Reid,1997-03-06 In the 1960s and 1970s the civil rights movement and other national and cultural movements fractured dominant paradigms of American identity and demanded a reformulation of American values and norms This book borrows the moral ethical and political purposes of these movements to show how film literature photography and television news broadcasts construct essentialist myths about race gender sexuality and nation It also examines how some visual and literary works and public reactions challenge these essentialist myths by exploring racial sexual and national anxieties Reid explains how artists such as filmmakers Julie Dash Spike Lee and Marlon Riggs photographers Rotimi Fani Kayode and Gordon Parks novelists John A Williams and Ayi Kwei Armah playwright Adrienne Kennedy and poet Bob Kaufman portray the fears of people in the grips of social and psychological change In each chapter he explores how an important social issue black feminism interracial intimacy biracial and homosexual identity and black erotica for example is presented in film literature and photography Throughout the book Reid s analysis is driven by a postNegritude understanding of race and cultural identity as a socially acquired and unfixed process rather than a biological fact By showing how visual and literary artists challenge hegemonies of power through the creative imagination he challenges monolithic and fixed notions of race ethnicity sexuality gender religion and cultural identity *Romans Through the Centuries* Paul S. Fiddes,2025-08-04 Presents a theological literary and cultural reading of Romans across the centuries of Christian thought *Romans Through the Centuries* offers a groundbreaking commentary that invites readers to engage with

the Apostle Paul's letter not only as a theological text but also as a dynamic and evolving voice that resonates across history and culture. In a format that reflects the complexity of both the letter itself and its enduring legacy, Paul S. Fiddes divides each passage into three distinct yet interconnected lenses: Paul's own speaking voice as he dictated the letter, the rich tradition of its interpretation through major historical epochs, and its influence on literature, visual art, and socio-political thought. This commentary is distinctive in tracing Paul's argument as a mind in motion, acknowledging the oral nature of the letter's composition and offering a literary reading that takes seriously the nuances of thought developed in conversation. Fiddes brings theological voices from early Christianity, the medieval West, the Reformation, and contemporary global scholarship into dialogue, providing a comprehensive reception history without overshadowing Paul's original voice. In its final movement, the commentary broadens further, illuminating how Romans has shaped the cultural imagination beyond ecclesial contexts. A flexible and deeply informed guide to Paul's most influential letter, *Romans Through the Centuries* integrates literary analysis with theological exegesis, treating Paul's letter as an evolving spoken argument. Provides readers with flexible entry points to focus on theological development, historical context, or cultural relevance. Features a wide-ranging reception history from Patristic writers to twenty-first-century global scholars. Includes cultural case studies in literature, visual art, and political discourse influenced by Romans. Incorporates the most current scholarship on Romans and critically engages with alternative readings. Part of the acclaimed Wiley-Blackwell Bible Commentaries series, *Romans Through the Centuries* is an essential resource for those seeking to understand the layered legacy of Romans through theological inquiry, literary insight, and historical perspectives. It is well-suited for undergraduate and postgraduate courses in New Testament studies, Pauline theology, and the cultural reception of Scripture, and serves as a valuable resource for clergy, scholars, and advanced students engaged in research.

Trozos de mí Bob Kaufman, 2008-10-01 Bob Kaufman es poeta beatnik y también negro. Un día escuchando música de jazz comenzó a escribir poesía. Habla lecho a los poetas malditos y a los existencialistas franceses sin embargo no era en esos momentos un poeta puro, pero la distancia entre lo blanco y lo negro no le impidió serlo. Kaufman tenía solo una pretensión: escribir poesía. Quizá por eso llegó un poco tarde cuando ya el movimiento beat sacudía las calles de San Francisco y Ginsberg leía en voz alta el Aullido. Bob se detuvo un poco más pero escribió una obra fundamental y original que le valió el reconocimiento de sus contemporáneos: Jack Kerouac y Gregory Corso. Bob seguía escuchando jazz, no podía dejar de hacerlo como adrenalina recorriendo su palabra encontrando causas en la oralidad y el ritmo hasta desembocar en poemas que como dice Feltrinelli: Pensados especialmente para ser acompañados por música de jazz y en cuanto tales deben ser considerados como mensajes orales dichos con espontaneidad más que como poemas escritos para la página impresa. Así que ya lo sabes, Bob pertenece a esta pléyade de originales y desasosegados poetas que buscando nos encuentran en esa sencilla experiencia del lenguaje de versos que reinventándose en cada momento parecen decirnos: ustedes son nosotros, aquí estemos cantemos la libertad. Pero eso no es todo: a Bob Kaufman es la primera vez que lo traducen al español, así que llega a México.
