Personal writing can be risky for anyone, but for military veterans, especially those suffering from post-traumatic stress, sharing stories can trigger painful and disturbing flashbacks. Writing is also risky for the ego. It is one thing to write a military story, especially one based on authentic experiences; it is quite another to muster the courage to share that story with others for critique and feedback. Award-winning journalist and author Tracy Crow presents a roadmap for writing an authentic, persuasive military story. Drawing from her personal experiences and those of other veteran writers, and from the insights of noteworthy writing and teaching professionals, On Point is the guide. Crow wishes she'd had when she first began writing about her military experience. No previous writing guide specifically addresses the unique challenges and rewards facing soldiers who want to craft their military story with courage and candor. On Point Hena Khan, 2018-05-29 From the critically acclaimed author of Amina's Voice comes the second book in an exciting new middle grade series about a scrawny fourth grader with big dreams of basketball stardom. Now that Zayd has made the Gold Team, he's hustling hard and loving every minute of the season. But when the team starts to struggle, Zayd can't help wondering if it has something to do with him. Even worse, his best friend Adam suddenly starts acting like he doesn't care about basketball anymore, even though they are finally teammates. He stops playing basketball with Zayd at recess and starts hanging out with other kids. Then Adam up and quits the Gold Team to play football instead. While his uncle's wedding preparations turn life into a circus at home, Zayd is left on his own to figure things out. He has to decide how to still be friends with Adam and step up to fill the empty shoes he left on the court. Does Zayd have what it takes to be on point and lead his team back to victory? **On Point** Annabeth
