Research and Development Abstracts** ,1977 **Social Mobility in Developing Countries** Vegard Iversen, Anirudh Krishna, Kunal Sen, 2021-12-17 Social mobility is the hope of economic development and the mantra of a good society There are disagreements about what constitutes social mobility but there is broad agreement that people should have roughly equal chances of success regardless of their economic status at birth Concerns about rising inequality have engendered a renewed interest in social mobility especially in the developing

world However efforts to construct the databases and meet the standards required for conventional analyses of social mobility are at a preliminary stage and need to be complemented by innovative conceptual and methodological advances If forms of mobility have slowed in the West then we might be entering an age of rigid stratification with defined boundaries between the always haves and the never haves which does not augur well for social stability Social mobility research is ongoing with substantive findings in different disciplines typically with researchers in isolation from each other A key contribution of this book is the pulling together of the emerging streams of knowledge Generating policy relevant knowledge is a principal concern Three basic questions frame the study of diverse aspects of social mobility in the book How to assess the extent of social mobility in a given development context when the datasets by conventional measurement techniques are unavailable How to identify drivers and inhibitors of social mobility in particular developing country contexts How to acquire the knowledge required to design interventions to raise social mobility either by increasing upward mobility or by lowering downward mobility

A.I.D. Research and Development Abstracts United States. Agency for International Development,1989 *Social Research in Developing Countries* Martin Bulmer,Donald P. Warwick,1993 Delivers key information on social research methods in developing countries dealing with the particular problems of carrying out social surveys and censuses in the Third World

State-Building and Tax Regimes in Central America Aaron Schneider,2012-03-12 Explores the politics of raising revenue from the most dynamic sectors of an economy as an expression of the relationship between state and society and the capacity of state institutions

Determinants Of Emigration From Mexico, Central America, And The Caribbean Sergio Diaz-briquets,2019-03-07 The Immigration Reform and Control Act of 1986 IRCA was a manifestation of widespread public concern over the volume of undocumented immigration into the United States The principal innovation of this legislation the provision to impose penalties on employers who knowingly hire undocumented immigrants was a response to this concern This effort at restriction was tempered in IRCA by other provisions permitting the legalization of two types of undocumented immigrants those who had resided in the United States since January 1 1982 and what were called special agricultural workers SAWs persons who had worked in perishable crop agriculture for at least 90 days during specified periods from 1983 to 1986 Approximately 3.1 million persons sought legalization what is popularly referred to as amnesty under these two provisions The breakdown was roughly 1.8 million under the regular program and 1.3 million as SAWs Mexicans made up 75 percent of the combined legalization requests
