Interpreting Solar and Lunar Returns Babs Kirby, Janey Stubbs, 1990 Offers a psychological and growth orientation to forecasting using Solar and Lunar Returns For the beginner and advanced astrologer alike *Aimed solar and lunar returns. What you can do when you cannot leave* Ciro Discepolo, 2009 English speaking readers fond of Astrology already know the Author thanks to his previous works Transits and Solar Returns and Lunar Returns and Earth Returns which have also been translated into several other languages In a practice of almost forty years of astrological research the Author has studied and guided over twenty thousand aimed birthdays he has also published a dozen books specifically on Solar Returns and Lunar Returns This is his fifth work in English two of them can be downloaded free from his webpage [www.cirodiscepolo.it](http://www.cirodiscepolo.it) In this volume Ciro Discepolo deals with the second resource on which his Active Astrology is based the first one being the aimed birthday the so called exorcism of symbols In these pages the Author suggests to the Reader about what can be done when you cannot aim i.e. actively relocate your birthday either your Solar or Lunar Return by a practical application of the notion of activating or constellating a symbol For example Ciro Discepolo claims that if you can not leave for an aimed birthday to avoid Saturn being placed in the 5th House of your next Solar Return during the twelve months covered by the SR you had better devote more time to your kids help them in their studies or in their sporting activities pay the fee to enrol them in a course perhaps abroad where they could learn new subjects and or nurture and improve their condition in a broad sense Planet by planet House by House this volume contains all the suggestions of the Author on the exorcism of symbols a useful practice also in the case you do relocate your Solar and or Lunar Returns for example if you have willingly left some dissonant position in your map of Aimed SR or of Aimed LR and you wish to lower the threshold of risk a little more The volume also explains the philosophical and psychological roots justifying the practice of the exorcism of symbols

Harold Norris,1915     *The Rapture and Return of The Lord Jesus Christ* Joseph Morgan,2021-12-15 Is Christ going to return to the earth physically Will the Rapture of the church occur The Bible answers these questions in the affirmative So when will these things take place After years of studying this I am convinced that not only will the Lord Jesus be coming to reign on this earth from Jerusalem but He will be doing so very shortly I believe that the Bible in fact tells us the exact date of His return Not only that it also tells us the exact date of the Rapture or at least the time in which it will occur Even more it tells us when the final seven year period will begin and when the Antichrist will reveal himself to the day I know that many might express incredulity at such claims and even shock at the utter audacity to proclaim something so preposterous and I do not blame you if you do feel this way I only ask that you read and consider for yourself The prophetic time line laid out in this book is absolute and can be overlaid onto the Gregorian calendar I encourage you to read and discover for yourself why I am so confident in my declarations and how those prophetic time stamps align on our modern calendar When done and when applied to what Scripture says and the history of the church age it tells us the physical return of Christ to the earth could very well take place on April 9 2033 Get ready to be shocked as the book of Revelation will be unfolded to you in a way you have probably never seen before
