The Old People:

What are Old People For? William H. Thomas, 2004 Nodding to popular culture history science and literature a passionate and persuasive case is made for removing our ageist blinders and seeing old age as a developmental stage of life

The Old People A. J. Perry, 2014-06-30 Since the beginnings of darkest silence the people of a mythical island have spent their days tying the ancient knot that binds them to their ancestors To tie this knot they must dig a hole to dig a hole they first must have fire and to make a fire that is hot enough for hole digging this knot that they have been tying for countless generations must finally be tied From silence to mud to rope to knot to wood to words to fire the Old People will work to tie this knot under the cool shade of the island's original knotmaking tree Subversive in voice and style without mainstays of conventional fiction The Old People portrays the sights and sounds of a world that has been lost Using primary words as a metaphor for the island's seemingly limited yet infinitely diverse and self sustaining resources the book conveys the life rhythms of the Old People and their world the unique cadence that emerges from the ancient juxtaposition of silence then language then silence once again *An Historical Account of the Old People's Hospital, Commonly Called, the Trinity*

Hospital in Edinburgh Andrew Gairdner, 1728 **Old People in Three Industrial Societies** Ethel Shanas, Peter Townsend, Dorothy Wedderburn, Henning Kristian Friis, Poul Milhoj, Jan Stehouwer, 2017-07-12 Robert and Helen Lynd's Middletown set the format in sociological theory and practice for hundreds of studies in the decades following its publication in 1929 Old People in Three Industrial Societies may well set similar standards for studies in its field for many years to come In addition to achieving a significant breakthrough in the progress of sociological research techniques the book offers a monumental cross cultural exposition of the health family relationships and social and economic status of the aged in three countries the United States Britain and Denmark *The Family Life of Old People* Peter Townsend, 2023-07-28 First published in 1957 The Family Life of Old People opens with the question Are old people isolated from their families

Thereafter the author describes the results of intensive interviews with people of pensionable age in Bethnal Green in East London Part one shows that most people are members of closely knit extended families of three generations often living in separate households in adjoining streets The life of these families is of absorbing interest and the social structure of the home the system of family care and the domestic economic and social relationships between husbands and their wives and between old people and their children and brothers and sisters are carefully analysed Part two discusses the social problems of old age against this background This book will be of interest to students of sociology and gerontology *Reminiscence*

Work with Old People Clare Gillies, Anne James, 2013-11-11 Perhaps being old is like having lighted rooms Inside your head and people in them acting People you know but can't quite name Philip Larkin This book is about those very old people who have a great many memories but few friends left to share them with It is about valuing and using their memories to enhance the quality of their lives that is about reminiscence work Many professionals offer this help to older people including nurses

social workers occupational therapists and clinical psychologists as do families and voluntary workers Its elements can be incorporated into day to day contacts with older people or it may take place in more structured settings The transitional period from mature middle age to dependent old age is neither distinct nor precise It does not occur at an identifiable time it may be prolonged and it may not be obvious to the old people or their families Loss of autonomy the inability to cope unaided with the tasks of daily living and increasing physical and mental frailty probably signal the area of transition The diminished self confidence that some old people feel at this time may be compounded by personal loss and financial difficulties enforced changes in their lifestyles may also add to their confusion

ADJUSTMENT PERSONALITY ASPECTS OF OLD PEOPLE: A BRIEF STUDY Dr. Sunil Laxmanrao Tribhuvan,2020-10-21 Concept of Adjustment Adjustment refers to changes in our ways of behaving to meet the changing demands of our environments Obviously Adjustment can be defined as a person s interaction with his environment Each person constantly strives to meet his needs and reach his goals At the same time he is under pressure from the environment to behave in certain ways Adjustment involves the reconciliation of personal and environmental demands Interaction means mutual bearing or influence Every person is influenced by these surroundings And each has same effect on the particular environmental settings of which he is a part The relative amount of influence varies from setting to setting and from time to time within a particular setting Sometimes an individual is more influenced than influential and sometimes it is the other way around Environment refers to everything external to the person with which he is in some relation In the study of adjustment the unit of study is frequently a social group For example the individual is studied in relation to his family or to the people with whom he work

My old people say: Part 2 Catharine McClellan,2001-01-01 Long out of print My Old People Say has remained a primary resource for students of the history and culture of northwestern North America Catherine McClellan s three decades of collaboration with the Inland Tlingit Tagish and Southern Tutchone resulted in two splendid scholarly volumes that document rich and detailed memories of late nineteenth century social organization subsistence strategies and resource allocation as well as aesthetic spiritual and intellectual traditions Published in English

Old People, New Lives Jennie Keith,1982-10-15 An American anthropologist Jennie Keith went to live for twelve months in a French housing scheme for retired people and as a participant observer conducted a study in community creation This book in which she describes and analyses her experience is a delight It is scholarly and draws on a wide range of studies of similar residences and other collectives it is also vivid funny sad and entertaining Marie Borland British Journal of Social Work
