William Letwin, 1975-07-08 **The Origins of Scientific Economics** Diogenes Laevtius, 1963 On the Origins of Classical Economics Tony Aspromourgos, 1995-12-07 Examines the origin and early development of the classical theory of distribution up to 1767 stressing the concept of economic surplus as a key determinant of economic phenomena

Eighteenth Century Economics Peter Groenewegen, 2002-05-30 This collection of essays amounts to the definitive guide to eighteenth century economics and is a must for any economist s bookshelves This book represents four decades of Peter Groenewegen s research of the eighteenth century The History of Economic Thought Steven G Medema, Warren J. Samuels, 2013-05-29 From the ancients to the moderns questions of economic theory and policy have been an important part of intellectual and public debate engaging the attention of some of history s greatest minds This book brings together readings from more than two thousand years of writings on economic subjects Through these selections the reader can see first hand how the great minds of past grappled with some of the central social and economic issues of their times and in the process enhanced our understanding of how economic systems function This collection of readings covers the major themes that have preoccupied economic thinkers throughout the ages including price determination and the underpinnings of the market system monetary theory and policy international trade and finance income distribution and the appropriate role for government within the economic system These ideas unfold develop and change course over time at the hands of scholars such as Aristotle St Thomas Aquinas John Locke Francois Quesnay David Hume Adam Smith Thomas Robert Malthus David Ricardo John Stuart Mill Karl Marx William Stanley Jevons Alfred Marshall Irving Fisher Thorstein Veblen John Maynard Keynes Milton Friedman and Paul Samuelson Each reading has been selected with a view to both enlightening the reader as to the major contributions of the author in question and to giving the reader a broad view of the development of economic thought and analysis over time This book will be useful for students scholars and lay people with an interest in the history of economic thought and the history of ideas generally On the History of Economic Thought A. W. Bob Coats, 2005-08-08 On the History of Economic Thought is introduced by an essay in intellectual autobiography outlining the development of Coats key ideas and the distinctive elements of his approach Two themes in particular emerge The first is the difference between British and American economics both in content and in the practice of the profession This is an important element in all areas

of his research The second theme is in the interrelationships between economic ideas events or conditions and policy issues The book concludes by offering an assessment of the current state of the discipline indicating the advantages an historian of economics can offer as a commentator on recent developments

The History of Economic Thought: A Reader Steven G Medema, Warren J. Samuels, 2004-02-24 This new reader in the history of economic thought is edited by two of the most respected figures in the field With clearly written summaries putting each selection into context this book will be of great use to students and lecturers of the history of economic thought as it goes beyond the simple reprinting of articles Selections and discussions include such thinkers as Aristotle John Locke Francois Quesnay David Hume Jean Baptiste Say Karl Marx William Stanley Jevons Irving Fisher and Thorstein Veblen The History of Economic Thought A Reader can be used as a core textbook or as a supplementary text on courses in economic thought and philosophy and will provide readers with a good foundation in the different schools of thought that run through economics

A History of Economic Thought Lionel Robbins, 2000-10-16 Lionel Robbins's now famous lectures on the history of economic thought comprise one of the greatest accounts since World War II of the evolution of economic ideas This volume represents the first time those lectures have been published Lord Robbins 1898-1984 was a remarkably accomplished thinker writer and public figure He made important contributions to economic theory methodology and policy analysis directed the economic section of Winston Churchill's War Cabinet and served as chairman of the Financial Times As a historian of economic ideas he ranks with Joseph Schumpeter and Jacob Viner as one of the foremost scholars of the century These lectures delivered at the London School of Economics between 1979 and 1981 and tape recorded by Robbins's grandson display his mastery of the intellectual history of economics his infectious enthusiasm for the subject and his eloquence and incisive wit They cover a broad chronological range beginning with Plato Aristotle and Aquinas focusing extensively on Adam Smith Thomas Malthus and the classicals and finishing with a discussion of moderns and marginalists from Marx to Alfred Marshall Robbins takes a varied and inclusive approach to intellectual history As he says in his first lecture I shall go my own sweet way sometimes talk about doctrine sometimes talk about persons sometimes talk about periods The lectures are united by Robbins's conviction that it is impossible to understand adequately contemporary institutions and social sciences without understanding the ideas behind their development Authoritative yet accessible combining the immediacy of the spoken word with Robbins's exceptional talent for clear well organized exposition this volume will be welcomed by anyone interested in the intellectual origins of the modern world
