The Opponents Of Paul In Second Corinthians:

Identifying Paul's opponents Jerry L. Sumney,1990 **The Opponents of Paul in Second Corinthians** Dieter Georgi,1986 *The Opponents of Paul in Second Corinthians* Dieter Georgi,1987 **Jews, Gentiles, and the Opponents of Paul** B. J. Oropeza,2012-02-24 B J Oropeza offers the most thorough examination in recent times on the subject of apostasy in the New Testament The study examines each book of the New Testament with a fourfold approach that identifies the emerging Christian community in danger the nature of apostasy that threatens the congregations and the consequences of defection Oropeza then compares the various perspectives of the communities in Christ in order to determine the ways in which they perceived apostasy and whether defectors could be restored In this second volume of a three volume set titled *Apostasy in the New Testament Communities* Oropeza focuses on the Christ communities of the undisputed and disputed Pauline Letters **Paul And His Opponents** Stanley E. Porter,2005 Who were Paul s opponents Were they one or were they many depending upon the church concerned These questions continue to be of interest to Pauline and other New Testament scholars and are addressed in this volume of collected essays Some of the essays are on specific books such as Galatians the Corinthian letters and Romans while others treat broader issues in Paul s world **Paul, Judaism, and the Gentiles** Francis Watson,2007-09-14 This book is novel in its questioning of the adequacy of interpreting Paul from the perspective of the Reformation and in its application of sociological methods to the New Testament **Exploring Second Corinthians** B. J. Oropeza,2016-04-15 A multi faceted commentary that breathes fresh insight into Paul s letter In Second Corinthians Paul responds to reports of the Corinthian congregation questioning his competency as a divinely sent messenger Through apologetic demegoria and the use of graphic imagery related to triumphal processions siege warfare and emissary travels and negotiation Paul defends his constancy persona and speaking abilities as he extends the offer of clemency and reconciliation to his auditors Oropeza combines rhetorical pictures rhetography with interpretative layers literary features intertextuality socio cultural ideological and sacred textures to arrive at the rhetorical impact of Paul s message for ancient Mediterranean discourse Features A visual sensory and imaginative interpretation of the scripture A comprehensive commentary An avant garde approach to biblical interpretation **Identifying Paul's Opponents** Jerry L. Sumney,2015-01-29 To develop a method for identifying Paul s opponents it is first necessary to analyse procedures used by previous scholars Too little attention has been paid in the past to issues of method and many procedures have been used which violate the canons of historical research In the first place limits should be set upon the use of historical reconstructions and of external sources and the determinative source for identifying the opponents of any letter must be that letter itself Secondly a satisfactory method will analyse passages within the primary text according to the nature of the section e g polemical or didactic and the types of statements they contain e g explicit statements about opponents or allusions to them Then each combination of context and statement type is evaluated to determine 1 how certain we can be about whether the

passage refers to opponents and 2 how much distortion is likely to be present The application of the proposed method to the two letters within 2 Corinthians indicates that Paul faced the same group of opponents in both letters These opponents were pneumatics who demanded a particular manner of life as evidence that a person possesses the measure of the spirit which makes one an apostle

The Second Epistle of Paul to the Corinthians Colin G. Kruse, 1987 Kruse's work on 2 Corinthians is part of the Tyndale Bible Commentaries a popular series designed to help the general Bible reader understand clearly what the text actually says and what it means with a minimum of reliance on scholarly technicalities

Who Is "the God of This Age"? Ivor Poobalan, 2024-06-14 How we interpret the god of this age in 2 Corinthians 4:4 has significant implications for Bible translations our doctrines of God and Satan and missiology Is this about God or Satan Dr Ivor Poobalan illuminates this unique Pauline phrase through his comprehensive examination of the history of interpretation and careful exegesis rooted in the historical and literary contexts Entering into centuries of debate this work challenges the two major pillars for the Satan argument Apocalypticism and ancient Jewish views of Satan to highlight the inconsistencies that make these foundations untenable This insightful work brings a fresh voice that returns readers to an interpretation that the god of this age is the sovereign God responding to Jewish unbelief For biblical scholars translators theologians and pastors Who Is the God of This Age makes accessible previously difficult sources and opens up the implications of this interpretation
