

writing a SPOKEN WORD POEM

Try to think of what you want your poem to do. What is its purpose? Some things spoken word poetry can do are:

- Be controversial: such as Taylor Mali's "Totally like whatever, you know?"
- Give advice: such as Baz Luhrmann's "Everybody's Free (To Wear Sunscreen)"
- Tell a story: such as Katie Makkai's "Pretty"
- Describe something: such as Eric Darby's "Scratch and Dent Dreams" (which describes a place)
- Involve the audience: such as Joe Hernandez-Kolski's "COOL"
- Discuss poetry and inspiration: such as Gina Loring's "Somewhere There is a Poem"
- Address a societal issue: such as Mark Gonzales' "As with Most Men"

Speaking Of Poetry:

Sound Ideas B. Eugene McCarthy, Fran Quinn, 2013 Hearing and speaking are essential to making poems live Poems are a physical experience This book explains how to find your way to the heart of a poem by taking it off the page The authors have taught poetry successfully with this method for many years and now they share it beyond their own classrooms Taking poems off the page a teacher and a poet share their years of experience making poetry live Hard to believe that anyone serious about poetry either student or teacher wouldn't want to own this book Reading *Sound Ideas* is like being in a class with the best poet and teacher of your life McCarthy and Quinn are those poet teachers each having fallen in love with poetry each having given over their lives to its beauty and power And this book is that classroom one which comes alive with force and pleasure with their shared belief that poetry itself comes truly alive when one speaks and hears it when it enters the consciousness through that breath and release when it has the power to change lives This book offers something new and necessary in the study of poetry John Hogden Poetry weds the body to the soul and *Sound Ideas* is a superb introduction to the manifold ways in which poets touch us to the core of our being This should be required reading for anyone interested in poetry particularly for those who hope to make poems themselves A brilliant book Christopher Merrill *The Speaking of Poetry* Wallace Bertram Nichols, 1949 *Outspoken!* Sara Holbrook, Michael Salinger, 2006 In *Outspoken* poet educators Sara Holbrook and Michael Salinger take you through the process of developing implementing and assessing poetry performance and beyond Beginning with ideas for encouraging even the most reluctant students to speak clearly and write from the heart this handbook uses familiar workshop structures to guide young poets toward vibrant completed pieces and an exciting dynamic delivery **Poetry Review** Stephen Phillips, Galloway Kyle, 1927 **Speaking poetry** Geoffrey H. Crump, 1976 *Psyche*, 1924 *Twentieth-Century French Poetry* Hugues Azérad, Peter Collier, 2010-05-20 Modern French poetry is unique in the boldness and creativity of its experiments in form and genre from classical verse to vers libre from calligrammes to prose poems and po sie sonore This anthology includes 32 poems by French and francophone poets each followed by an accessibly written detailed commentary The different approaches adopted in the close readings by specialists in their field reflect the major trends in current literary criticism and theory A foreword by one of France's foremost poets Yves Bonnefoy a general introduction and an afterword provide a helpful theoretical framework for the study of modern poetry An extensive bibliography concise biographies of the poets and a glossary of literary terms are included Students of French and of comparative literature will gain a deeper understanding of the development of French verse and of the artistic movements especially in the visual arts which have shaped twentieth century French poetry *Poetry and the 3-11 Curriculum* Virginia Bower, 2022-11-01 Poetry can enable learners to engage learn and have fun whatever their cognitive linguistic or social levels and this book provides a great many examples of how this might be achieved This exciting and innovative text provides a wide range of ideas for using poetry to enhance the early years and primary curricula and

therefore the learning experience of all children Each chapter contains ideas for pedagogy and practice underpinned by research and classroom experience ensuring that practitioners will come away feeling much more confident to teach this genre and better enjoy poetry themselves Throughout there are discussions around specific pedagogies and practices relating to the use of poetry across the curriculum as well as resources including a wide range of poems from diverse countries and cultures and poems in different languages and activities which can immediately be used in the classroom Ideas are provided in terms of how poems can be employed in different subject areas to introduce or reinforce concepts engage children in more challenging concepts ensure that lessons are fun and engaging and develop children's awareness of other people and places beyond their immediate experience This book is an extremely powerful combination of informed discussion drawing on ideas from different theoretical perspectives including recent findings from neuroscience and practical suggestions for every classroom Armed with this text practitioners will not only have a very strong idea of how to use poetry to enhance their curriculum but also why this is such a compelling genre

The Poetry Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do
