Speech Play and Verbal Art Joel Sherzer, 2010-01-01 Puns jokes proverbs riddles play languages verbal dueling parallelism metaphor grammatical stretching and manipulation in poetry and song people around the world enjoy these forms of speech play and verbal artistry which form an intrinsic part of the fabric of their lives Verbal playfulness is not a frivolous pursuit Often indicative of people's deepest values and worldview speech play is a significant site of intersection among language culture society and individual expression In this book Joel Sherzer examines many kinds of speech play from places as diverse as the United States France Italy Bali and Latin America to offer the first full scale study of speech play and verbal art He brings together various speech play forms and processes and shows what they have in common and how they overlap He also demonstrates that speech play explores and indeed flirts with the boundaries of the socially culturally and linguistically possible and appropriate thus making it relevant for anthropological and linguistic theory and practice as well as for folklore and literary criticism *Speech Play and Verbal Art* Jamel Malik Shakir, 2006 [The Teaching of Anthropology](#) David Goodman Mandelbaum, 1963 General material non Aboriginal **The Teaching of Anthropology, Abridged Edition** David G. Slang Michael Adams, 2012-09-01 *Slang* writes Michael Adams is poetry on the down low and sometimes lowdown poetry on the down low but rarely if ever merely lowdown It is the poetry of everyday speech the people's poetry and it deserves attention as language playing on the cusp of art In *Slang The People's Poetry* Adams covers this perennially interesting subject in a serious but highly engaging way illuminating the fundamental question What is Slang and defending slang and all forms of nonstandard English as integral parts of the American language Why is an expression like bed head lost in a lexical limbo found neither in slang nor standard dictionaries Why are snow boarding terms such as fakie goofy foot ollie and nollie not considered slang As he addresses these and other lexical curiosities Adams reveals that slang is used in part to define groups distinguishing those who are down with it from those who are out of it Slang is also a rebellion against the mainstream It often irritates those who color within the lines indeed slang is meant to irritate sometimes even to shock But slang is also inventive language both fun to make and fun to use

Rather than complain about slang as bad language Adams urges us to celebrate slang s playful resistance to the commonplace and to see it as the expression of an innate human capacity not only for language but for poetry
