EVERY MAN IS A STAR In search of our Mother Star: the identification of the stellar signifiers in a birth chart Giacomo Albano, 2019-06-11 The constellations and the fixed stars are the true origin and the foundation of astrology Paracelsus claimed that each of us is the manifestation of a star but by this we mean a certain cosmic principle one of the ideas this idea is also typical of a certain star but we have not derived it from the star it is only that we are related to it and therefore we attract each other Thus we understand the importance of the techniques shown in the first part of this book for identifying stellar and planetary signifiers in a birth chart We will see how to identify the constellations the fixed stars and also the planets with which the native is in particular sympathy and how to use them both in the common astrological practice both in spiritual or magical astrology In the following the book deals with the relevance of the heliacal phases in world astrology The last chapter focuses on the analysis of sympathetic attraction mechanisms between terrestrial and celestial realities

Egypt -- 'Image of Heaven' Willem H. Zytman, 2006 The ancient Egyptians were the first geographical planners to develop a system establishing an image of heaven on earth This book completes ten years of research into how

the Pyramid Field depicts The Constellation of Horus the deity who bore the meaning of power and invincibility and who guarded the Pharaoh Rather than randomly pick certain pyramids Zitman is the first scholar able to make sense of the entire era of pyramid building Is this depiction of Heaven on Earth an inheritance of the mythical Followers of Horus who were said to rule Egyptian in Predynastic times Zitman reveals how time and space were perceived by the Egyptians as sacred ingredients and that they mixed into a divine master plan which for the first time is unveiled in its entirety The precision of the Egyptians was amazing by any standards and there is no doubt that the Pyramids were astronomically designed Patrick Moore
