interrogation of our ethical and political responsibilities toward other animals fissures within the academy deepen as the interest in animal ethics and politics proliferates. Although ideological fault lines have inspired important debates about how to address the very material concerns informing these theoretical discussions, *Animal Subjects 2.0* brings together divergent voices to suggest how to foster richer human-animal relations and to cultivate new ways of thinking and being with the rest of animalkind. This collection demonstrates that appreciation of difference, not just similarity, is necessary for a more inclusive and compassionate world. Linking issues of gender, disability, culture, race, and sexuality into species, *Animal Subjects 2.0* maps vibrant developments in the emergent fields of critical animal studies and posthumanist thought. **The Laser Video Disc Companion**

Douglas Pratt, 1995 **Arts Marketing** Finola Kerrigan, Peter Fraser, Mustafa Ozbilgin, 2007-03-30 Arts Marketing focuses on a variety of sectors within the arts and addresses the way in which marketing principles are applied within these, outlining both the similarities and the differences that occur. Relating policy to practice, this contributed text demonstrates the most effective means of marketing in specific areas of the arts, with each chapter having been written by a specialist in the field. Although primarily focusing on the UK market, the subject has global relevance and appeal, and policy is evaluated on national, European, and supranational levels. Specialist topics dealt with range from the marketing of the theatre, opera, and museums through to the film industry and popular music. **Video Source Book**, 2006 A guide to programs currently available on video in the areas of movies, entertainment, general interest, education, sports, recreation, fine arts, health, science, business, industry, children, juvenile, how-to, instruction. **The Media Swirl** Carol Vernallis, 2023-02-20 From fan-generated content on TikTok to music videos, the contemporary media landscape is becoming ever more vast, spectacular, and intense. In *The Media Swirl*, Carol Vernallis examines short-form audiovisual media: Beyoncé's *Lemonade*, brief sequences from Baz Luhrmann's *The Great Gatsby*, TikTok challenges, YouTube mashups, commercials, and many other examples to offer ways of understanding digital media. She analyzes music videos by Beyoncé, Lady Gaga, Janelle Monáe, Kendrick Lamar, Anderson .Paak, and others to outline how sound and image enhance each other and shape a viewer's mood. Responding to today's political media landscape through discussions of Fox News and Presidential inaugurations, Vernallis shows how a media literacy that exceeds newscasts and campaign advertising is central to engaging with the democratic commons. Forays into industry, studies, neuroscience, and ethics also inform her readings. By creating our own content and knowing what corporations, the wealthy, and the government do through media, Vernallis contends, we can create a more just world.

EcCentric Visions Gaile McGregor, 2006-01-01 What this book represents is quite literally a slice of white Australian life. By noting the patterns and parallels that emerge in a random sampling of social phenomena of widely varying types, from soap operas to political behaviour, Gaile McGregor has constructed a model that, in its challenge to uniformitarianism, is a test case in ethnographic theory. Using methods ranging from the hermeneutic through the structuralist to the psychoanalytic, McGregor deploys the self-evidence of communal life and language to establish not only that all cultural phenomena are

patterned but that this patterning is unique to and consistent across the entire system Further it not only influences but constrains the way the Australian conceptualizes codifies and expresses his her existential position Hence the Australian predilection for icons of intermediacy the verandah in architecture the bush in literature the beach in folk culture the middle ground in landscape painting the pub in everyday life This identification with buffer zones between inside and outside not only mimics the Australian s real bracketing between desert and ocean but embodies his her sense of disablement vis vis both culture and nature art and techne super ego and id all of which are coded as feminine **Multi Media Reviews Index**,1987 **Nothin' But a Good Time** Justin Quirk,2020-09-03 From 1983 until 1991 Glam Metal was the sound of American culture Big hair massive amplifiers drugs alcohol piles of money and life threatening pyrotechnics This was the world stalked by Bon Jovi Kiss W A S P Skid Row Dokken Motley Crue Cinderella Ratt and many more Armed with hairspray spandex and strangely shaped guitars they marked the last great era of supersize bands Where did Glam Metal come from How did it spread What killed it off And why does nobody admit to having been a Glam Metaller anymore Field & Stream ,2000-07 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations
