Studies in the Lankāvatāra Sūtra Daisetz Teitaro Suzuki, 1999 The title Lankavatara might mean entering Lanka Perhaps referring to the temporary Mahayana period of Ceylon suggesting that the doctrine of this scripture are possibly consistent with earlier Buddhism preserved in the Pali language Suzuki has greatly helped the reader of the basic scripture by discussing the main ideas He tells how to study this scripture compares it with the popular Zen Buddhism discusses such typical and important doctrines as Mind only the Triple body of the Buddha and many minor topics Suzuki is both an exacting scholar and an understanding exponent of these difficult concepts He adds a Sanskrit Chinese English Glossary and also an Index This work is essential for grasping the main ideas of the scripture

Deleuze and the Gynesis of Horror Sunny Hawkins, 2020-10-01 Applying Deleuze's schizoanalytic techniques to film theory Deleuze and the Gynesis of Horror demonstrates how an embodied approach to horror film analysis can help us understand how film affects its viewers and distinguish those films which reify static hegemonic molar beings from those which prompt fluid nonbinary molecular becomings It does so by analyzing the politics of reproduction in contemporary films such as Ex Machina Mary Shelley's Frankenstein Mad Max Fury Road the Twilight saga and the original Alien quadrilogy and its more recent prequels

Prometheus and Alien Covenant Author Sunny Hawkins argues that films which promote a monstrous philosophy of qualitative affirmative difference as difference in itself and which tend to be more molecular than molar in their expressions can help us trace a line of flight from the gender binary in the real world Deleuze and the Gynesis of Horror demonstrates how the techniques of horror film editing sound and visual effects lighting and colour camera movement work in tandem with a film's content to affect the viewer's body in ways that disrupt the sense of self as a whole unified subject with a stable monolithic identity and in some cases can serve to breakdown the binary between self/Other as we come to realize that we are none of us static categorizable beings but are as Henri Bergson said living things constantly becoming *Sonnets* Jeffrey Jay Niehaus, 2014-02-17 When Weirton Steel was powerful and poured Columns of smoke and fumes into the air North of Martins Ferry in the valley And orange water tumbled from its sluices Into an umber river far below I was a boy Sonnet I lines 1-6 The one hundred sonnets in this volume carry us beyond the author's boyhood into a voyage of adult concerns but also playfulness love of art and intimations of Paradise They affirm in many ways a nobility Wallace Stevens thought was hard to find in contemporary poetry *The Philosophy of Forgiveness - Volume II* Court D. Lewis, 2020-10-06 Volume II of Vernon Press's series on the Philosophy of Forgiveness offers several challenging and provocative chapters that seek to push the conversation in new directions and dimensions Volume I Explorations of Forgiveness Personal Relational and Religious began the task of creating a consistent multi-dimensional account of forgiveness and Volume II's New Dimensions of Forgiveness continues this goal by presenting a set of chapters that delve into several deep conceptual and metaphysical features of forgiveness New Dimensions of Forgiveness creates a theoretical framework for understanding the many nuanced features of forgiveness namely third party forgiveness forgiveness as an aesthetic process the role of resentment in warranting forgiveness the moral status of self forgiveness epistemic trust forgiveness's influence on the moral status of persons forgiveness in time the status of Substance and Subject within a Hegelian framework Jacques Derrida's impossible forgiveness and the use of imaginative magic to become a maximal forgiver Readers will be challenged to question and come to terms with many oft overlooked yet important philosophical dimensions of forgiveness *A Short History of Flour Milling* Henry Adams Bellows, 1924 *The Wedding Dress Sewing Circle* Jennifer Ryan, 2023-05-30 Three plucky women lift the spirits of home front brides in wartime Britain where clothes rationing leaves little opportunity for pomp or celebration even at weddings in this heartwarming novel based on true events from the bestselling author of *The Chilbury Ladies Choir* After renowned fashion designer Cressida Westcott loses both her home and her design house in the London Blitz she has nowhere to go but the family manor house she fled decades ago Praying that her niece and nephew will be more hospitable than her brother had been she arrives with nothing but the clothes she stands in at a loss as to how to rebuild her business while staying in a quaint country village Her niece Violet Westcott is thrilled that her famous aunt is coming to stay the village has been interminably dull with all the men off fighting But just as Cressida arrives so does Violet's conscription letter It couldn't

have come at a worse time how will she ever find a suitably aristocratic husband if she has to spend her days wearing a frumpy uniform and doing war work Meanwhile the local vicar's daughter Grace Carlisle is trying in vain to repair her mother's gown her only chance of a white wedding When Cressida Westcott appears at the local Sewing Circle meeting Grace asks for her help but Cressida has much more to teach the ladies than just simple sewing skills Before long Cressida's spirit and ambition galvanizes the village group into action and they find themselves mending wedding dresses not only for local brides but for brides across the country And as the women dedicate themselves to helping others celebrate love they might even manage to find it for themselves

Dancers and Dancing James Monroe Hubbert, 1901 At first glance Hubbert appears to be presenting both pro and con arguments regarding the suitability of dancing However the discussion is weighted toward the common discourse found in this genre of antidance literature Hubbert argues that although dance was practiced in biblical times it was performed by and for women Additionally he concludes that dance is bad for the health and a waste of time and money

The Poster Ruth E. Iskin, 2014-10-07 The Poster Art Advertising Design and Collecting 1860s 1900s is a cultural history that situates the poster at the crossroads of art design advertising and collecting Though international in scope the book focuses especially on France and England Ruth E Iskin argues that the avant garde poster and the original art print played an important role in the development of a modernist language of art in the 1890s as well as in the adaptation of art to an era of mass media She moreover contends that this new form of visual communication fundamentally redefined relations between word and image poster designers embedded words within the graphic rather than using images to illustrate a text Posters had to function as effective advertising in the hectic environment of the urban street Even though initially commissioned as advertisements they were soon coveted by collectors Iskin introduces readers to the late nineteenth century iconophile a new type of collector curator archivist who discovered in poster collecting an ephemeral archaeology of modernity Bridging the separation between the fields of art design advertising and collecting Iskin's insightful study proposes that the poster played a constitutive role in the modern culture of spectacle This stunningly illustrated book will appeal to art historians and students of visual culture as well as social and cultural history media design and advertising

Utopia Drive Erik Reece, 2024-09-04 For Erik Reece life at last was good he was newly married gainfully employed living in a creekside cabin in his beloved Kentucky woods It sounded as he describes it like a country song with a happy ending And yet he was still haunted by a sense that the world or more specifically his country could be better He couldn't ignore his conviction that in fact the good ol USA was in the midst of great social environmental and political crises that for the first time in our history we were being swept into a future that had no future Where did we here in the land of

Jeffersonian optimism and better tomorrows go wrong Rather than despair Reece turned to those who had dared to imagine radically different futures for America What followed was a giant road trip and research adventure through the sites of America s utopian communities both historical and contemporary known and unknown successful and catastrophic What he uncovered was not just a series of lost histories and broken visionaries but also a continuing and vital but hidden idealistic tradition in American intellectual history Utopia Drive is an important and definitive reconstruction of that tradition It is also perhaps a new framework to help us find a genuinely sustainable way forward an engaging exploration and example of the fruitful tunnel visions of dreamers turned doers Publishers Weekly **Vision of Remembrance** Pasquale De
