Special Drug Squad:

Drug Enforcement by Police and Sheriffs' Departments, 1990 Brian Reaves, 1992 **Interdiction of Drug Trafficking in Georgia** United States. Congress. House. Select Committee on Narcotics Abuse and Control, 1980

Special Drug Squad Ivan Johnston, 1982-01-01 *Nigeria* Martin P. Mathews, 2002 Nigeria seems to be in the news all of the time for something be it regime changes co operation internal strife or oil policies The most populous country in Africa and the largest in area in the West African state Nigeria was an early twentieth century colony that became an independent nation in 1960 A country of great diversity because of the many ethnic linguistic and religious groups that live within it borders Nigeria is also a country with a long past This book brings together current issues and a detailed historical background **Suspect Citizens** Frank R. Baumgartner, Derek A. Epp, Kelsey Shoub, 2018-07-10 The costs of racially disparate patterns of police behavior are high but the crime fighting benefits are low Badfellas Paul Williams, 2011-10-27 Badfellas is the definitive account by Ireland's most respected crime writer and journalist Paul Williams of how organized crime evolved in Ireland over the past four decades Drawing on his vast inside knowledge of the criminal underworld an unparalleled range of contacts and eye witness interviews Williams provides a chilling insight into the godfathers and events that have dominated gangland since the late 1960s Until the explosion of paramilitary violence in the 1970s Ireland was a criminal backwater However petty criminals with dreams of the big time were quick to emulate the ruthless actions of the subversives Organized crime took hold in Ireland and soon armed robberies kidnappings and murder became commonplace After the introduction of heroin to Ireland by Dublin's Dunne family in the late 1970s there was no going back Badfellas traces how the hugely lucrative drug trade that then emerged led to the gang wars that have corroded communities and devastated countless lives Badfellas describes in gripping detail the shocking depths to which the mobsters have sunk Badfellas is essential reading for anyone who cares about keeping communities safe **Rotten to its Core** Stephen Hayes, 2023-08-03 Fearlessly whistleblowing shining a spotlight on the Police and the embedded rotten culture of dishonesty wanton misogyny statistical fabrication and evidence corruption The author an ex Manchester police officer has chosen to highlight the Greater Manchester Police said to have lost its moral compass by an ex Detective Superintendent and is Rotten to its Core by a leading Kings Council This book is a contextual hard hitting factual expose of alleged police leadership with a continual backdrop of corruption evidence fabrication lies and training failures during a lengthy period of service of seven naively selected Chief Constables of Greater Manchester Police All successively defending the indefensible in their own style but growing to mammoth proportions and yet still unrecognized by choice at Government levels The accepted status quo amongst Chief Constables and Senior Officers continued to promote the lies fabrication of statistics and evidence All whilst wallowing in the cesspit of corruption built over many years with a blas acceptance of being untouchable and if at all investigated internally by similar perpetrators The National Media whilst dutifully reporting recent popular prosecutions of

lowly Constables at the pointed end for a wide variety of hitherto ignored and accepted criminal practices does not recognize the historical basis. The fact that the current higher ranks proclaiming disgust were once lowly constables indulging in what was always accepted practices and now hidden from the public gaze with an air of recent successes. Short and very selective memories comes to mind.

Drugs and Policing Brian K. Payne, Randy R. Gainey, 2005. This book fills a void in the literature by examining from a scientific perspective the official police response to drugs, drug use, abuse and dealing and how the different levels of police agencies process drug cases. Current drug texts simply do not address the drug problem from a criminal justice or criminological perspective in a clear consistent fashion. At the beginning of each chapter a series of critical thinking questions is provided. Throughout each chapter a series of tables, figures and charts are used to illustrate themes considered. With these items critical thinking questions are included below each respective item. The text also makes use of Internet technology inasmuch as students are referred to recommended Internet sites throughout each chapter. Many of these Internet sites deal with pharmacological and biological aspects of drug use. Three unique pedagogical features of the book will help students learn various drug related issues. First a box insert titled *In the Streets* appears in each chapter that includes a discussion about some aspects of drug use related to the chapter's focus. A second box titled *Tabloid Justice* also appears in each chapter discussing a particular celebrity's battles with drug abuse as it was considered in the press. A third box *Drugs and Research* in each chapter highlights a specific drug study that should be of interest to students. This book will appeal to a number of criminal justice, criminology and sociology program courses on drug abuse. Professionals interested in learning more about the criminal justice response to the drug problem as well as police academies may also find the book useful.

Bureau of Justice Statistics National Update, 1991.

Fighting to Win Bob Vogel, 2001-04-23. How a lone Florida Sheriff fought the U.S. Justice Department and won. The amazing career of Bob Vogel began in the Florida Highway Patrol where he personally took over billion dollars in street value of drugs off the market in just three years. Bob tells his story about the war on drugs, the controversial practice of profiling and about his years long battle to prove that his law enforcement efforts were both lawful and prudent. His results helped stem the flow of drugs north and south up Interstate 95 for a number of years and he was featured on 60 Minutes for his remarkable record. Bob Vogel had taken the upper hand in the fight against drugs. Word in the drug trade spread avoid Volusia County. His office and officers received numerous citations for a job well done. What should have followed was thankful support from the local media, the state of Florida and even the U.S. Justice Department. Despite full clearance by two separate FBI investigations and a Governor's Panel and further vindication from a judge who tossed out a class action lawsuit for lack of evidence, two Department of Justice attorneys spent more than two years investigating Sheriff Vogel and his office at a cost of millions to taxpayers. *Fighting to Win* is Bob Vogel's own story of his nightmarish odyssey against forces he never dreamed he'd have to battle. But as he will tell you throughout this compelling chronicle of his career, when you have right on your side, you will ultimately triumph.
