Spectrum Of Love:

Spectrum of Love Walter Rinder, 1984-04 Kindergarten Review , 1907 **Christian Healing** Charles Fillmore, 1919
Christian Healing Charles Filimore, 1926 *A College of Colleges* T. J. Shanks, 1887 The Summer School for College Students held at Northfield Massachusetts from June 30 to July 12 1887 was an occasion in many respects without precedent During the twelve days of its continuance at least four hours each day were spent in listening to addresses and discussions of signal value In the arrangement of the sequence of chapters the topic of the addresses have determined their position First appear those which are introductory and apologetic next follow several which illustrate methods of Bible study and expound great Scriptural truths and the collection closes with a series of stimulating and intense practical deliverances recitals exhortations and discussions Preface **The Library of Oratory** Chauncey Mitchell Depew, Nathan Haskell Dole, Caroline Ticknor, Thomas Charles Quinn, 1902 Love: the Supreme Gift Henry Drummond, 1890 *The Treasury; a Magazine of Religious and Current Thought for Pastor and People* , 1891 **Freedom All The Way Up** Christian J. Barrigar, 2017-05-19
Freedom All The Way Up proposes four intertwined elements that make up the meaning of life self worth purpose identity and hope Materialism atheism claim the universe has no meaning so there is no larger purposeful story into which we can place ourselves we are left on our own to construct meaning for our lives Barrigar argues though that the universe possess God s meaning and purpose to provide the space and conditions by which to bring about the existence of agape capable beings in agape loving relationships with God and with others In effect the universe is a great freedom system designed by God with freedom built in all the way up from the Big Bang to the emergence of big brains and free will Barrigar describes the emergence of this system through his novel agape probability account of God s design for the universe which integrates such disciplines as quantum physics statistical mechanics probability theory evolutionary psychology neuroscience and game theory This system sets up the conditions for a fundamental choice between autonomous freedom which focuses principally on self and agapic freedom which focuses principally on God and on others Materialism chooses autonomous freedom but thereby introduces nihilism into each of the elements of meaning In turns out that nihilism is a much greater problem for Materialism than suffering is for Theism In contrast agapic freedom infuses self worth purpose identity and hope with God s agape love dispelling Materialism s inherent nihilism Freedom All The Way Up provides a dramatic new proposal for God and the meaning of life in our scientific and humanist age **The Greatest Thing in the World** Henry Drummond, 1891
