Speedway In The Thames Valley:

Speedway in the Thames Valley Robert Bamford, Glynn Shailes, 2002 The Thames Valley region has a long and illustrious history within speedway and this volume explores the roles that the Oxford Reading and Swindon clubs have played in the evolution of the sport from the 1920s until the present day From its introduction into Britain in the 1920s speedway racing quickly developed a loyal and devoted following at times even rivalling football in its popularity Attendances of between 20 000 and 40 000 were not uncommon at the many tracks around the country and although speedway no longer enjoys those kinds of crowds a number of tracks are still thriving In this evocative and in depth account we relive the highs and lows of the three teams discover the reasons behind the name changes and club takeovers and learn about their star riders both from the past Arne Pander Bernie Leigh Bob Jones and from more recent times Leigh Adams Jan Pedersen Jason Crump

Motor Field ,1911 **The Pie At Night** Stuart Maconie, 2015-09-10 Factory mine and mill Industry toil and grime Its manufacturing roots mean we still see the North of England as a hardworking place But more than possibly anywhere else the North has always known how to get dressed up take itself out on the town and have a good time After all working and playing hard is its specialty and Stuart Maconie is in search of what exactly this entails what it tells us about the North today Following tip offs and rumour Stuart takes trip to forgotten corners and locals haunts From the tapas bars of Halifax to the caravan parks of Berwick Upon Tweed from a Westhoughton bowling green to Manchester s curry mile via dog tracks and art galleries dance floors and high fells Stuart compares the new and old North with some surprising results The Pie at Night could be seen as a companion to the bestselling Pies and Prejudice but it is not a sequel After all this is a new decade and the North is changing faster than ever This is a revealing and digressive journey and a State of the North address delivered from barstool terrace dress circle and hillside

The Publishers' Circular and Booksellers' Record ,1924 **Grounded** Adrian Wicks, 2017-10-30 In 1989 British football was shaken to the core when ninety six people lost their lives in the Hillsborough disaster This combined with the Bradford City fire four years earlier enforced wholesale changes within stadiumssome clubs electing to move lock stock and barrel to brand new arenas Grounded is a unique memoir of the authors visits to these grounds done in sequential order from Scunthorpe in 1988 right through to West Ham in 2016 each chapter correlating with trips to their former domiciles and summarized with his opinion on their comparativesnot as obvious as may appear In the process he details what he finds there how the journeys didnt necessarily go according to plan and the friends he made and in one instance lost whilst indulging in his favorite pastimea hobby an addiction or merely a candidate for the lunatic asylum

Read it and you can draw your own conclusions Rebellion - The Inside Story of Football's Protest Movement Dougie Brimson, 2016-09-29 One of the great joys of football fandom is that it provides the perfect opportunity to complain and make a point For example the referee was biased the overpaid strikers hopeless attendance poor the tea weak and the pies inedible That for many fans is a part of the attraction which football holds for them Yet every so often a situation will arise at a club where passive complaint is simply not enough occasions where big business or individual greed set out to exploit those who walk through the turnstiles where freedoms are curtailed or where incompetent management is ruining a proud legacy Against these indignations there comes a point when it is action and not words that are required Rebellion is about those situations Using anecdotes and interviews with the people at the heart of the movements as well as ordinary fans it examines many of the well known protests and looks at how and why certain groups of fans succeeded in their particular battle Just as importantly it also looks at why other campaigns failed and how all too often those protests simply degenerated into ugly violence hooliganism and intimidation From the stratosphere of the Premiership to the lowest reaches of the national league the author examines the greatest outcries of British football and investigates the tense and at times violent atmosphere behind each one a gripping expose of organised dissent and disorganised ruckus **Battleships, Buses and Bombers** Jim Lewis, 2009 This engaging account introduces readers to a remarkable range of transportation firsts and other related developments that occurred within the Lea Valley region of London From the Thames Ironworks which gave birth to the HMS Warrior the world's first ironclad battle cruiser to the Great Eastern Railway works where innovative engines were designed and built this study covers both the historic and modern engineering feats of the region This work also introduces readers to a fascinating series of people from pilot and aircraft manufacturer A V Roe to J A Prestwich and the development of motorcycles
