**Solidarity** Ajit Pershad Jain,1983      *Essays on Human Rights in the Helsinki Process* Arie Bloed,Pieter van Dijk,1978  
The reason of State plays an important role under the European Convention for the Protection of Human Rights most of the rights liberties defined in the Convention are subject to escape clauses as well This book demonstrates first that the system of the Convention is much more ambiguous than could have been expected Secondly it shows on the basis of study carried out in most of the Member States of the Council of Europe that a certain resistance exists to the Convention Neither the ambiguity of the European system nor the resistance of States to the system must be overlooked These should not however conceal the dynamics of the Europe States relationship which could well lead to a more reasoned conception of the reason of State Has a Europe of human rights begun to develop through the complex interplay of national European norms This is the question raised in this fascinating book Mireille Delmas Marty is professor of Law at the Universite de Paris 1 Pantheon Sorbonne Director of the Section de Sciences Criminelles of the Institute of Comparative Law in Paris      *International Affairs* ,1985      *The Polish Review* ,1986      **History for the IB Diploma: Nationalist and Independence Movements**

This powerful memoir traces the life of Karol Modzelewski one of the preeminent Polish dissidents of the twentieth century With humor and perception Modzelewski describes his formative years Born in 1937 to a Polish born mother and Russian Jewish father in Moscow he spent his early schooling and underwent deep indoctrination in the Soviet Union In 1945 he moved with his mother and stepfather a prominent communist to Poland when his stepfather was appointed as foreign minister in Warsaw In the relatively liberal Polish atmosphere Modzelewski gradually awoke to the realities of the party system during his university years Modzelewski discusses the experiences and realizations that led him in 1964 to coauthor with Jacek Kuron the famous Open Letter to the Party for which he and Kuron were imprisoned With keen critical insight Modzelewski describes his role as one of the leading intellectuals of the Solidarity movement Much more than mere autobiography this nuanced book is a profound and highly critical analysis of Polish politics over the last fifty years
