Models of Decision-Making Paul Weirich, 2015-02-05 Classical decision theory evaluates entire worlds specified so as to include everything a decision maker cares about Thus applying decision theory requires performing computations far beyond an ordinary decision maker's ability In this book Paul Weirich explains how individuals can simplify and streamline their choices He shows how different parts of options intrinsic temporal spatiotemporal causal are separable so that we can know what difference one part makes to the value of an option regardless of what happens in the other parts He suggests that the primary value of options is found in basic intrinsic attitudes towards outcomes desires aversions or indifferences And using these two facts he argues that we need only compare small parts of

the options we face in order to make a rational decision This important book will interest readers in decision theory economics and the behavioral sciences *The Origin of the Idea of Chance in Children (Psychology Revivals)* Jean Piaget,Barbel Inhelder,2014-08-01 Although originally published in France in 1951 this English translation was not published until 1975 The book supplements the authors previous publications on the development of thought in the child and is the result of two preoccupations how thought that is in the process of formation acts to assimilate those aspects of experience that cannot be assimilated deductively for example the randomly mixed and the necessity of discovering how the mental processes work in the totality of spontaneous and experimental searchings that make up what is called the problem of induction Induction is a sifting of our experiences to determine what depends on regularity what on law and what on chance The authors examine the formation of the physical aspects of the notion of chance they study groups of random subjects and of special subjects and they analyse the development of combining operations which contributes to determining the relationship between chance probability and the operating mechanisms of the mind **Chance and Circumstance** Carolyn Brown,2009-12-23 The long awaited memoir from one of the most celebrated modern dancers of the past fifty years the story of her own remarkable career of the formative years of the Merce Cunningham Dance Company and of the two brilliant iconoclastic and forward thinking artists at its center Merce Cunningham and John Cage From its inception in the 1950s until her departure in the 1970s Carolyn Brown was a major dancer in the Cunningham company and part of the vibrant artistic community of downtown New York City out of which it grew She writes about embarking on her career with Cunningham at a time when he was a celebrated performer but a virtually unknown choreographer She describes the heady exhilaration and dire financial straits of the company s early days when composer Cage was musical director and Robert Rauschenberg designed lighting sets and costumes and of the struggle for acceptance of their controversial avant garde dance With unique insight she explores Cunningham s technique choreography and experimentation with compositional procedures influenced by Cage And she probes the personalities of these two men the reticent moody often secretive Cunningham and the effusive fun loving enthusiastic Cage Chance and Circumstance is an intimate chronicle of a crucial era in modern dance and a revelation of the intersection of the worlds of art music dance and theater that is Merce Cunningham s extraordinary hallmark *To Ask for an Equal Chance* Cheryl Lynn Greenberg,2009-08-16 The Great Depression hit Americans hard but none harder than African Americans and the working poor This brief engaging book covers the range of African Americans experiences during the 1930s Cheryl Lynn Greenberg explores employment issues the New Deal s effect on African Americans family and community changes and how the coming of war affected the population The book straddles the particular with examinations of specific communities and experiences and the general with explorations of the broader effects of racism discrimination family class and political organizing Last Chance in Manchuria: The Diary of Chang Kia-ngau ,1989 Translation based on the original handwritten diary entitled Tung pei chieh shou chiao she jih chi Includes
