*The Eighteenth Century*, 1974      *The Saturday Review of Politics, Literature, Science and Art*, 1860      **Late**

**Romanticism and the End of Politics** John Havard, 2023-04-13 In the late Romantic age demands for political change converged with thinking about the end of the world This book examines writings by Lord Byron Mary Shelley and their circle that imagined the end from poems by Byron that pictured fallen empires sinking islands and dying stars to the making and unmaking of populations in *Frankenstein* and *The Last Man* These works intersected with and enclosed reflections upon brewing political changes By imagining political dynasties slavery parliament and English law reaching an end writers challenged liberal visions of the political future that viewed the basis of governance as permanently settled The prospect of volcanic eruptions and biblical deluges meanwhile pointed towards new political worlds forged in the ruins of this one These visions of coming to an end acquire added resonance in our own time as political and planetary end times converge once again      **A Bibliography of Social and Political Economy, Law and Education** William Swan Sonnenschein, 1897

*Culture and Politics from Puritanism to the Enlightenment* Perez Zagorin, 1980-01-01      *Rewriting the Victorians* Linda M. Shires, 2012 Annotation This collection of essays both feminist and historical analyses power relations between men and women in the Victorian period This volume reshapes Victorian studies from the perspective of the postmodern return to history and is variously influenced by Marxism and post structuralist theories of language and subjectivity      *The Publishers' Circular and Booksellers' Record of British and Foreign Literature*, 1899      **The Saturday Review of Politics,**

**Literature, Science, Art, and Finance**, 1860      **Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1903      *The Bookman*, 1898      *Representative Democracy* Nadia Urbinati, 2008-09-15 It is usually held that representative government is not strictly democratic since it does not allow the people themselves to directly make decisions But here taking as her guide Thomas Paine's subversive view that Athens by representation would have surpassed her own democracy Nadia Urbinati challenges this accepted wisdom arguing that political representation deserves to be regarded as a fully legitimate mode of democratic decision making and not just a pragmatic second choice when direct democracy is not possible As Urbinati shows the idea that representation is incompatible with democracy stems from our modern concept of sovereignty which identifies politics with a decision maker's direct physical presence and the immediate act of the will She goes on to contend that a democratic theory of representation can and should go beyond these identifications Political representation she demonstrates is ultimately grounded in a continuum of influence and power created by political judgment as well as the way presence through ideas and speech links society with representative institutions Deftly integrating the ideas of such thinkers as Rousseau Kant Emmanuel Joseph Sieyès Paine and the Marquis de Condorcet with her own Urbinati constructs a thought provoking alternative vision of democracy      *Secular World and Social Economist* George Jacob Holyoake, 1858 *The History of the Fleet Street House* 20 p at the end of v 18      **British**

**Books** ,1903      **The nineteenth-century present** Koenraad Claes,Elizabeth Ludlow,2025-07-29 The Nineteenth Century Present explores the multiple ways in which history was understood structured and reassessed in literary theological and political contexts across the nineteenth century While the scope of the book is wide ranging from the representations of geological time and ancient history to the writing of the recent past and covering the work of writers from Walter Scott to G K Chesterton each chapter reveals how present concerns intrude on and shape every view of history Ultimately the collection emphasises that issues raised regarding historicity in recent methodological debates were already concerns in the nineteenth century      The Spectator ,1860 A weekly review of politics literature theology and art      **Sociology of the Literature of Politics** **Edmund Burke** S. N. A. Rizvi,1983-04-01      *A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Middle of the Nineteenth Century, Containing Thirty Thousand Biographies and Literary Notices, with Forty Indexes of Subjects* Samuel Austin Allibone,1859      A Critical Dictionary of English Literature and British and American Authors, Living and Deceased, from the Earliest Accounts to the Latter Half of the Nineteenth Century Samuel Austin Allibone,1871      **A Reader's Guide to Contemporary Literature** William Swan Sonnenschein,1896      Graham Wallas and the Great Society Terence H. Qualter,1980-06-18 This book sets out to prove that Wallas was more appalled and frightened by the anti intellectualism of the twentieth century than by the naive over intellectualism of the nineteenth Attacking unreal assumptions about the role of reason he sought not to deny men the capacity to think but to show them how to do so more clearly in order to improve the human condition
