*The Multi-Orgasmic Woman* Mantak Chia, Rachel Carlton Abrams, 2006-08-08 A holistic guide to female sexuality integrates the latest in Western medical research with the wisdom of the East to explain how any woman can enhance her pleasure in lovemaking and reach her full sexual potential Reprint 20 000 first printing *Sexual Life* Stephen B. Levine, 2013-11-21 The author has written an unusually fresh work applying a biopsychosocial approach to the diagnosis and treatment of a wide range and degree of disorders The book will provide mental health professionals and graduate students with a trustworthy sophisticated introduction to sexual health and its problems *Excitable Imaginations* Kathleen Lubey, 2012-09-27 *Excitable Imaginations* offers a new approach to the history of pornography Looking beyond a counter canon of bawdy literature Kathleen Lubey identifies a vigilant attentiveness to sex across a wide spectrum of literary and philosophical texts in eighteenth century Britain Esteemed public modes of writing such as nationalist poetry moral fiction and empirical philosophy as well as scandalous and obscene writing persistently narrate erotic experiences desire voyeurism seduction orgasm The recurring turn to sexuality in literature and philosophy she argues allowed authors to recommend with great urgency how the risqu delights of reading might excite the imagination to ever greater degrees of educability on moral and aesthetic matters Moralists such as Samuel Richardson and Adam Smith like their licentious counterparts Rochester Haywood and Cleland purposefully evoke salacious fantasy so that their audiences will recognize reading as an intellectual act that is premised on visceral pleasure Eroticism in texts like *Pamela* and *Memoirs of a Woman of Pleasure* in Lubey's reading did not compete with instructive literary aims but rather was essential to the construction of the self governing Enlightenment subject *A Hypersexual Society* K. Kammeyer, 2008-11-10 As many can attest the prevalence of sexual imagery has increased in modern society over the past half century In this timely new study Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it all within a firm theoretical and sociological framework *The Male Body in Medicine and Literature* Andrew Mangham, Daniel Lea, 2018 With the dawn of modern medicine there emerged a complex range of languages and methodologies for portraying the male body as prone to illness injury and dysfunction Using a variety of historical and literary approaches this collection explores how medicine has interacted with key moments in literature and culture *Jeff Herman's Guide to Book Publishers, Editors & Literary Agents* Jeff Herman, 2003 A guide to the names and specialties of American and Canadian publishers editors and literary agents includes information on the acquisition process and on choosing literary agents **Working With Difficult Patients** Franco De Masi, 2018-05-11 In this book the author examines the series of connections that give rise to the intimate relationship between environment and individual in the construction of emotional suffering emphasising both the undisputed pathogenic action of environmental stimuli and the active participation of whoever is obliged to suffer the negative situation The author shows that the way in which one tries to escape suffering is what often seriously jeopardises growth Working with

Difficult Patients points out the intrinsic link between some forms of mental suffering and the distorted responses that the patient has received from his or her original environment For this reason the author explores the concept of the emotional trauma in particular since this trauma which occurs in the primary relationship often impels the child into relational withdrawal and towards constructing pathological structures that will accompany him or her for the rest of their life The chapters are ordered according to a scale of increasing treatment difficulty which is proportional to the potential pathogenicity of the underlying psychopathological structure Variety and Daily Variety Television Reviews, 1993-1994 Prouty,1996-10 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare s A Comedy of Errors Miola s edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play s debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on The Comedy of Errors that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time **No-Bullshit Guide to Orgasm** The Sex Collective,2024-10-15 Are you ready to discover the secrets to earth shattering toe curling orgasms that will leave you gasping for more No Bullshit Guide to Orgasm isn t just a book it s your ticket to becoming a master of your own pleasure If you re tired of faking it frustrated by the same old routines or simply craving the kind of orgasm that makes your whole body shake then this guide is exactly what you need This isn t some basic watered down manual this is the explicit no holds barred deep dive into everything you need to know to take your pleasure from ordinary to extraordinary We re breaking down the entire orgasmic experience how it builds how to intensify it and how to make every moment a rush of pure electrifying sensation It s about time you knew what your body is really capable of From mastering the magic of the clitoris to unlocking the mysteries of the G spot and prostate we reveal the techniques that will transform you into the lover you ve always wanted to be Want to feel multiple rolling orgasms that leave you trembling in bliss We ve got you covered Curious about how to use your fantasies to set your body on fire This guide will teach you how to turn your imagination into your most potent aphrodisiac Whether you re going solo or making your partner beg for more No Bullshit Guide to Orgasm shows you how to elevate every encounter Discover how to harness the powerful chemicals like dopamine and oxytocin that your brain floods your body with during climax learn to own that pleasure amplify it and use it to create the most intense sexual experiences you ve ever had It s time to unlearn the lies and myths that have held you back This guide teaches you the real raw truth about orgasms from anatomy to fantasy ensuring that every touch every thrust and every moan becomes a pathway to the deepest pleasure you ve ever felt You ll uncover the secret techniques to make your body and your partner s
