Spectacle Of Worship In A Wired World:

The Spectacle of Worship in a Wired World Tex Sample, 1998 Discusses how our current electronic culture differs from the post World War II generation and as a result involves different ways of experiencing and knowing the world Relating this phenomena to worship practices the author proposes that the older generation needs to understand what electronic culture consists of and incorporate it into the church s worship Includes chapter notes and an index The McDonaldization of the Church John William Drane, 2002-02 A theology which comes pre packaged and in which there are no loose ends is not true to life nor can it adequately reflect the richness of the Gospel Why are churches struggling to maintain credibility in a culture in which there are more spiritual seekers than at any time in living memory John Drane believes that churches have become stereotyped structures offering uninventive formulaic worship to a dwindling minority But there are exciting opportunities for growth he argues if only churches will rediscover their own creativity and flexibility If only they will offer something more nourishing for post modern spiritual appetites than the equivalent of fast food *On Mission with Jesus* Graham Cray, 2024-01-22 January 2024 marks the 20th anniversary of the start of the Fresh Expressions movement which spread internationally and denominationally from its origins in the Church of England Graham Cray was its first National Leader Countless new forms of church have emerged through Fresh Expressions the Church Army New Wine and various pioneer network On Mission with Jesus offers a theological understanding of the missional nature of the church which will undergird and inform local practice and assist ministerial and pioneer training Its central argument is that the Church s inherited understanding of itself imprisons the imagination of local congregations and in ten chapters Graham Cray seeks to establish a new self understanding for local congregations 1 Updating Default Settings 2 Sharing in the Mission of God 3 Making Disciples 4 Following the Spirit 5 Shaping the Church 6 Anticipating the Future 7 Joining the family Business 8 Being a Pilgrim People 9 Recognising Jesus in the Church 10 Becoming a Jesus on Mission Shaped Church Beyond Cutting Edge? Paul C. Heidebrecht, 2014-03-10 A quick scan of any newsstand is enough to confirm the widespread preoccupation with technological change As a myriad of articles and advertisements demonstrate not only are we preoccupied with technology but we are bombarded with numerous reminders that the cutting edge is in constant motion Most often the underlying assumption of Christians is that we have no choice but to find ways to cope with the latest and greatest Indeed it is often assumed that the church has no choice but to find ways to cope with its new technological context This book does not make the same assumptions Building on the work of Mennonite theologian John Howard Yoder it argues that the practices of the church make it possible for Christians to conscientiously engage technology This happens when we recognize that marks of the church such as patience vulnerability and servanthood can put technological ideals such as speed control and efficiency in their proper place In the course of grappling with three examples of morally formative technologies automobiles genetically modified food and the Internet this book goes beyond Yoder s thought by emphasizing that the church also plays a

crucial role in our moral formation **Literary Encounters with the Reign of God** Sharon H. Ringe, H.C. Paul Kim, 2004-02-03 Recognized scholars honor Robert Tannehill in this Festschrift [Making Sense of Generation Y](#) Sara Savage, 2014-12-01 For Generation Y born after 1982 relationships happen over the Internet and music marks their territory How does this generation think about the world What does their spirituality look like And what implications does this have for the Church This book addresses the need for the Church to reconnect and communicate with young people [Blue Collar Resistance and the Politics of Jesus](#) Prof. Tex Sample, 2006-09-01 To be faithful to the gospel all ministry must be indigenous it must participate in the distinctive practices and perspectives of the people among whom ministry is taking place Because our society tends to ignore or deny the reality of class divisions and prejudice too many congregational leaders know too little about the world of working class whites Continuing his groundbreaking work on class and American religion Sample opens up the lives and lifestyles of working class whites in order to engage with them in authentic and transformational ministry From the Circuit Rider review Tex Sample has written one of the most fun books to read on ministry that you will ever come across Weaving philosophy theology country western lyrics and stories throughout the book Sample at once delights and provokes us to think about the way in which we live out church in this day and age Click here to read the whole review

[The Annunciation](#) Larry Hart, 2017-03-10 The Annunciation is an in depth look at how the Christian message can be communicated in a way that is comprehensible to the postmodern world and yet remain within the classical faith **Making Sense of Generation Y** Sara B. Savage, Sylvia Collins-Mayo, Bob Mayo, 2011-01-25 For Generation Y born after 1982 relationships happen over the Internet and music marks their territory How does this generation think about the world What does their spirituality look like And what implications does this have for the Church This book addresses the need for the Church to reconnect and communicate with young people [Silver Screen, Sacred Story](#) Michael G. Bausch, 2002-12-31 Our culture has undergone a major shift younger generations have less and less interest in the printed word as they become predominantly image oriented In response as congregations increasingly learn to be more sophisticated in using newer electronic technologies they are finding themselves at different places in the quest to understand acquire manage and benefit from the technology boom Worship leaders in congregations already using some electronic media are realizing that they could be doing more with it and are seeking new ideas Congregational leaders scrambling to catch up with a worship committee that has decided it s time for a change aren t sure of the next steps Or maybe there s been a gift to the congregation to be spent on electronics and no one is quite sure how best to use the money Michael Bausch s book grows out of several years of conversation personal experimentation and experience with multimedia worship in one modest sized small town church while also drawing on the experiences and work of other churches learning to use electronic media in worship Bausch balances concern for practical issues such as finances and architecture with attention to theological integrity and the challenges of sustaining media enhanced worship He skillfully shows how the artistic resources of the world around us can

enhance our awareness of God's presence in worship
