can upset the most cherished national narratives of the United States for it maintains that the Puritan colonization of New England was as much a chivalric crusading act of Reconquista against the Devil as was the Spanish conquest

Global Labor Migration Eileen Boris, Heidi Gottfried, Julie Greene, Joo-Cheong Tham, 2022-12-27 Around the world hundreds of millions of labor migrants endure exploitation lack of basic rights and institutionalized discrimination and marginalization What dynamics and drivers have created a world in which such a huge and rapidly growing group toils as marginalized men and women existing as a lower caste institutionally and juridically In what ways did labor migrants

shape their living and working conditions in the past and what opportunities exist for them today Global Labor Migration presents new multidisciplinary transregional perspectives on issues surrounding global labor migration The essays go beyond disciplinary boundaries with sociologists ethnographers legal scholars and historians contributing research that extends comparison among and within world regions Looking at migrant workers from the late nineteenth century to the present day the contributors illustrate the need for broader perspectives that study labor migration over longer timeframes and from wider geographic areas The result is a unique much needed collection that delves into one of the world's most pressing issues generates scholarly dialogue and proposes cutting edge research agendas and methods Contributors Bridget Anderson Rutvica Andrijasevic Katie Bales Jenny Chan Penelope Ciancanelli Felipe Barradas Correia Castro Bastos Eileen Boris Charlie Fanning Judy Fudge Jorge L Giovannetti Torres Heidi Gottfried Julie Greene Justin Jackson Radhika Natarajan Pun Ngai Bastiaan Nugteren Nicola Piper Jessica R Pliley Devi Sacchetto Helen Sampson Yael Schacher Joo Cheong Tham and Matt Withers Daughters of the Tharu Mary Ann Maslak, 2003-12-16 This book explores the complex structural institutions in society individual attitudes towards beliefs about and values of those institutions and the process by which the relationship between the social structure and individual agency conditions and governs girls educational participation in Nepal

Engendering Revolution Rachel Elfenbein, 2019-12-01 In 1999 Venezuela became the first country in the world to constitutionally recognize the socioeconomic value of housework and enshrine homemakers social security This landmark provision was part of a larger project to transform the state and expand social inclusion during Hugo Chavez's presidency The Bolivarian revolution opened new opportunities for poor and working class or popular women's organizing The state recognized their unpaid labor and maternal gender role as central to the revolution Yet even as state recognition enabled some popular women to receive public assistance it also made their unpaid labor and organizing vulnerable to state appropriation Offering the first comprehensive analysis of this phenomenon Engendering Revolution demonstrates that the Bolivarian revolution cannot be understood without comprehending the gendered nature of its state society relations Showcasing field research that comprises archival analysis observation and extensive interviews these thought provoking findings underscore the ways in which popular women sustained a movement purported to exalt them even while many could not access social security and remained socially economically and politically vulnerable Faith Seeking Action Gregory P. Leffel, 2007-06-01 In Faith Seeking Action author Gregory Leffel links a description of the church as a global movement with a description of contemporary social movements that are actively challenging today's societies such as the environmental global justice and identity movements Not surprisingly Christian communities and communities of social activists share much in common as they each work to enrich their societies It is natural then to ask what missionally concerned Christians may learn from social movements about the public role of their churches the connection of their beliefs to social change and the mobilization of their people It can also be asked how these often divided communities may find ways to collaborate around

common actions rooted in such shared values as peace justice life and the integrity of the environment Building on growing interest in the field of missiology and its missional church concept Leffel has created a dialog between the church as a social actor and social movements Along with introducing movement theory to mission studies Leffel introduces a new way of addressing the issues involved in the church s engagement with society a concept he calls missio ecclesiology Of interest to those seeking vital ways to live out their faith in the world missiologists missional church leaders and street level workers alike this work fuels fresh thinking about the church s role in cultural and social change

Beyond a Border Peter Kivisto,Thomas Faist,2009-12-08 The most up to date analysis of today s immigration issues As the authors state in Chapter 1 the movement of people across national borders represents one of the most vivid dramas of social reality in the contemporary world This comparative text examines contemporary immigration across the globe focusing on 20 major nations Noted scholars Peter Kivisto and Thomas Faist introduce students to important topics of inquiry at the heart of the field including Movement Explores the theories of migration using a historical perspective of the modern world Settlement Provides clarity concerning the controversial matter of immigrant incorporation and refers to the varied ways immigrants come to be a part of a new society Control Focuses on the politics of immigration and examines the role of states in shaping how people choose to migrate Key Features Provides comprehensive coverage of topics not covered in other texts such as state and immigration control focusing on policies created to control migratory flow and evolving views of citizenship Offers a global portrait of contemporary immigration including a demographic overview of today s cross border movers Offers critical assessments of the achievements of the field to date Encourages students to rethink traditional views about the distinction between citizen and alien in this global age Suggests paths for future research and new theoretical developments Beyond a Border is a part of the SAGE Pine Forge Sociology for a New Century Series It offers professors a powerful and timely option to incorporate the topic of immigration in their courses Contributor to the SAGE Teaching Innovations and Professional Development Award
